“Project Implementing Entity” means a legal entity (other than the Recipient or the Guarantor) which is responsible for implementing all or a part of the Project and which: (a) is a party to the Project Agreement; or (b) is not a party to the Project Agreement but is a party to an agreement (referred to in a Legal Agreement as a “Subsidiary Agreement”) whereby such party’s role in implementing the Project or any part thereof is set forth. If there is more than one such entity, “Project Implementing Entity” refers separately to each such entity. For cases where clause (b) of this definition applies: the last sentence of Section 1.01 of these General Conditions shall be disregarded; the Association’s obligation in Section 6.06(b)(ii) of these General Conditions to notify the Project Implementing Entity shall be disregarded; references to the Project Implementing Entity in Articles VIII and IX of these General Conditions shall be disregarded with the exception of the reference in Section 9.03; and, in those other Sections of these General Conditions where reference is made to a Project Implementing Entity’s obligations under the Project Agreement or under a Legal Agreement, such obligations shall be deemed to be those set forth in the respective “Subsidiary Agreement” referred to herein.
