SELLER PARTICIPATION AGREEMENT

between

CEYLON ELECTRICITY BOARD,

and

INTERNATIONAL BANK FOR RECONSTRUCTION AND DEVELOPMENT AS TRUSTEE OF THE CARBON ASSET DEVELOPMENT FUND AND OF THE CARBON FUND OF THE CARBON PARTNERSHIP FACILITY

Whereas:

A. The Democratic Socialist Republic of Sri Lanka submitted the Program Idea Note ("PIN") for the Sri Lanka Renewable Energy Program to the International Bank for Reconstruction and Development ("IBRD") acting as trustee of the Carbon Asset Development Fund ("Trustee of the CADF") and as trustee of the Carbon Fund ("Trustee of the Carbon Fund" and together referred to as "Trustees") of the Carbon Partnership Facility ("Facility") for consideration of its participation as Seller Participant in the Facility; and

B. The Trustees, after reviewing the PIN, have approved the PIN and, subject to the Buyer Participants consenting to the inclusion of the Program into the Tranche’s Program portfolio in accordance with Section 10.10 of the Instrument, the Trustee of the Carbon Fund has tentatively allocated the Program to the Second Tranche of the Carbon Fund of the Facility.

Ceylon Electricity Board, as Seller Participant in the Facility (hereinafter referred to as "Seller Participant") and the Trustees (together referred to as "Parties") enter into this Agreement on the terms and conditions set forth below:

Article I Definitions

Section 1.01 Unless defined otherwise herein, capitalized terms appearing in this Agreement shall have the meaning ascribed to them in the Instrument, and the terms set forth below shall have the following meanings:
(a) "Agreement" means this Seller Participation Agreement, as amended from time to time, including the schedules attached hereto;

(b) "Instrument" means the Instrument Establishing the Carbon Partnership Facility dated May 7, 2014, incorporated into this Agreement by reference, as amended from time to time;

(c) "Program" means the Emission Reduction Program, as described in the PIN approved by the Trustees.

Article II The Instrument

The Parties agree to be also bound by the terms and conditions of the Instrument. The Instrument shall be an integral part of this Agreement.

Article III Commitment by Seller Participant

Section 3.01 The Seller Participant commits to (i) develop and implement the Program by, inter alia, coordinating and promoting Program management and implementation in order to ensure that the Program generates Emission Reductions, and (ii) to negotiate with the Trustee of the Carbon Fund one or more ERPAs in order to sell and transfer or to ensure sale and transfer of legal title to a portion of the ERs generated by the Program to the Trustee of the Carbon Fund ("Contract ER Volume") for the benefit of the respective Buyer Participants in the relevant Tranche or Tranches of the Carbon Fund.

Section 3.02 The Seller Participant agrees that the terms of any ERPA with respect to the Program shall be based on the Pricing Approach and the General Conditions as endorsed or to be endorsed by the Partnership Committee in accordance with the Instrument as well any other terms attached in Schedule 1 to this Agreement ("Indicative Terms"). The Seller Participant further agrees that the Contract ER Volume to be purchased by and sold to the Trustee of the Carbon Fund under an ERPA with respect to a Program shall not be less than the indicative Contract ER Volume specified in the Indicative Terms, provided that the Carbon Finance Document to be prepared by the Seller Participant after signature of this Agreement does not indicate a lesser overall amount of ERs expected to be generated by the Program than indicated in the Indicative Terms. In case the Carbon Finance Document does indicate that the overall amount of ERs expected to be generated by the Program is less than indicated in the Indicative Terms, the Contract ER Volume included in the ERPA shall be reduced to a level acceptable to the Trustee of the Carbon Fund.

Section 3.03 The Seller Participant commits to develop and submit to the Trustee of the Carbon Fund a Carbon Finance Document for the Program. The Carbon Finance Document shall be developed and submitted to the Trustee of the Carbon Fund, in form and substance satisfactory to the Trustee of the Carbon Fund, within 12 months (subject to extension by the Trustee of the Carbon Fund in its sole and absolute discretion) following (i) in the case of a Program included in PIN of this Agreement at the time of the execution of this Agreement, the later of execution of this Agreement or the Operational Date of a Tranche to which the Trustee of the Carbon Fund has allocated the respective Program or (ii) in the case of each additional Program, the later of the
date of the amendment to this Agreement by which such Program is added to PIN of this Agreement or the Operational Date of a Tranche to which the Trustee of the Carbon Fund has allocated the respective Program. Following receipt of the Carbon Finance Document, in form and substance satisfactory to the Trustee of the Carbon Fund, the Trustee of the Carbon Fund shall, in accordance with Section 10.10 of the Instrument, submit the Carbon Finance Document to the Buyer Participants of a Tranche or Tranches of the Carbon Fund for their consent to include the Program in such Tranche's or Tranches' Program portfolio, or if the Program is rejected by those Buyer Participants to become part of that Tranche's Program portfolio to the Buyer Participants of another Tranche, if any, in order for such Buyer Participants to determine whether or not to consent to the inclusion of the Program into the Tranche's Program portfolio.

**Section 3.04** The Seller Participant understands and agrees that the negotiation and execution of any ERPA by the Trustee of the Carbon Fund is subject to the proposed Program being satisfactory to the Trustee of the Carbon Fund and being included in a Tranche's Program portfolio in accordance with Section 3.03 above.

**Section 3.05** The Seller Participant understands and agrees that the Trustee will not enter into legal commitments that exceed the capital available in the relevant Tranche of the Carbon Fund or that would provide for delivery of ERs after the termination date of the relevant Tranche. The Trustee of the Carbon Fund shall only enter into ERPAs for each Tranche up to the capital available in that Tranche after the deduction of the applicable CADF Charges, and accordingly the ERPA may include a maximum contract value.

**Article IV Grants for Program Preparation**

**Section 4.01** The Seller Participant may request the issuance of one or more grants by the Trustee of the CADF in order to help the Seller Participant to prepare the Program.

**Section 4.02** Upon receipt of a grant request by the Seller Participant, the Trustee of the CADF may, at the sole and absolute discretion of the Trustee of the CADF, extend a grant to the Seller Participant to help the Seller Participant to prepare the Program subject to availability of funds in the CADF (considering also potential present and future grant requests by other Seller Participants or Partners), compliance with the World Bank Operational Policies and Procedures and execution of a Grant Agreement, in form and substance acceptable to the Trustee of the CADF. For the avoidance of doubt, the Trustee of the CADF shall be free in its decision to extend or not to extend a grant to the Seller Participant or may limit grant funding to specific Programs only or reduce the grant amounts being requested by the Seller Participant.

**Article V Seller Contribution Credit**

**Section 5.01** In case of the execution of an ERPA between the Trustee of the Carbon Fund and the Seller Participant with respect to a Program and in accordance with Section 6.4 of the Instrument, payment to the Seller Participant for ERs delivered under the terms of the ERPA shall be subject to the Seller Contribution Credit. The Seller Contribution Credit shall be deducted by the Trustee of the Carbon Fund from any payment due (i.e. the gross amount before any other deductions are applied, if any) to the Seller Participant for ERs delivered under the terms of the ERPA.

**Section 5.02** With respect to any Program included into the Program portfolio of the Second Tranche, the Seller Contribution Credit shall be in the amount equal to two per cent (2%) of any
payment due to the Seller Participant for ERs delivered under the terms of the ERPA.

**Section 5.03** With respect to any Program included into the Program portfolio of another Tranche, the percentage amount of the Seller Contribution Credit shall be determined by the Trustee of the Carbon Fund before the opening of that other Tranche. In case such percentage amount of the Seller Contribution Credit is determined to be higher than for the Second Tranche or for any other opened Tranche (whichever is higher), the Trustee shall only allocate the Program to that Tranche with the prior consent of the Seller Participant.

**Article VI  Exclusivity Period**

**Section 6.01** The Seller Participant and the Trustee of the Carbon Fund agree that they will, during a period of twenty-four (24) months (being subject to extension if the Parties so agree) following the later of the execution of this Agreement or the Operational Date of a Tranche to which the Program is allocated ("Exclusivity Period"), use all reasonable endeavors to negotiate exclusively and in good faith the purchase and sale of the Contract ER Volume and to execute one or more ERPAs accordingly. For the avoidance of doubt, the Seller Participant may enter into negotiations for the sale and purchase of any ERs expected to be generated under the Program in excess of the Contract ER Volume to one or more third party provided that the Trustee of the Carbon Fund shall have seniority with respect to the Contract ER Volume over such third party or parties, as the case may be.

**Section 6.02** For the duration of the Exclusivity Period, the Seller Participant agrees, other than with the Trustee of the Carbon Fund, not (i) to start or continue to have any discussions or negotiations with any other person regarding the dealing in or the sale of the Contract ER Volume to be generated by the Program or (ii) to enter into an agreement with any other person regarding the dealing in or sale of the Contract ER Volume as a result of any such discussions or negotiations without the prior written consent of the Trustee of the Carbon Fund.

**Section 6.03** Without prejudice to Section 14.1 of the Instrument and in addition to the rights of the Trustee of the CADF under any Grant Agreement, if the Seller Participant breaches its obligation under Section 6.02 above during the Exclusivity Period, or if the ERPA is not executed due to any reason being within the control of the Seller Participant, as determined by the Trustee of the Carbon Fund in its sole discretion, the Seller Participant agrees that the Trustees may seek to recover from the Seller Participant any costs incurred and duly documented by either Trustee in connection with the preparation of such Program.

**Article VII  Representations and Warranties of the Trustees**

**Section 7.01** The Trustees represent and warrant that:

(a) They have all necessary power and authority to act as Trustees and to enter into this Agreement and

(b) The representative signing this Agreement on behalf of the Trustees is an authorized signatory of the IBRD to execute this Agreement.
Article VIII  
Representations, Warranties, Acknowledgments and Covenants of the Seller Participant

Section 8.01  
The Seller Participant represents and warrants that it has

(a)  All necessary power and authority to enter into this Agreement and to participate in the Facility; and

(b)  Its representative signing this Agreement on behalf of the Seller Participant is an authorized signatory of the Seller Participant to execute this Agreement.

Section 8.02  
The Seller Participant acknowledges and agrees with the Trustee as follows:

(a)  By entering into this Agreement, a Grant Agreement, an ERPA or any other agreement pertaining hereto, the IBRD or the Trustees are not and will not become agents of, or trustees for, the Seller Participant and shall not have any fiduciary relationship with the Seller Participant.

(b)  The Seller Participant agrees that, in case a Program is rejected by the Buyer Participants of any Tranche to become part of that Tranche’s Program portfolio, the Trustee may, in its sole discretion and subject to Section 3.03 and Section 5.03 above, assign any Program to any other Tranche of the Carbon Fund. The Seller Participant acknowledges that the inclusion of a Program in a Tranche may be rejected by the Buyer Participants of that Tranche in accordance with Section 10.10 of the Instrument.

(c)  In case the Seller Participant is subject to any potential conflict of interest in accordance with Section 16.1 of the Instrument, the Seller Participant, in accordance with Article 16 of the Instrument, shall fully disclose such potential conflict of interest to the Facility Coordinator and recuse itself from any deliberations on a Program subject to this conflict or potential conflict of interest or any discussions or decisions related thereto if so directed by the Facility Coordinator or the Partnership Committee, as the case may be. The Seller Participant further understands that any failure to disclose such potential conflicts of interest in a timely manner shall constitute a breach of the Instrument and may result in sanctions to be determined in accordance with Article 16 of the Instrument.

(d)  For the avoidance of doubt, Section 8.02 (c) above shall not apply to the Seller Participant’s right to participate in any discussions within the Partnership Committee with respect to the endorsement of the Pricing Approach and the General Conditions.

Article IX  
Amendment

This Agreement may only be amended with the written consent of the parties hereto.

Article X  
Withdrawal and Suspension of Rights and Privileges

Section 10.01  
Subject to Section 6.03 above, the Seller Participant may, at any time (provided at least three (3) months prior written notice is given to the Trustee), withdraw its participation in
the Facility in accordance with Section 15.1 of the Instrument. For the avoidance of doubt, any such withdrawal shall not, in any manner, affect the effectiveness, implementation and enforcement of any Emission Reductions Purchase Agreement already entered into at the time of withdrawal between the Seller Participant and the Trustee of the Carbon Fund.

Section 10.02 In the event the Seller Participant becomes a Defaulting Seller Participant in accordance with Section 14.1(a) of the Instrument, the Seller Participant’s rights and privileges under the Instrument and this Agreement shall be suspended until such time as such default has been remedied to the satisfaction of the Trustees. In addition, in the case of a default under Section 14.1(a) of the Instrument, the Trustee of the CADF may seek recovery of the amount established by the Trustee of the CADF as Program preparation costs for the affected Program(s).

Article XI  Termination

Section 11.01  This Agreement shall terminate in accordance with the relevant provisions of the Instrument, including the following events:

(a) Termination of the Facility in accordance with Sections 22.1 and 22.2 of the Instrument; and

(b) Withdrawal by the Seller Participant of its participation in the Facility in accordance with Section 15.01 of the Instrument.

Section 11.02  Without prejudice to Section 11.01 above, this Agreement may be terminated by written notice in accordance with the terms and conditions of the Instrument.

Article XII  Effectiveness

This Agreement shall become effective on the date as of which it has been executed by the parties thereto.

Article XIII  Notices

All communications shall be in writing (including telex and facsimile communications), or by telephone (to be promptly confirmed in writing) or, in the case of communications to the Seller Participant, by electronic mail. Each communication will be made to the relevant person at the address, facsimile number, telex, telephone number or electronic mail address, from time to time designated by that party to the others for that purpose. The address, facsimile number, telex, telephone number and electronic mail address so designated are set out below:
