B. OBJECTIVES OF THE CONSULTATION:

The Public Consultation on IPAC’s Environment and Social Management Framework (ESMF) aims to:

1. Inform the participants on the concept and design of IPAC Project;

2. Promote better understanding by the project stakeholders of the Environment and Social Management Framework as a tool to address and mitigate adverse environmental and social impacts that will be potentially generated by the project;

3. Discuss with the participants the methodology, procedures and guidelines involved in the screening for Environmental Impact Assessment, Land Acquisition Process, IP Engagement Documentation and Approval Process, Involuntary Resettlement, and Gender Development as embodied in the ESMF Framework;

4. Elicit and document the stakeholders’ comments and recommendations on how to improve the ESMF design, implementing guidelines and mechanisms, institutional arrangements; and requirements for sub-projects approval and funding under IPAC; and
5. Elicit stakeholders’ support for the ESMF Framework and the IPAC Project.

C. Highlights of Discussions

1. The Public Consultation on the Environment and Social Management Framework (ESMF) started with the presentation of Director Celerina G. Afable of Project Management Service (PMS,DAR) on the Inclusive Partnerships for Agricultural Competitiveness (IPAC) Project. The Peoples Organizations (POs), DAR officials and staff & the WB Procurement Officer attended the presentation and later separated from the group for the dialogue on procurement.

2. The presentation on the IPAC Project was followed by the discussion on the ESMF. The participants were later grouped into three (3): i) the Indigenous Peoples group; ii) the women and NGOs; iii) Line Agencies and Local Government Units (LAs/LGUs)

**D. Assessment and Conclusion**

1. The Public Consultation was well attended as all the invited participants/sectors were present and actively participated in the workshop/discussion group.

2. The IPAC Project design, its coverage and components were understood by the participants. The women and the Indigenous Peoples are particularly interested in the possible projects under the Matching Grant Program. The IPs stressed their desire that the IP organizations be included in the project document and not just Farmers Organizations or FOs.

3. The IPs appreciated that they are consulted and informed of the IPAC Project’s Environment and Social Safeguards Framework. The NCIP Region XI representative expressed her appreciation of the DAR’s practice of involving/coordinating with them in DAR projects involving IPs. She however, expressed the need to provide the necessary budgetary support in the conduct of FPIC-related activities.

4. Overall, the purpose of the consultation was attained having informed the participants about the IPAC Project, the Environment and Social Management Framework, the methodology, procedures and guidelines involved in the screening for Environmental Impact Assessment, Land Acquisition Process, IP Engagement Documentation and Approval Process, Involuntary Resettlement, the Gender Development as embodied in the ESMF. The stakeholders were able to put forward their comments and recommendations on how to improve the ESMF design, implementing guidelines and mechanisms, institutional arrangements and requirements for sub-projects approval and funding under IPAC. The stakeholders expressed their support for the ESMF Framework and the IPAC Project.
5. The comments and suggestions generated in the small group discussions will be considered in the finalization of the ESMF, as noted in the suggestions in the above table.

6. Once the ESMF is finalized and approved, the said document will be posted in the DAR and WB web sites and hard copies will be provided to the concerned Local Government Units for posting and library reference.

IP Engagement Protocol

• Preliminary Screening through http://202.57.46.66/adis/Public/Default.aspx

• Use IPRA and FPIC procedures, and OP 4.10

• Principles:
  – Respect for the Rights of IPs to own and control their resources and culture.
  – Communication and consultation for consent,
  – IP participation in Project Development cycle
  – Benefit sharing
  – As much as possible, coordinate with NCIP
Gender Development

• To ensure equality in benefits between gender as they participate in agribusiness and rural enterprise development, credit and microfinance, market matching and investment linkaging and training programs.

• Promote knowledge of gender mainstreaming by providing orientation on the concepts and tools of Gender and Development such as Gender Sensitivity Training (GST) using Gender-Based Effectivity Skills Training (G-BEST) and other tools developed by DAR.
Grievance and Redress Mechanism

• Step 1: Complainants present their concern to their Barangay Chairman
• Step 2: If not resolved satisfactorily in 15 days, then concern is elevated to the MPDO
• Step 3: If not resolved satisfactorily in 15 days, then concern is elevated to the PDO
• Step 4: If not resolved satisfactorily in 30 days, then concern is elevated to the IPAC PMO (GRM officer is Charie Regalado – email address: charie9950@gmail.com; office address: PMS, Dept. of Agrarian Reform, Elliptical Road, Diliman, Quezon City; Telephone No.: 426-74-96; CP no. 0918 900 5070)
• Will be part of Progress Reports to WB and TWG
Institutional Arrangement

• DAR – overall administration of the IPAC
• MLGUs design and implementation of small infrastructure facilities such as storage and drying facilities, multi-purpose buildings and potable water supply. As proponent of subprojects for IPAC Project funding, the LGU will be responsible in securing safeguards requirements.
• DENR – review and approval of EIS, issuance of ECC/CNC, monitors EMP
• NCIP – address issues and concern of IPs, issuance of CNO/CP, facilitates formulation of IPP from MOAs w/IPs
• DTI – major implementing agency for launching market fora, drawing private sector participation, matching FOs to market and buyers, evaluating proposals and technical assistance in the implementation of productive partnerships.
• DA – responsible for agricultural extension component specifically in the diffusion of proven and tested production technologies and farming systems
• DOST – provide technical assistance in technology training for FOs engaged in processing.
• DPWH – design and implementation of farm-to-market roads and bridges.
• NIA – design and implementation of communal irrigation
Public Consultation and Disclosure

1. All safeguards instrument including this ESMF should undergo consultation in easily accessible locations.
2. Disclosure thru DAR website and WB, hard copies in libraries of the particular LGU of a subproject.
