Additional Provisions for National Competitive Bidding

For the purposes of following National Competitive Bidding procedures in the procurement of goods, work, and non-consulting services to be financed under the Loan, and to ensure broader consistency with the provisions of Section 1 of the Procurement Guidelines, the following modifications and additions shall apply:

(i) **Procedures**

The open competitive bidding method shall apply to all contracts. Invitations to bid shall be advertised in the Borrower’s Official Gazette (Narodne Novine), in at least one widely circulated national daily newspaper, or on a widely used website with free access (including the Borrower’s website), allowing a minimum of thirty (30) days for the preparation and submission of bids.

(ii) **Pre-qualification**

When pre-qualification shall be required for large or complex works, invitations to pre-qualify for bidding shall be advertised in the Borrower’s Official Gazette (Narodne Novine), in at least one widely circulated national daily newspaper, or on a widely used website with free access (including the Borrower’s website), allowing a minimum of thirty (30) days for the preparation and submission of pre-qualification applications. Minimum experience and technical and financial requirements shall be explicitly stated in the pre-qualification documents, which shall be determined by a “pass/fail” method, not through the use of a merit point system. Where pre-qualification is not used, the qualifications of the bidder who is recommended for award of contract shall be assessed by post-qualification, applying minimum experience, technical and financial requirements which shall be explicitly stated in the bidding documents.

(iii) **Participation of Government-owned Enterprises**

Government-owned enterprises located and operating on the Borrower’s territory shall be eligible to participate in bidding only if they can establish, to the Bank’s satisfaction, that they are legally and financially autonomous, operate under commercial laws and are not a dependent agency of the Borrower. Said enterprises shall be subject to the same bid and performance security requirements as other bidders.
(iv) **Bidding Documents**

The Borrower shall use appropriate bidding documents that are acceptable to the Bank.

(v) **Bid Submission, Opening and Evaluation**

(1) Bids shall be submitted in a single envelope containing the bidder’s qualification information, technical and price bids, which shall be opened simultaneously at the public bid opening.

(2) Bids shall be opened in public, immediately after the deadline for submission of bids. The name of the bidder, the total amount of each bid and any discounts offered shall be read aloud and recorded in the minutes of the public bid opening.

(3) The evaluation of bids shall be done in strict adherence to the monetarily quantifiable criteria specified in the bidding documents and a merit point system shall not be used.

(4) Extension of bid validity shall be allowed once only for not more than thirty (30) days. No further extensions should be granted without the prior approval of the Bank.

(5) Contracts shall be awarded to qualified bidders having submitted the lowest evaluated substantially responsive bid.

(6) No preference shall apply under National Competitive Bidding.

(vi) **Rejection of All Bids**

All bids shall not be rejected and new bids solicited without the Bank’s prior written concurrence.

(vii) **Price Adjustment**

Civil works contracts of long duration (e.g., more than eighteen (18) months) shall contain an appropriate price adjustment clause.

(viii) **Securities**

Bid securities shall not exceed two percent (2%) of the estimated cost of the contract and performance securities not more than ten percent (10%). No advance payments shall be made to contractors without a suitable advance payment security. The
wording of all such securities shall be included into the bidding documents and shall be acceptable to the Bank.

(ix) **Right to inspect and audit**

Each bidding document and contract financed from the proceeds of the Loan shall provide that the bidders, suppliers and contractors, and their subcontractors, agents, personnel, consultants, service providers, or suppliers, shall permit the Bank, at its request, to inspect all accounts, records, and other documents relating to the submission of bids and contract performance, and to have them audited by auditors appointed by the Bank. Acts intended to materially impede the exercise of the Bank’s inspection and audit rights provided for in the Procurement Guidelines constitute an obstructive practice as defined in the Procurement Guidelines.

(x) **Fraud & Corruption**

Any bidding document and contract deemed acceptable by the Bank shall include provisions stating the Bank’s policy to sanction firms or individuals, found to have engaged in fraudulent, corrupt, collusive, coercive, and obstructive practices as defined in the Procurement Guidelines.

4. Notwithstanding the provisions of paragraphs 1 and 2 of this Schedule, upon a Currency Conversion of all or any portion of the Withdrawn Loan Balance to an Approved Currency, the amount so converted in the Approved Currency that is repayable on any Principal Payment Date occurring during the Conversion Period, shall be determined by the Bank by multiplying such amount in its currency of denomination immediately prior to the Conversion by either: (i) the exchange rate that reflects the amounts of principal in the Approved Currency payable by the Bank under the Currency Hedge Transaction relating to the Conversion; or (ii) if the Bank so determines in accordance with the Conversion Guidelines, the exchange rate component of the Screen Rate.
