Participation in bidding

1. **Eligibility**: Eligibility of bidders to participate in a procurement process and to be awarded an Association-financed contract shall be as defined under Section I of the Procurement Guidelines; accordingly, no bidder or potential bidder shall be declared ineligible for contracts financed by the Association for reasons other than those provided in Section I of the Procurement Guidelines.

2. **Domestic Preference**: No domestic preference may be applied in bid evaluation on the basis of bidder nationality, the origin of goods, services or labor, and/or preferential programs.

3. **Bidding Documents**: Procuring entities shall use the appropriate standard bidding documents acceptable to the Association, which documents shall be prepared so as to ensure economy, economy, efficiency, transparency, and broad consistency with the provisions of Section I of the Procurement Guidelines. Until a modified version of the Recipient’s standard bidding documents has been approved by the Association, the Association’s sample NCB bidding documents for the Europe and Central Asia Region shall be used.

4. **Bid Validity**: The bid validity period required by the bidding documents shall be sufficient to account for any period that may be required for the approval and registration of the contract as contemplated in the PPL. An extension of bid validity, if justified by exceptional circumstances, may be requested in writing from all bidders before the original bid validity expiration date, provided that such extension shall cover only the minimum period required to complete the evaluation, award a contract, and/or complete the registration process. No further extensions shall be requested without the prior written concurrence of the Association.
5. **Qualification:** Qualification criteria shall be clearly specified in the bidding documents. All criteria so specified, and only such specified criteria, shall be used to determine whether a bidder is qualified. Qualification shall be assessed on a "pass or fail" basis, and merit points shall not be used. Such assessment shall be based entirely upon the bidder's or prospective bidder's capability and resources to effectively perform the contract, taking into account objective and measurable factors, including: (i) relevant general and specific experience, and satisfactory past performance and successful completion of similar contracts over a given period; (ii) financial position; and where relevant (iii) capability of construction and/or manufacturing facilities.

Prequalification procedures and documents acceptable to the Association shall be used for large, complex and/or specialized works contracts. Verification of the information upon which a bidder was prequalified, including current commitments and the bidder's capability with respect to personnel and equipment, shall be carried out at the time of contract award. In the procurement of goods and works where prequalification is not used, the qualification of the bidder who is recommended for award of contract shall be assessed by post-qualification, applying the qualification criteria stated in the bidding documents.

6. **Guarantees:** Guarantees shall be in the format specified in the bidding documents. The bid guarantee shall be valid for twenty-eight days (28) beyond the original validity period of the bid, or beyond any period of extension if requested.

7. **Bid Submission and Bid Opening:** Prospective bidders shall be given at least thirty (30) days from the date of publication of the invitation to bid or the date of availability of the bidding documents, whichever is later, to prepare and submit bids. Bids may be delivered by mail or by hand. Bids shall be opened in public immediately after the deadline for their submission. The minutes of bid opening shall be signed by the members of the bidding committee immediately after bid opening. A copy of the bid opening minutes shall be promptly provided to all bidders who submitted bids, and to the Association with respect to contracts subject to the Association's prior review. No bids shall be rejected at bid opening.

8. **Bid Evaluation and Award of Contracts:** Bidders shall not be allowed to be present during bid evaluation, and no information relating to the evaluation of bids shall be disclosed to bidders until the bidders are notified of the contract award.

Evaluation criteria shall be clearly specified in the bidding documents. Evaluation of bids shall be made in strict adherence to the criteria specified in the bidding documents. All bid evaluation criteria other than price shall be quantifiable in monetary terms. Merit points shall not be used, and no minimum
point or percentage value shall be assigned to the significance of price, in bid evaluation. Bidders shall not be eliminated on the basis of minor, nonmaterial deviations. Contracts shall be awarded to the qualified bidder whose bid has been determined: (i) to be substantially responsive to the bidding documents; and (ii) to offer the lowest-evaluated cost.

A bidder shall not be required, as a condition for award, to undertake obligations not specified in the bidding documents or otherwise to modify the bid as originally submitted.

9. **Cost Estimates:** Cost estimates shall be confidential and shall not be disclosed to prospective bidders. No bids shall be rejected on the basis of comparison with the cost estimates and/or budget ceiling without the Association’s prior written concurrence.

10. **Rejection of Bids and Re-bidding:** No bids shall be rejected solely because they fall outside a pre-determined margin or “bracket” of prices. All bids (or the sole bid if only one bid is received) shall not be rejected, the procurement process shall not be cancelled, and new bids shall not be solicited without the Association’s prior written concurrence.

11. **Contract Modifications:** With respect to contracts subject to the Association’s prior review, the Recipient shall obtain the Association’s no objection before agreeing to: (i) a material extension of the stipulated time for performance of a contract; (ii) any substantial modification of the contract scope of services or other significant changes to the terms and conditions of the contract; (iii) any variation order or amendment (except in cases of extreme urgency) which, singly or combined with all variation orders or amendments previously issued, increases the original contract amount by more than 15 percent; or (iv) the proposed termination of the contract. A copy of all contract amendments shall be provided to the Association.

12. **Fraud and Corruption:** The bidding documents and contract as deemed acceptable by the Association shall include provisions stating the Association’s policy to sanction firms or individuals, found to have engaged in fraud and corruption as defined in the Procurement Guidelines.

13. **Inspection and Audit Rights:** In accordance with the Procurement Guidelines, each bidding document and contract financed out of the proceeds of the Financing shall provide that bidders, suppliers and contractors, and their subcontractors, agents, personnel, consultants, service providers, or suppliers, shall permit the Association to inspect all accounts, records, and other documents relating to the submission of bids and contract performance, and to have them audited by auditors appointed by the Association. Acts intended to materially impede the exercise of the Association’s inspection and audit rights provided for
in the Procurement Guidelines constitute an obstructive practice as defined in the Procurement Guidelines.
