1. Purpose

1.1 The purpose of the Disbursement Guidelines for Investment Project Financing (the guidelines) is to set out the World Bank's procedures and requirements for the disbursement of funds in projects. Specifically, the guidelines set out (a) the arrangements used by the World Bank to disburse funds from the Financing Account, (b) the requirements for withdrawal from the Financing Account, (c) the supporting documentation that the borrower may be required to provide to demonstrate the use of funds of the Financing Account for eligible expenditures, (d) the criteria for establishing Designated Accounts, (e) the terms and conditions applicable to any amounts transferred from the Financing Account for ineligible purposes, and (f) the disbursement consequence of refunds.

2. Disbursement Methods

2.1 The World Bank establishes disbursement arrangements for a project with the borrower, taking into consideration, among other things, the assessment of the borrower's financial management and procurement arrangements, cash flow needs of the project, and its disbursement experience with the borrower. These arrangements are stated in the Financing Agreement and additional information is provided in the Disbursement Letter.

2.2 The World Bank disburses funds from the Financing Account established under a loan, to or on the order of the borrower, using one or more of the following disbursement methods, as determined by the World Bank:

---

1 In this document the World Bank includes the International Bank for Reconstruction and Development (IBRD) and the International Development Association (IDA), whether acting on its own or in combination with others.

Financing or Bank loan includes any loan, credit, or grant made by the World Bank from its resources, from trust funds funded by other donors and administered by the World Bank, or from a combination of these.

Borrower means a borrower or recipient of a Bank loan for a project and any other entity involved in the implementation of the project financed by the Bank loan.

These guidelines apply to all Bank loans for an Investment Project Financing. They do not apply to Program-For-Results Financing and Development Policy Financing or for grants made by the Bank from trust funds funded by other donors and administered by the World Bank; exceptionally, the terms of the agreement with the donor provide for different requirements...
(a) **Reimbursement**: The World Bank may reimburse the borrower for expenditures eligible for financing pursuant to the Financing Agreement (eligible expenditures) that the borrower has prefinanced from resources.

(b) **Advance**: The World Bank may advance funds from the Financing Account into a Designated Account of the borrower to finance expenditures as they are incurred and for which supporting documentation will be provided at a later date (see section 5, Designated Accounts).

(c) **Direct Payment**: The World Bank may make payments, at the borrower’s request, directly to a third party (for example, supplier, consultant) for eligible expenditures.

(d) **Special Commitment**: The World Bank may pay amounts to a third party for eligible expenditures under special commitments entered into writing, at the borrower’s request and on terms and conditions between the World Bank and the borrower.

3. Withdrawal of Funds from the Financing Account

3.1 **Authorized Signatures**. Before funds from the Financing Account are withdrawn or committed, the authorized representative of the borrower (as designated in the Financing Agreement) must furnish to the World Bank, electronically through Client Connection (http://clientconnection.worldbank.org), or through authorized signatory designation letter, the name(s) of the official(s) authorized to sign and submit applications for withdrawal and applications for a special commitment (collectively, Applications), and (b) to receive Secure Identification Credentials from the World Bank. The borrower must notify the World Bank of any change in signature authority, either electronically in Client Connection or through an authorized signatory designation letter.

3.2 **Terms and Conditions of Use of Secure Identification Credentials (SIDC)**. By designating officials to use SIDC and by choosing to submit applications electronically, the borrower confirms its agreement to abide by the terms and conditions of use of SIDC.

3.3 **Applications**. Applications must be provided to the World Bank in such...
manner and on terms and conditions specified by the World Bank, through the Connection website at http://clientconnection.worldbank.org. The World Bank may, at its discretion, temporarily or permanently, disallow the electronic submission of applications by the borrower. The World Bank may permit the borrower to complete and submit applications manually in paper form. Paper applications forms can be found in the Connection website at http://clientconnection.worldbank.org or may be obtained from the World Bank upon request.

3.5 Minimum Value of Applications. The World Bank establishes a minimum for applications for reimbursement, direct payment, and special commitment. The Bank reserves the right not to accept applications that are below such minimum value.

3.6 Loan Disbursing Period. The World Bank processes Applications only after a Financing Agreement has been declared effective in accordance with the terms of the Financing Agreement. The expenditures for which the Applications are made must be:

(a) Paid for on or after the date of the Financing Agreement, or alternately in the case of projects that permit retroactive financing, on or after an earlier date specified in the Financing Agreement for that purpose;

(b) Incurred on or before the closing date specified or referred to in the Financing Agreement (the Closing Date), except as otherwise specified in the Financing Agreement.

3.7 The loan disbursing period ends on the final date established by the World Bank for receipt by the World Bank of applications for withdrawal and supporting documentation (the Disbursement Deadline Date). The Disbursement Deadline Date may be the same as the Closing Date, or up to four months after the Closing Date. To ensure orderly project completion and closure of the Financing Account, the World Bank will not accept applications for withdrawal or supporting documentation received after the Disbursement Deadline Date. The borrower must promptly inform the World Bank of any expected implementation delays or exceptional administrative issues before the Disbursement Deadline Date. The World Bank notifies the borrower of any exception that the World Bank may make to the Disbursement Deadline Date.

3.8 Disbursement Conditions. If the Financing Agreement contains a disbursement condition for a specific expenditure category, the World Bank will disburse from the Financing Account for that category only after the disbursement condition has been fulfilled and the World Bank has notified the borrower to that effect.
4.2 For special commitments, the commercial bank provides its confirmation to the World Bank that conditions for the release of payments committed for will have been met.

4.3 Types of Supporting Documentation. The World Bank requires either the original documents evidencing eligible expenditures (Records) or summary records of expenditure (Summary Reports) in such form and substance as the World Bank specify. Records include such documents as invoices and receipts. A Summary may be either (a) the interim unaudited financial report required under the Financing Agreement (Interim Financial Report) or (b) a statement of expenditure summary of eligible expenditures paid during a stated period (Statement of Expenditure). In all events, the borrower is responsible for retaining the original documents evidencing expenditures and making them available for audit or inspection.

4.4 The World Bank determines the types of supporting documentation borrower must provide, taking into consideration the disbursement method used; the types of supporting documentation may be the following:

(a) For applications for Reimbursement: (i) Interim Financial Reports of Expenditure, or (iii) Records

(b) For reporting on the use of Advances: (i) Interim Financial Reports of Expenditure, or (iii) Records

(c) For applications for Direct Payments: (i) Records such as supplier invoices; (ii) a bank guarantee for advance or retention payments

(d) For applications for Special Commitment: Copy of the Letter (with valid expiry date) that the commercial bank, known as the bank of issue, has issued. For payment, a SWIFT (Society for World Interbank Telecommunication) message must be sent by the commercial bank and

(e) Any other supporting documentation that the World Bank may require notice to the borrower or as specified in the Disbursement Letter.

4.5 Failure to Provide Audited Financial Statements. If the borrower fails to provide any of the audited financial statements required in accordance with, and within the time of time specified in, the Financing Agreement, the World Bank may, at its di
5.1 The borrower may open one or more designated accounts into which the Bank may, at the borrower's request, deposit amounts withdrawn from the Financing Account for the purpose of paying for eligible expenditures as they are incurred. The World Bank authorizes establishment of a Designated Account, the borrower will have adequate administrative capability, internal controls, and accounting and procedures to ensure effective use of the Designated Account.

5.2 The World Bank may decide not to permit the use of Designated Accounts for projects if the borrower has failed to refund undocumented advances in the Designated Account of any other loan to, or guaranteed by, the borrower within two months of the Disbursement Deadline Date for that loan.

5.3 **Type of Designated Account.** A Designated Account may be established in two ways – as a segregated account or pooled account as appropriate for the concerned, and as determined and notified by the World Bank:

(a) **Segregated Account.** An account of the borrower into which proceeds of the Financing Account may be deposited;

(b) **Pooled Account.** An account of the borrower into which the funds of the Financing Account and funds of other financing for the project (as borrower resources or financing by other development partners) are deposited.

5.4 **Currency of the Designated Account.** Designated Accounts must be in a currency acceptable to the World Bank. In countries that have a freely convertible currency, Designated Accounts may be held in the currency of the borrower or an convertible currency. The World Bank may also agree to local currency Designated Accounts when, among other things, the country's currency (even if not convertible) is stable and the expenditures to be financed are primarily in local currency. The borrower bears all risks associated with foreign exchange fluctuations between the currency of denomination of the loan and that of the borrower's Designated Account, and (b) the currency of denomination of the borrower's Designated Account and the currency or currencies of project expenditures.

5.5 **Financial Institution.** Designated Accounts must be opened and maintained by a financial institution selected by the borrower and acceptable to the World Bank. A financial institution is acceptable if it meets all the following requirements:

(a) It is financially sound;
(e) It can execute a large number of transactions promptly;
(f) It can satisfactorily perform a wide range of banking services
(g) It can provide a detailed statement of the Designated Account;
(h) It is part of a satisfactory correspondent banking network;
(i) It charges reasonable fees for its services.

5.6 The World Bank reserves the right not to transfer funds to a financial insti-
titution if that institution has asserted or asserts a claim to set off, seize, or attach the proc-
ceeds of any Bank loan on deposit in a Designated Account maintained by the institution.

6. Terms and Conditions Applicable to Advances

6.1 Ceiling. The World Bank notifies the borrower of the maximum amount that may be on deposit in a Designated Account (Ceiling). The World Bank, at its discretion, may establish the Ceiling as either (a) an amount, or (b) an amount that is adjusted from time to time during implementation on the basis of periodic forecasts of project cash flow needs.

6.2 Applications for Advances. The borrower may apply for an advance up to the Ceiling less the aggregate amount of those advances previously received by the borrower for which the borrower has not yet provided supporting documentation. Normally, to support orderly closure of the Financing Account, the World Bank does not advance funds from the Financing Account into the Designated Account after the Closing Date.

6.3 Frequency of Reporting Eligible Expenditures Paid from the Designated Account. The borrower reports on the use of funds from the Financing Account advanced to the Designated Account at intervals specified by the World Bank to the borrower. The borrower must ensure that all amounts deposited into the Designated Account are accounted for and that their use is reported prior to the Disbursement Deadline Date. After that date, the borrower must refund to the Bank any advances still unaccounted for or remaining in the Designated Account.

6.4 Withholding Advances. The World Bank is not required to make any deposit to the Designated Account if any of the following conditions apply:

(a) The World Bank determines that payment of the deposit would exceed the Ceiling (see subsection 6.2, Applications for Advances).
(b) The World Bank is not satisfied that the borrower's planned
(c) The borrower fails to take the action required pursuant to determinations made by the World Bank under subsections 7.1 and these guidelines;

(d) The borrower fails to provide any of the audited financial statements required in accordance with, and within the period of time specified in the Financing Agreement;

(e) The World Bank determines that all further withdrawals of funds from the Financing Account should be made by the borrower directly from the Financing Account; or

(f) The World Bank has notified the borrower of its intention to suspend whole or in part the borrower's right to make withdrawals from the Financing Account.

6.5 *Excess Advances.* If at any time the World Bank determines that any amount deposited in the Designated Account will not be required to cover further payments and eligible expenditures (the Excess Amount), it may, at its discretion, require the borrower to take one of the following two disbursement-related actions:

(a) Provide evidence satisfactory to the World Bank within a period specified by the World Bank that the Excess Amount will be used to pay for eligible expenditures. If the evidence is not furnished within the time specified, the borrower must promptly refund the Excess Amount to the World Bank; or

(b) Refund the Excess Amount promptly.

The borrower must perform the action requested promptly after receiving notice from the World Bank that it must do so.

7. Ineligible Expenditures

7.1 *Ineligible Expenditures Generally.* If the World Bank determines that the amount of the funds from the Financing Account was used to pay for an expenditure is not eligible pursuant to the Financing Agreement (an ineligible expenditure), the Bank may, at its discretion, require the borrower to take one of the following disbursement-related actions, without prejudice to the Bank’s right to exercise remedies under the General Conditions or Standard Conditions and Financing Agreement.

(a) Refund an equivalent amount to the World Bank

(b) Exceptionally, provide substitute documentation evidencing other eligible expenditures.
7.2 *Ineligible Expenditures Paid from the Designated Account.* If the World Bank determines that any payment out of the Designated Account was not justified by evidence furnished to the World Bank or was made for an ineligible expenditure, the World Bank may, at its discretion, require the borrower to take one of the following actions.

(a) Provide the additional evidence requested by the World Bank
(b) Deposit an equivalent amount into the Designated Account
(c) Refund an equivalent amount to the World Bank
(d) Exceptionally, provide substitute documentation evidencing other expenditures.

The borrower must perform the action requested promptly after receiving notice from the World Bank that it must do so.

8. Refunds

8.1 *Borrower Decision to Refund.* The borrower may, upon notice to the World Bank, refund all or any amount of the loan on deposit in the Designated Account for credit to the Financing Account.

8.2 *Consequence of Refunds.* The World Bank shall determine whether refunds of funds made to the World Bank in accordance with sections 6 and 7 and subsection 8.1(a) guidelines will be credited to the Financing Account. Refunds of funds into the Financing Account may result in:

(a) swap termination fees
(b) unwinding costs for amounts for which the interest rate basis or currency has been converted or hedged,
(c) both.

8.3 *Other Rights and Obligations Unaffected by Refunds.* Refunds of loan amounts do not affect other legal rights and obligations of the parties under the Financing Agreement.

delivering Applications. Upon initialization of the SIDC, the Signatory will be a “SIDC User”. The Bank will maintain in its database a user account (Account) for each SIDC User for purposes of managing the SIDC of the SIDC User. Neither the Borrower nor the SIDC User will have any access to the Account.

3. Prior to first use of the SIDC by the SIDC User, the Borrower shall ensure that the SIDC User has received training materials provided by the Bank in use of the SIDC.

C. Use of SIDC.

4.2. The SIDC User shall not allow anyone else to utilize his/her SIDC to deliver an Application to the Bank.

4.3. The SIDC User shall always logout from CC when not using the system. Failure to logout properly can create a route into the system that is unprotected.

6.3. Physical Tokens contain delicate and sophisticated instrumentation and therefore should be handled with due care, and should not be immersed in liquids, exposed to extreme temperatures, crushed or bent. Also, Physical Tokens should be kept more than five (5) cm from devices that generate electromagnetic radiation (EMR), such as mobile phones, phone-enabled PDAs, smart phones and other similar devices. Physical Tokens should be carried and stored separate from any EMR device. At close range (less than 5 cm), these devices can output high levels of EMR that can interfere with the proper operation of electronic equipment, including the Physical Token.
