### Project

#### Achievement of strategic goals

The project management aims to achieve the goals through the following means:

1. The Implementation of policy and Institutional reforms in transport Particularly urban Public Transport
2. Financing infrastructure improvements to decongest major towns necessary to support Kenya’s long term Development strategy
3. Creation of Institutional capacity to provide oversight and regulatory functions to support the delivery of urban Public the delivery of urban Public Transport Services
4. The Preparation of appropriate investment interventions that would promote urban public mass transit systems

#### Other important background information of the project

Upgrade the Urban Road Transport Infrastructure (total cost US$311.15 million, of which IDA US$223.26 million). Infrastructure (total cost US$311.15 million, of which IDA US$223.26 million). This component will involve:

1. Expanding and upgrading the Northern Corridor road section through Nairobi from JKIA turnout to Rironi
2. Constructing the Kisumu Northern Bypass road
3. Constructing and rehabilitating non-motorized transport facilities including foot paths, cycle tracks, pedestrian bridges and underpasses.

#### Current situation that the project was formed to intervene

1. Kenya’s economic development strategy
2. Address the mounting pressures on the major urban centres, mainly Nairobi, road and related transport infrastructure and laying the foundation for developing an efficient urban public transport system
3. prepare a model mass transport system aimed at providing affordable and efficient public transport services in urban areas particularly for serving the low-income populations, especially in the CBD of Nairobi and along the developed high density corridors; and
4. build the operational and managerial capacity and efficiency of urban transport agencies in dealing with urbanization and transportation

#### Project duration

The project started on 24th December 2012 and is expected to run until 31st December 2018

### 1.9 Summary of Project Compliance:
There is no significant case of non-compliance with applicable laws and regulations and essential external financing agreements /covenants was reported during the year.
2. STATEMENT OF PROJECT MANAGEMENT RESPONSIBILITIES

The Director General, KeNHA and the Project Implementation Team Leader for National Urban Transport Improvement Project are responsible for the preparation and presentation of the Project’s financial statements, which give a true and fair view of the state of affairs of the Project for and at the end of the financial year ended on June 30, 2016. This responsibility includes: (i) maintaining adequate financial management arrangement and ensuring that these continue to be effective throughout the reporting period; (ii) maintaining proper accounting records, which disclose with reasonable accuracy at any time the financial position of the Project; (iii) designing, implementing and maintaining internal controls relevant to the preparation and fair presentation of the financial statement, and ensuring that they are free from material misstatements, whether due to error or fraud; (iv) safeguarding the assets of the Project; (v) selecting and applying appropriate accounting policies; and (vi) making accounting estimates that are reasonable in the circumstances.

The Director General, KeNHA and the Project Implementation Team Leader for National Urban Transport Improvement Project accept responsibility for the Project’s financial statements, which have been prepared on the Cash Basis Method of Financial Reporting, using appropriate accounting policies in accordance with International Public Sector Accounting Standards.

The Director General, KeNHA and the Project Implementation Team Leader for National Urban Transport Improvement Project are of the opinion that the Project’s financial statements give a true and fair view of the state of Project’s transactions during the financial year/period ended June 30, 2016, and of the Project’s financial position as at that date. The Director General, KeNHA and the Project Implementation Team Leader for National Urban Transport Project further confirm the completeness of the accounting records maintained for the Project, which have been relied upon in the preparation of the Project financial statements as well as the adequacy of the systems of internal financial control.

The Director General, KeNHA and the Project Implementation Team Leader for National Urban Transport Improvement Project confirm that the Project has complied fully with applicable Government Regulations and the terms of external financing covenants, and that Project funds received during the financial year/period under audit were used for the eligible purposes for which they were intended and were properly accounted for.

Approval of the Project financial statements

The Project financial statements were approved by the Director General, KeNHA and the Project Implementation Team Leader for National Urban Transport Improvement Project on 26th August 2016 and signed by them.

Eng. Peter M. Mundinia
Director General, KeNHA

Eng. David A. Muchilwa
General Manager (Special Project)
REPORT ON THE FINANCIAL STATEMENTS

I have audited the accompanying financial statements of the National Urban Transport Improvement Project Credit No.5140-KE set out on pages 1 to 13, which comprise the statement of assets and liabilities as at 30 June 2016, and the statement of receipts and payments, statement of changes in net assets, the statement of comparison of budget and actual amount, statement of cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information, in accordance with provisions of Article 229 of the constitution of Kenya, Section 35 the Public Audit Act, 2015 and financing agreement between the International Development Association (IDA) and the Republic of Kenya dated 26 September, 2012. I have obtained all the information and explanations which to the best of my knowledge and belief were necessary for the purpose of the audit.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Public Sector Accounting Standards (Cash Basis) and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

The management is also responsible for the submission of the financial statements to the Auditor-General in accordance with the provisions of Section 47 of the Public Audit Act, 2015.

Auditor-General's Responsibility

My responsibility is to express an opinion on these financial statements based on the audit and report in accordance with the provisions of Section 48 of the Public Audit Act, 2015 and submit the audit report in compliance with Article 229 (7) of the Constitution. The audit was conducted in accordance with the International Standards of Supreme Audit Institutions (ISSAIs). Those standards require compliance with ethical requirements and that the audit be planned and performed with a view to obtaining reasonable assurance that the financial statement are free from material misstatement.
An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the project’s internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made, as well as evaluating the overall presentation of the financial statements.

I believe the audit obtained is sufficient and appropriate to provide a basis for my audit opinion.

Opinion

In my opinion, the financial statements present fairly, in all material respects, the financial position of the National Urban Transport Improvement project as at 30 June 2016, and of its financial performance and its cash flows for the year then ended, in accordance with the International Public Sector Accounting Standards (Cash Basis) and conforms to the Financing Agreement Credit No. 5140-KE dated 26 September, 2012.

In addition, the special account statement presents fairly the special account transactions and the closing balance has been reconciled with the books of account.

Other Matter

Rehabilitation and Capacity Enhancement of A104 from James Gichuru Road Junction to Rironi (A104/B3 Junction)

Evidence available indicates that invitation for bids for the above road was advertised on 8 July 2015. The opening of the tender was carried out on 31 July, 2015 and thereafter the evaluation. The results of the evaluation were communicated to the Tender Committee which subsequently at the meeting held on 23rd June 2016 approved the contract award to M/s China Wu Yi Company Ltd for a contract sum of Kshs.16,366,586,563.19 inclusive of taxes for a contract period of 48 Months.

1.1 Information available further indicate that seven officers were appointed to evaluate the bids received and make necessary recommendations.

1.2 Examination of evaluation score sheets filled by the officers during the evaluation process revealed the following anomalies;

1.2.1 The evaluators neither indicated their names nor signed in the score sheets e.g form preliminary 02,03,04 A and 04 B contrary to regulation 16(6) of the Public Procurement and Disposal Regulations, 2006.
One evaluator awarded scores to only four (4) out of the fourteen (14) bidders in form preliminary 03 preliminary inspection of bill of quantities contrary to section 16 (6) of the provisions of Public Procurement Regulations, 2006 which require that each member of the technical evaluation committee shall evaluate independently from the other members prior to sharing his or her analysis, questions and evaluation including his or her rating with the other members of the technical evaluation committee.

1.2.2 Further, scores awarded by the evaluators were cancelled without Countersigning for acknowledgement of errors.

1.2.3 In addition, the bidder who won the tender was failed by an evaluator who, in addition did not sign the evaluation score sheets during preliminary inspection of technical proposal on specifications for roller self-propelled which included; form EQU.15-30t pneumatic roller (4 no); form EQU.12-20t smooth drum or equivalent vibratory roller (4 no.); form EQU.10-20t sheep foot roller (2 no) and 8-15ft tandem drum vibratory roller (2 no).

It is therefore not clear how the scores were measured and why the bidder was allowed to proceed to the next evaluation stage after failing in the above items in preliminary stage contrary to regulations 47 (2) and 49 (1) of the Public Procurement and Disposal Act, 2005.

In the circumstances, it has not been possible to confirm whether the above works were awarded competitively and whether the Authority will obtain value for money in spending Kshs.16,366,586,563.19.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

As required by the International Development Association financing agreement, I report based on my audit, that:

i. I have obtained all the information and explanations which, to the best of my knowledge and belief, were necessary for the purpose of the audit; and,

ii. In my opinion, proper books of account have been kept by the project, so far as appears from my examination of those books; and,

iii. The project's statement of financial position is in agreement with the books of account.

FCPA Edward R. O. Ouko, CBS
AUDITOR-GENERAL

Nairobi

Date
8 NOTES TO THE FINANCIAL STATEMENTS

The principal accounting policies adopted in the preparation of these financial statements are set out below:

8.1 Statement of compliance and basis of preparation

The financial statements have been prepared in accordance with and comply with International Public Sector Accounting Standards (IPSAS) with particular emphasis on Cash Basis Financial Reporting under the Cash Basis of Accounting. The financial statements comply with and conform to the form of presentation prescribed by the Accounting Standards Board of Kenya.

The financial statements are presented in Kenya Shillings, which is the functional and reporting currency of the Project and all values are rounded to the nearest one Shilling. The accounting policies adopted have been consistently applied to all of the years presented.

The financial statements have been prepared on the cash basis following the Government’s standard chart of accounts. The cash basis of accounting recognises transactions and events only when cash is received or paid out by the Project.

i. Recognition of revenue and expenses

The Project recognises all revenues from the various sources when the event occurs and the related cash has actually been received by the Project. In addition, the Project recognises all expenses when the event occurs and the related cash has actually been paid out by the Project.

ii. In-kind donations

In-kind donations are contributions made to the Project in the form of actual goods and/or services rather than in money or cash terms. These donations may include vehicles, equipment or personnel services. Where the financial value of in-kind donations can be reliably determined, the Project includes such value in the statement of receipts and payments both as revenue and as an expense in equal and opposite amounts; otherwise, the donation is not recorded.

iii. Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and cash at bank, short-term deposits on call and highly liquid investments with an original maturity of three months or less, which are readily convertible to known amounts of cash and are subject to insignificant risk of changes in value. Bank account balances include amounts held at the Central Bank of Kenya and at various commercial banks at the end of the financial year. For the purposes of these financial statements, cash and cash equivalents also include short term cash imprests and advances to authorised public officers and/or institutions which had not been surrendered or accounted for at the end of the financial year.
SIGNIFICANT ACCOUNTING POLICIES (Continued)

iv. Pending bills

Pending bills consist of unpaid liabilities at the end of the financial year/period arising from contracted goods or services during the year/period or in past years/periods. As pending bills do not involve the payment of cash in the reporting period, they are simply disclosed as an Annex to the financial statements. When the pending bills are finally settled, such payments are included in the statement of receipts and payments in the year in which the payments are made.

v. Budget

The budget is developed on the same accounting basis (cash basis), the same accounts classification basis, and for the same period as the financial statements. The Project’s budget was approved as required by Law and National Treasury Regulations, as well as by the participating development partners, as detailed in the Government of Kenya Budget Printed Estimates for the year. A high-level assessment of the Project’s actual performance against the comparable budget for the financial year/period under review has been included in an annex to these financial statements.

vi. Exchange rate differences

The accounting records are maintained in the functional currency of the primary economic environment in which the Project operates, Kenya Shillings. Transactions in foreign currencies during the year/period are converted into the functional currency using the exchange rates prevailing at the dates of the transactions. Any foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the statements of receipts and payments.

vii. Comparative figures

Where necessary comparative figures for the previous financial year/period have been amended or reconfigured to conform to the required changes in financial statement presentation.

viii. Subsequent events

There have been no events subsequent to the financial year/period end with a significant impact on the financial statements for the year ended June 30, 2016.
8.2 RECEIPTS FROM GOVERNMENT OF KENYA
These represent counterpart funding and other receipts from government as follows:

9 PROGRESSES ON FOLLOW UP OF AUDITOR RECOMMENDATIONS

The following is the summary of issues raised by the external auditor, and management comments that were provided to the auditor. We have nominated focal persons to resolve the various issues as shown below with the associated time frame within which we expect the issues to be resolved.

<table>
<thead>
<tr>
<th>Reference No. on the external audit Report</th>

<th>Focal Point person to resolve the issue</th>
<th>Status: (Resolved / Not Resolved)</th>
<th>Timeframe:</th>
</tr>
</thead>
<tbody>
<tr>
<td>Your Ref KeNHA/356/ NUTRIP/201 4/2015(3) Dated 10th November 2015</td>
<td>Accuracy of project financial statements -The funding summary table shows The loan (IDA) amount received to date (30 June, 2015) as Kshs. 17,876,391 while the Statement of Receipts and Payments for the period under review shows cumulative amount received to date as Kshs. 170,688,400. The funding summary table further shows GOK commitment of Kshs. 4,792,016,214 under the counterpart funds while the previous years audited financial statements for 2013/2014 indicated GOK commitment of Kshs. 239,518,833.</td>
<td>We agree with auditor’s observation. The discrepancy has been noted and incorporated in the Financial Statements. We agree with auditor’s observation. In Financing Agreement, Government of Kenya was to finance 20% of the total budget. Which translates to a commitment of Kshs 4,792,016,214 whereas in Financial statements for 2013/2014 the figure indicated(Kshs 239,518,833) was the actual amount paid by the government of Kenya.</td>
<td>General Manager Finance</td>
<td>Resolved</td>
<td>Immediately</td>
</tr>
</tbody>
</table>

The Statement of Receipts and Payments for the period under review shows purchase of goods and services of Kshs. 23,753,235 while supporting schedule for the component shows a total of Kshs. 26,845,993 hence understatement of the expenditure by Kshs. 3,092,758.

The Statement further acquisition of non-financial assets of Kshs. 97,667,810 while supporting schedule for the component shows a total of Kshs. 94,575,050 hence overstatement of the expenditure by Kshs. 3,092,758.

In addition, the Statement of Receipts and Payments refers to loans from development partners as other grants and transfers and receipts while the funding summary report is referred to as IDA loan incorporated in the Financial Statements.

We agree with auditor's observation. The discrepancy has been noted and incorporated in the Financial Statements.
