SCHEDULE 1

Project Description

The objective of the Project is to assist the Recipient in rehabilitating and improving the quality and performance of its energy, water and road sectors.

The Project consists of the following parts:

Part 1: Institutional Development and Sectorial Studies

A. Energy Sector

1. Design and implementation of a re-organization plan for EAGB, including a productivity enhancement program, capacity development, training and provision of technical assistance for the improvement of its power and water operations.

2. Carrying out of a study to assess the Recipient’s potential to produce modern bio-energy.

3. Design of: (a) a medium to long term national energy development strategy, including least-cost and renewable energy options; and (b) a national energy sector investment and resource mobilization plan.

4. (a) Acquisition of financial and accounting software for EAGB; and (b) Provision of training in the use of the software referred to in Part 1.A. 4 (a) of the Project.

5. Provision of technical assistance and training to the Recipient’s Line Ministries to strengthen their technical capacities in the provision of energy services.

B. Water Sector

1. Provision of technical assistance to EAGB for the design and implementation of a reform program of the Recipient’s water sector, including, inter alia: (a) objective criteria for the establishment of tariff policies; (b) regulations for the management of public standpipes; and (c) rules to enable private sector participation in the provision of water services.
2. Provision of technical assistance and training to Line Agencies to strengthen their technical capacities in the provision of water services.

3. Provision of technical assistance and training to Line Ministries and Line Agencies to develop a Recipient’s water investment program.

C. **Roads Sector**

Provision of technical advisory services to Line Ministries to: (a) formulate a transport sector strategy; (b) design a road sector investment plan; (c) mobilize and coordinate donor investment support for the road sector; (d) enable the Recipient’s participation in the Sub Saharan Africa Transport Policy Program Initiative; and (e) develop technical capacities for road planning, management and maintenance.

**Part 2: Restoration and Rehabilitation of the Power System**

A. Transportation, small works for site preparation for mobilization and demobilization of a 15 MW power generator in the city of Bissau in accordance with the provisions of the Private Operation Scheme Agreement set forth in paragraph 8 of Schedule 2 to this Agreement.

C. Acquisition of three (3) small cashew shell-based power generation plants to be located in the Borrower’s territory, upon compliance with the provisions of the Operational Manual, the Environmental Audit Report, and Section III of Schedule 2 to this Agreement.

D. Provision of Technical Assistance to EAGB to develop an interphase system between EAGB’s customer management system and the commercial management system of the company in charge of electricity metering systems in the Recipient’s territory.
Part 3: Rehabilitation of Water Production, Treatment and Urban Distribution

A. Building of a 700 cubic meters water reservoir at EAGB’s premises.

B. Replacement of the old pumping system at the August 3 Hospital in the city of Bissau.

C. Replacement of: (a) 3.6 km of primary water distribution networks along the November 14 Avenue and the Pansau na Isna Avenue in the city of Bissau; and (b) 9 km of tertiary water distribution networks in the neighborhood of Ajuda in the city of Bissau.

D. Extension of 26.3 km of tertiary water distribution networks to serve remote areas in the city of Bissau that lack access to water services.

E. Construction of 700 water connections and 50 new public standpipes in the city of Bissau, in particular, the neighborhoods of Luanda and Bandim.

F. Acquisition of 6,000 water meters for installation in the city of Bissau.

G. Provision of technical equipment to EAGB, including: (a) water analysis kits; (b) fire standpipes; and (c) operational tools.

H. Acquisition of one (1) pick-up truck to be used for the implementation of Part 3 of the Project.

Part 4: Limited Rehabilitation of Urban Road Infrastructure

A. Carrying out of feasibility studies to determine the type of works needed, as well as the eligibility criteria and timing for reconstruction of urban roads in the Recipient’s territory.

B. Carrying out of a program, including civil works, acquisition of equipment and provision of consultant services to rehabilitate the primary and secondary road network in the city of Bissau.

C. Supervision activities for civil works under Part 4 of the Project.

D. Acquisition of one (1) 4x4 vehicle to be used for the implementation of Part 4 of the Project.
Part 5: Project Management, Monitoring and Evaluation

Provision of support for overall Project coordination, evaluation, supervision and implementation, including, *inter alia*:

(i) the strengthening of the capacity of the PCU to comply with its responsibilities referred to in paragraph 4 of Section I of Schedule 2 to this Agreement;

(ii) the provision of training to PCU staff to enhance their knowledge of the Association’s disbursement, financial management and procurement policies and procedures;

(iii) the carrying out of audits for the Project;

(iv) the implementation of a program to monitor and evaluate the carrying out of the Project;

(v) the acquisition of three (3) 4x4 vehicles for the use of the Line Ministries;

(vi) the acquisition of one (1) 4x4 vehicle for the use of the PCU;

(vii) the acquisition of office supplies and equipment for the PCU; and

(viii) the acquisition of hardware and software for the PCU.
SCHEDULE 2

Project Execution

Section I. Institutional and Other Arrangements

1. Execution of the Project

The Recipient shall carry out the Project through its Ministry of Economy, with the assistance of the Line Ministries and Line Agencies.

2. Participation of Line Ministries and Line Agencies

The Recipient shall, not later than thirty (30) days following the Effective Date, through the PCU, enter into a memorandum of understanding with the Line Ministries and Line Agencies, in form and substance satisfactory to the Association, including, inter alia, allocation of responsibilities for Project implementation, obligations to provide technical support for the Project, as well as obligations to monitor and evaluate the technical implementation of the Project.

3. The Steering Committee

The Recipient shall maintain, for the purposes of the Project, a Steering Committee, acceptable to the Association, throughout the period of implementation of the Project, with structure, functions and responsibilities, for the purpose of overseeing the execution of the Project. The Steering Committee shall be chaired by the Minister of Finance and comprise of the heads of the Line Ministries or their representatives.

4. The PCU

(a) The Recipient shall maintain the PCU, at all times during Project implementation, with a structure, functions and responsibilities acceptable to the Association, including, inter alia, the responsibility of the PCU to assist the Recipient and the Steering Committee in the coordination, implementation, monitoring and supervision of the Project.

(b) The Recipient shall ensure that the PCU is, at all times during Project implementation, headed by one (1) Project coordinator and staffed with a
financial management specialist, a procurement specialist, a water specialist, and professional and administrative staff, all hired with terms of reference, through competitive processes, in numbers and with qualifications and experience acceptable to the Association.

(c) Except as the Recipient and the Association may otherwise agree in writing, the Recipient shall not introduce changes in the number of positions of the PCU or in the professional skills required for occupying such positions, unless said changes have been previously agreed in writing with the Association.

5. **Operational Manual**

(a) Without limitation upon the provisions of Section 4.01 of the General Conditions, the Recipient shall carry out the Project in accordance with a manual (the Operational Manual), acceptable to the Association, said manual to include, *inter alia*:

(i) an institutional implementation plan of the Ministry of Economy, the Line Ministries and the Line Agencies for the management of the Project (including, *inter alia*, allocation of responsibilities among staff, yearly planning of activities and budget and time allocation for those activities);

(ii) detailed arrangements for the overall carrying out of the Project (including, *inter alia*, the procurement, financial management, environmental and social guidelines to be followed during Project implementation by the Recipient, the Line Ministries and the Line Agencies);

(iii) the guidelines for the preparation of Annual Action Plans;

(iv) internal control systems to be followed by the PCU during Project implementation;

(v) detailed guidelines and procedures for the implementation of the Environmental Audit Report in connection with the carrying out of the Project; and

(vi) detailed guidelines to determine the economic and technical viability, as well as the technical requirements, and eligibility
criteria, for the acquisition of the equipment referred to in Part 2.C of the Project.

(b) Except as the Recipient and the Association may otherwise agree in writing, the Recipient shall not abrogate, amend, repeal, suspend, waive or otherwise fail to enforce the Operational Manual or any provision thereof.

(c) In case of any conflict between the terms of the Operational Manual and those of this Agreement, the terms of this Agreement shall prevail.

6. The Annual Action Plan

(a) The Recipient shall, not later than January 31 of each year during Project implementation, or such later date as the Association shall determine, starting in year 2007, furnish to the Association for approval, an annual action plan (the Annual Action Plan), each said plan to include, \textit{inter alia}:

(i) the Project activities to be carried out during the twelve months immediately following the presentation of each said plan;

(ii) the procurement plan, and disbursement schedule for each said twelve month period; and

(iii) the annual budget for purposes of expenses of Operating Costs for the Project.

(b) The Recipient shall thereafter implement each said Annual Action Plan, approved by the Association, in accordance with its terms; and

(c) The Recipient shall carry out the Annual Action Plan for the year 2007, approved by the Association prior to the date of this Agreement.

7. Environmental Safeguards

(a) The Recipient shall, prior to initiating the implementation of Parts 2, 3 and 4 of the Project, provide evidence to the Association, in form and substance satisfactory to the Association, demonstrating that the
Recipient has complied with the provisions of the Environmental Audit Report.

(b) The Recipient shall cause the Line Ministries and the Line Agencies to implement their respective parts of the Project in compliance with the provisions of the Environmental Audit Report.

(c) Except as the Recipient and the Association may otherwise agree in writing, the Recipient shall not abrogate, amend, repeal, suspend, waive or otherwise fail to enforce the provisions of the Environmental Audit Report.

(d) In case of any conflict between the terms of the Environmental Audit Report and those of this Agreement, the terms of this Agreement shall prevail.

8. **Private Operation Scheme Agreement**

The Recipient shall enter into a separate agreement with the Private Operator, on terms and conditions satisfactory to the Association, including, *inter alia*:

(a) the obligation of the Private Operator to assist the Recipient in the implementation of Part 2.A of the Project;

(b) the obligation of the Private Operator to comply with the provisions of the Environmental Audit Report, and its corresponding environmental mitigation measures;

(c) the obligation of the Private Operator to comply with the Association’s Consultant and Procurement Guidelines;

(d) the detailed arrangements for the billing and fee collection systems, including auditing procedures, pertaining to the provision of electricity services by the Private Operator in the Recipient’s territory;

(e) the administrative and technical procedures to be followed by the Private Operator in the provision of electricity services in the Recipient’s territory;
(f) the obligation of the Recipient to obtain separate funding for the lease payments of the 15 MW generation equipment;

(g) the obligation of the Recipient to open an escrow account in a commercial bank to receive applicable fees paid by the Private Operator; and

(h) the detailed arrangements for: (A) the transportation of the 15 MW generation equipment; and (B) the carrying out of small works for the site preparation and installation of the 15 MW generation equipment in the city of Bissau.

Section II. Project Monitoring, Reporting, Evaluation

A. Project Reports

1. (a) The Recipient shall monitor and evaluate the progress of the Project and prepare Project Reports in accordance with the provisions of Section 4.08 of the General Conditions and on the basis of indicators set forth below in sub-paragraph (b) of this paragraph. Each Project Report shall cover the period of one (1) calendar quarter, and shall be furnished to the Association not later than (45) forty five days after the end of the period covered by such report.

(b) The performance indicators referred to above in sub-paragraph (a) consist of the following:

Part 1: Institutional Development of and Sectorial Studies

(a) Preparation of the long-term-least-cost national energy development strategy.

(b) New tariff policies adopted in the power and water sectors.
