WHEREAS, this Financial Procedures Arrangement is entered into by the International Monetary Fund (the "ISA") and the International Bank for Reconstruction and Development, as Trustee (the "World Bank," and together with the ISA, the "Parties") for the purpose of transferring funds from the Trust Fund, MTO 069024, for the Transition Fund, and for which capitalized terms used herein are used as defined in the Glossary in the Operations Manual;

WHEREAS, the governance structure and operating principles, guidelines and procedures for the day-to-day operations of the Transition Fund are set forth in the Operations Manual;

WHEREAS, the ISA is eligible under the Operations Manual to enter into this Financial Procedures Arrangement for purposes of receiving funds from the Trust Fund as an Implementation Support Agency; and

WHEREAS, the ISA intends to operate under this Financial Procedures Agreement by carrying out ISA-Execution of Projects or components thereof;

NOW THEREFORE, the Parties hereby reach the following understandings:

1. Trustee Commitment of Funds

1.1 The ISA will operate hereunder or by through ISA-Execution of Projects or components thereof.

1.2 Unless the Trustee and the ISA have reached a different understanding, the following procedures will apply to the commitment of funds from the Trust Fund by the Trustee to the ISA.

1.3 Subject to the availability of funds from cash and promissory notes net of any funds already allocated and not yet disbursed, as determined by the Trustee, in the Trust Fund, and upon notification by the Coordination Unit of amounts approved by the Steering Committee for a Project for which the ISA has been designated, the Trustee will commit funds for such amounts to the ISA and notify the ISA thereof on a periodic basis in a manner accepted by the ISA and the Trustee.

1.4 The amount of the funds from the Trust Fund (excluding ISA Indirect Costs) committed by the Trustee to the ISA may be cancelled in whole or in part on the basis of a notification by the ISA to the Trustee under Section 6.3 with respect to funds the ISA has determined it will not disburse or use. Upon notification by the ISA of such amount, the Trustee will cancel the commitment for the relevant amount of funds and inform the ISA thereof in a manner accepted by between the ISA and the Trustee.

2. Trustee Transfer of Funds

2.1 Unless the Trustee and the ISA have reached a different understanding, the following procedures will apply to the transfer of funds from the Trust Fund by the Trustee to the ISA for each Project, including related ISA Indirect Costs.

2.2 After funds for a Project have been committed by the Trustee pursuant to Section 1.3, and after such Project has been approved by the ISA in accordance with its applicable policies and procedures, the ISA may request a transfer of funds for such Project in accordance with Section 2.3.

2.3 The ISA’s request for funds will occur every six months (or such other frequency as the ISA and the Trustee may accept) and will be made as an aggregate amount with respect to any funds needed during the next period for all Projects for which it is the designated ISA. To receive funds from the Trust Fund, the ISA will submit to the Trustee, by email or as otherwise accepted by the Trustee, a Cash Transfer Request substantially in the form of Annex 1 attached hereto, signed by a duly authorized officer, indicating:

(i) in Part A. (a) the Project’s cash requirements for all Projects (excluding ISA Indirect Costs) for which the ISA has been designated for the next period; (b) a statement of its Net Cash Position as of the date of the request; and (c) the amount of cash requested to be transferred, which will be (a) minus (b);

(ii) in Part B. ISA Indirect Costs;

provided that the total amount in the Cash Transfer Request will not exceed the Committed Amount minus amounts transferred to the ISA to date. Neither the Steering Committee nor any individual Donor, the Trustee or Coordination Unit will be obligated to reimburse the ISA for any costs incurred in excess of the Committed Amount, nor will the ISA be obligated to incur costs for a Project in excess of the Committed Amount, unless and until such amount will have been increased through a corresponding amendment approved by the Steering Committee.

2.4 Following receipt by the Trustee of a satisfactorily completed Cash Transfer Request and satisfactory verification by the Trustee that the total amount of cash requested does not exceed the Committed Amount minus amounts transferred to the ISA to date, and subject to the availability of funds in the Trust Fund as determined by the Trustee, the Trustee will transfer funds to the ISA Account in the amounts requested under (i) and (ii) in Section 2.3. The Trustee is not expected to verify any other aspect of a Cash Transfer Request, including depository information.

3. ISA Account

3.1 The ISA will keep the ISA Funds in the ISA Account pending their use for the purposes approved by the Steering Committee. The ISA will maintain separate records and ledger accounts in respect of the ISA Funds.

3.2 Subject to the terms of this Financial Procedures Arrangement, the ISA will invest all ISA Funds in the ISA Account in accordance with the ISA’s applicable policies and procedures concerning the investment of funds. The ISA will maintain a record of any income from such investments and report it to the Trustee under Section 6.3. The ISA will return such income to the Trustee as requested by the Trustee for deposit in the Trust Fund. The ISA will not be entitled to receive any additional funding from the Trust Fund to compensate for any investment losses incurred by the ISA.

---

1 For purposes of this Arrangement and as a reference point for the ISA, this is the ISA’s Framework Administered Account for Selected Fund Activities - World Bank Subaccount for Selected Fund Activities.
3.3 The ISA may convert ISA Funds into other currencies to facilitate their administration, but will not be entitled to receive any additional funding from the Trust Fund if ISA Funds prove insufficient to complete the relevant Project as a result of exchange rate fluctuations.

3.4 For the avoidance of doubt, the ISA may treat any ISA Indirect Costs, which are not part of the ISA Funds, received from the Trustee in connection with a Project as its own funds without needing to separately account for them or report on their use. Once received, they may be retained regardless of the status or progress of the Project.

4. Use of ISA Funds

4.1 The ISA will disburse and use ISA Funds in accordance with the ISA’s applicable policies and procedures for purposes approved by the Steering Committee and in accordance with the Operations Manual. In case of a direct conflict between the terms of the Operations Manual and any specific requirements under the ISA’s applicable policies and procedures, the terms of the ISA’s applicable policies and procedures will prevail.

4.2 Notwithstanding Section 4.1 and recognizing the obligations of Donors and other member countries under various United Nations Security Council Resolutions and the Donors’ intention that Funds not be used to finance terrorists or for drug trafficking purposes, the ISA

(i) undertakes to use reasonable efforts, consistent with its governing documents, policies and procedures, including those pertaining to combating financing for terrorists, and without giving rise to any additional obligations, to ensure that ISA Funds are used for their intended purposes and not diverted to terrorists or their agents; and

(ii) will apply reasonable efforts to not use ISA Funds for the purpose of any payment to persons or entities, or for the import of goods, if such payment or import, is prohibited by a decision of the United Nations Security Council taken under Chapter VII of the Charter of the United Nations, including under United Nations Security Council Resolution 1373 and related resolutions.

4.3 To the extent allowed under an ISA’s applicable policies and procedures, ISA Funds may be used to retroactively pay for expenditures under a Project that were incurred within the six (6) months prior to Steering Committee approval of such Project, up to a limit of 10% of the Project amount, unless otherwise approved by the Steering Committee.

4.4 ISA Funds that are not used will be (i) reported to the Trustee as specified in this Financial Procedures Arrangement, and (ii) reflected in relevant Net Cash Position and Cash Transfer Request amounts or returned by the ISA annually, or such other frequency as may be accepted by the ISA and the Trustee, for deposit in the Transition Fund.

4.5 The ISA will seek approval from the Steering Committee to make material revisions to a Project as specified in the Operations Manual unless otherwise specified in the Project.

---

2 For purposes of this Arrangement and as a reference point for the ISA, these are set out in the ISA’s Instrument for a Framework Administered Account for Selected Fund Activities (http://www.imf.org/external/pd/pp/eg/2009/010409.pdf).
4.6 The ISA Funds will not be charged with or used to discharge losses or liabilities arising out of the operations or other activities of the ISA for which the ISA Funds were not originally approved or committed. The ISA's ordinary capital resources or other resources of the ISA will not be charged with or used to discharge losses or liabilities arising out of operations or other activities for which the ISA Funds were originally used or committed.

5. **Standard of Care**

5.1 The ISA will exercise the same degree of care and diligence in the discharge of its functions under this Financial Procedures Arrangement as it exercises with respect to the administration and management of its own resources.

5.2 The Trustee will be responsible only for performing its functions specifically set forth in this Financial Procedures Arrangement and the Contribution Agreements and will not be subject to any other duties or responsibilities, including, without limitation, any duties or obligations that might otherwise apply to a fiduciary or a trustee under general principles of trust or fiduciary law.

5.3 After the transfer of ISA Funds, the Trustee will have no responsibility, fiduciary or otherwise, for the use of such funds or activities carried out therewith.

6. **Records and Reporting**

6.1 The ISA will maintain books, records, documents and other evidence in accordance with the ISA's usual accounting policies and procedures to substantiate the use of the ISA Funds.

6.2 Unless the Parties reach a different understanding, all financial accounts and reports related to the ISA Funds will be expressed in United States Dollars. The provision of reports by the ISA will continue until the last reports include the full period ending with the termination of this Financial Procedures Arrangement.

6.3 Within thirty (30) days after the end of each Fiscal Year, or such other frequency as accepted by the Trustee, the ISA will provide the following information to the Trustee, prepared in accordance with the ISA's applicable policies and procedure concerning accounting and reporting, substantially in the form of Annex 2 attached hereto:

   (i) an annual investment income report reporting investment income earned on the ISA Funds;

   (ii) an approvals report reporting any dates and amounts of approvals by the ISA with respect to Projects;

   (iii) a cancellations report with respect to any amounts that will not be disbursed or used by the ISA with respect to Projects under Section 1.4; and

   (iv) a Project financial closures report providing any dates on which any Projects financially closed, any final amounts that were disbursed or used, and any final amounts that remain unused, itemized by Project.

6.4 The ISA will provide financial and progress reporting in accordance with the Operations Manual.

6.5 Upon signature of this Financial Procedures Arrangement, the ISA will provide the Trustee with a list containing the names and signatures of duly authorized officers of the ISA under this Financial
Procedures Arrangement, in a format accepted by the Trustee, provided that this list will be revised as applicable over time and kept current at all times.

7. **Notices**

7.1 The offices responsible for coordination of all matters related to the implementation of this Financial Procedures Arrangement are, except as may be notified in writing to the other Contact:

For the Trustee (the “Trustee Contact”):
Director
Multilateral Trusteeship and Innovative Financing
The World Bank
1818 H Street, NW
Washington, DC 20433, U.S.A.
Tel: +1 202 458 0319
Fax: +1 202 614 0249

For the ISA (the “ISA Contact”):
Division Chief
Global Partnerships Division
Institute for Capacity Development
International Monetary Fund
Washington, D.C. 20431
U.S.A.
Tel: +1 (202) 623-8768
Fax: +1 (202) 623-7106
E-mail: globalpartnerships@imf.org

7.2 The ISA will promptly notify the Trustee, who will in turn inform the Coordination Unit and the Steering Committee Co-Chairs, at any time it becomes aware of (i) information that indicates the need for further scrutiny regarding the use of ISA Funds (including non-frivolous allegations that ISA Funds have been used for corrupt, fraudulent, collusive, obstructive or coercive practices, as such terms are interpreted by the ISA), and (ii) any conditions that interfere or threaten to interfere with any Project or with the ISA’s responsibilities under this Financial Procedures Arrangement. In addition, in the spirit of mutual cooperation, the Trustee and the ISA expect to keep each other informed in a timely manner with respect to any other matters affecting their respective obligations under this Financial Procedures Arrangement.

8. **Dispute Resolution**

8.1 The ISA and the Trustee, in coordination with the Steering Committee and the Coordination Unit, as applicable, will make every effort to settle amicably, by way of consultation and other remedies as set out below, any dispute or controversy arising out of or relating to this Financial Procedures Arrangement.

8.2 To the extent feasible, any dispute or controversy between a Donor and an ISA under this Financial Procedures Arrangement with respect to ISA Funds will, in the first instance, be resolved amicably directly between the Steering Committee and the ISA without requiring involvement of the Trustee or individual Donors. The ISA accepts that the Donors may collectively through the Steering Committee, as undertaken by one of its members specifically designated to act on the Steering Committee’s behalf for the specific purpose, address to the ISA a request to settle amicably such dispute or controversy with respect to any observance of this Financial Procedures Arrangement.
8.3 In the event a request to settle amicably a dispute or controversy is not approved by the Steering Committee under Section 8.2 in a manner satisfactory to a requesting Donor, and the requesting Donor has a statutory, regulatory or policy environment requiring such Donor’s ability to make such a request unilaterally, such Donor may address a request for amicable settlement, in accordance with the terms and in the manner provided for in this Financial Procedures Arrangement, directly to the ISA.

8.4 Each Donor will be considered an interested party under this Financial Procedures Arrangement and will have the option to address a request to the ISA to settle amicably, in accordance with the provisions and in the manner provided for in this Financial Procedures Arrangement, a dispute or controversy regarding any nonobservance by the ISA thereof, whether for itself under Section 8.3 or on behalf of the Steering Committee under Section 8.2.

9. Remedies

9.1 In performing its functions in accordance with the provisions of this Financial Procedures Arrangement, the ISA will not be liable for any loss, costs or other responsibility that may result from any act or omission on the part of the ISA other than any such loss, costs or other responsibility caused by its gross negligence or willful misconduct. Neither the Donors nor the World Bank acting as either Trustee or Coordination Unit assumes responsibility for any third party costs arising out of the use of ISA Funds or from the activities of any person or third party engaged with ISA Funds, including any costs incurred in terminating such engagement.

9.2 In the event any Donor has reason for concern that ISA Funds may not have been used in accordance with this Financial Procedures Arrangement, the Operations Manual or the relevant Project, such Donor may request the Steering Committee to seek information concerning the use of such funds from the ISA. If after reviewing any information provided by the ISA, such Donor continues to have a concern as to the manner in which such funds have been used, such Donor may, on an exceptional basis, request the Steering Committee to cause the ISA to have accounts and reports related to such funds audited by the ISA’s external auditors on terms accepted by the Steering Committee (or a designated representative thereof) and the ISA, such acceptance not to be unreasonably withheld. The costs of such audits will be borne by the concerned Donor. In the event either request is not pursued by the Steering Committee in a manner satisfactory to the Donor, and the requesting Donor has a statutory, regulatory or policy environment requiring such Donor’s ability to make such a request unilaterally, such Donor may proceed with the provisions set forth above; by, on an exceptional basis, seeking to reach an understanding with the ISA directly on the terms of an audit by the ISA’s external auditors, such agreement not to be unreasonably withheld by the ISA, at the cost of the Donor.

9.3 If an auditor’s report produced under Section 9.2 indicates that ISA Funds were not used in accordance with this Financial Procedures Arrangement, the Operations Manual or the relevant Project:

(i) due to the ISA’s actions or due to the action of a third party as a result of the ISA’s gross negligence or willful misconduct, the ISA will promptly return to the Trustee for deposit in the Transition Fund the amount of ISA Funds indicated by such report to have been misused; or

(ii) due to the action of a third party and not as a result of the ISA’s gross negligence or willful misconduct, the ISA will take the necessary actions within its control to address the matter, including, in accordance with its applicable policies and procedures, using reasonable efforts to recover from such third party the amount of ISA Funds indicated by such report to have been misused and will return any recovered ISA Funds to the Trustee for deposit in the Transition Fund, it being understood that the ISA will not be required to return any ISA Funds that are not recovered.
9.4 Without prejudice to Article 8, if the event the ISA fails to comply with Section 9.2 or 9.3 or there is no understanding about whether § 3 (i) or (ii) applies, the Steering Committee will consult with and seek the views of the ISA. If the Steering Committee determines, after consultation with the ISA, that there is a continuing failure to observe Section 9.2 or 9.3, the Steering Committee may:

(i) instruct the Trustee to suspend any further commitment and/or cash transfer of Transition Fund funds to the ISA until such time as the Steering Committee otherwise instructs, and the Trustee will observe such instructions; and or

(ii) appoint a representative from among its members to act on its behalf to address a request for the return of any misused ISA Funds to the Trustee for deposit in the Trust Fund or other behavior on the part of the ISA.

9.5 Without prejudice to Article 8, the Steering Committee will have the right to instruct the Trustee to suspend any further commitment and/or cash transfer of Transition Fund funds to the ISA until such time as the Steering Committee otherwise instructs, and the Trustee will observe such instructions, in the event the Steering Committee has determined, in consultation with the ISA, that (i) the ISA has not observed its responsibilities under this Financial Procedures Arrangement and failed to remedy such nonobservance; (ii) the ISA has engaged in corrupt, fraudulent, collusive or coercive practices in connection with the use of ISA Funds, without timely and appropriate action to address such practices when they occurred; or (iii) unforeseen or extraordinary circumstances arising or becoming known after the date of this Financial Procedures Arrangement make it improbable that the ISA can adequately pursue a Project or otherwise perform under this Financial Procedures Arrangement.

9.6 Notwithstanding any other provisions of this Financial Procedures Arrangement, the Trustee will not be obligated to comply with any individual Donor’s request to suspend the transfer of any Transition Fund funds.

9.7 With respect to Sections 9.2 and 9.3, considering that (i) the ISA carries out exclusively ISA-Execution projects and components thereof and will not provide grants and (ii) the ISA’s activities are subject to an audit consistent with the ISA’s applicable policies and procedures, any reference to “audit”, “audited” or “auditors” in Section 9.2 and 9.3 will be a reference to an independent external evaluation.

10. End Dates and Termination

10.1 It is expected that no new Projects will be approved by the Steering Committee after the End Approval Date and no new transfers to ISAs will be made from the Trust Fund after the End Transfer Date. The Trustee may transfer funds after the End Transfer Date only with the approval of the Steering Committee.

10.2 Unless otherwise accepted by the Parties, this Financial Procedures Arrangement will terminate upon the termination by the World Bank of its role as Trustee of the Trust Fund for the Transition Fund under the Contribution Arrangements. This Financial Procedures Arrangement may be terminated before such date by the ISA at any time after providing the Trustee, the Coordination Unit and the Steering Committee 90 days’ advance notice in writing.

10.3 Following termination, unless the Parties reach an understanding on another course of action, (a) the Trustee will continue to transfer ISA Funds to the ISA pursuant to Cash Transfer Requests submitted to the Trustee prior to the termination, and (b) the ISA will continue to disburse and use ISA Funds in respect of any understandings memorialized prior to the termination to the extent necessary to fulfill the
ISA's responsibilities thereunder as if there had been no termination. The ISA will return to the Trustee for deposit in the Trust Fund, on terms accepted by the Trustee, any portion of ISA Funds and investment income earned thereon remaining after all the outstanding commitments and liabilities for Projects incurred by the ISA have been satisfied.

11. **Entire Understanding**

11.1 The Trustee and the ISA may disclose this Financial Procedures Arrangement in accordance with their applicable policies on disclosure of and access to information in effect at the time of such disclosure. The Trustee may disclose any other information submitted to the Trustee by the ISA under this Financial Procedures Arrangement, except for any information that the ISA has marked as "confidential" in accordance with the ISA's policies on disclosure of and access to information. This provision will continue in full force and effect following completion of all Trust Fund transfers or termination of the Trust Fund.

11.2 ISA Funds will be handled in accordance with the terms and conditions specified (i) in this Financial Procedures Arrangement; and (ii) the Operations Manual (including the Glossary) whose terms will apply hereto. In the event of conflict, the terms of this Financial Procedures Arrangement will prevail over the Operations Manual.

11.3 This Financial Procedures Arrangement constitutes the entire understanding of the Parties with respect to its subject matter and supersedes all oral communication and prior writings with respect thereto.

11.4 This Financial Procedures Arrangement may be amended only in writing by the Parties. The Parties also acknowledge and accept that the Operations Manual may be amended by the Steering Committee according to its terms with such amendment becoming automatically applicable to this Financial Procedures Arrangement, it being understood that any such amendment will become effective without the need for further written arrangement between the Parties; provided, however, that any such amendment will not apply to Projects approved by the Steering Committee prior to the effectiveness of such amendment, unless confirmed in writing by the ISA Contact to the Trustee Contact; and provided further that any such amendment does not conflict with other terms of this Financial Procedures Arrangement and is consistent with the World Bank's Articles, policies and procedures, as determined by the World Bank, and the ISAs' applicable policies and procedures, as determined by the ISA.

11.5 This Financial Procedures Arrangement may be executed in separate counterparts, all of which taken together will constitute one and the same instrument.

11.6 Notwithstanding any other provision of this Financial Procedures Arrangement or any other document referenced in this Financial Procedures Arrangement, nothing in this Financial Procedures Arrangement will operate or be construed to constitute a waiver, renunciation or modification of any privileges, exemptions or immunities of the ISA or the World Bank under their respective constitutive documents, international conventions or any applicable law.

---

IN WITNESS WHEREOF, the Parties hereinafter acting through their duly authorized representatives, have caused this Financial Procedures Arrangement to be signed in their respective names. This Financial Procedures Arrangement will become effective as of the date of the last signature.
