Financing Agreement

(West Africa Agricultural Productivity Program (WAAPP) – Togo Project under the First Phase of the WAAPP)

between

REPUBLIC OF TOGO

and

INTERNATIONAL DEVELOPMENT ASSOCIATION

Dated May 26, 2011
GRANT NUMBER H652-TG

FINANCING AGREEMENT

AGREEMENT dated May 26, 2011, entered into between the REPUBLIC OF TOGO ("Recipient") and the INTERNATIONAL DEVELOPMENT ASSOCIATION ("Association").

WHEREAS (A) the Association, by extending financial assistance in 2007 to the Republic of Mali, the Republic of Ghana and the Republic of Senegal and in 2010 to Burkina Faso, the Republic of Côte d’Ivoire and the Federal Republic of Nigeria, has provided support to precedent activities under the first phase of the West Africa Agricultural Productivity Program (“Program”) which aims at: (i) implementing the Agricultural Policy (“ECOWAP”, as further defined in Section I of the Appendix to this Agreement) of the Economic Community of West African States (“ECOWAS”); and (ii) contributing to the sustained agricultural productivity increase in the ECOWAS region’s top priority commodity subsectors;

(B) the Recipient, having satisfied itself as to the feasibility and priority of the project (“Project”, as described in Schedule 1 hereto) under the first phase of the Program, has requested the Association to assist in the financing of the Project;

I by a financing agreement to be entered into between the Republic of Benin ("Benin") and the Association (“Benin Financing Agreement”, as further defined in Section I of the Appendix to this Agreement), the Association will extend to Benin a grant in an amount equivalent to eleven million Special Drawing Rights (SDR 11,000,000) to assist Benin in financing part of the cost of activities related to the Project on the terms and conditions set forth in the Benin Financing Agreement;

(D) by a financing agreement to be entered into between the Republic of The Gambia (“The Gambia”) and the Association (“The Gambia Financing Agreement”, as further defined in Section I of the Appendix to this Agreement), the Association will extend to The Gambia a grant in an amount equivalent to four million four hundred thousand Special Drawing Rights (SDR 4,600,000) to assist The Gambia in financing part of the cost of activities related to the Project on the terms and conditions set forth in the The Gambia Financing Agreement;

(E) by a financing agreement to be entered into between the Republic of Liberia (“Liberia”) and the Association (“Liberia Financing Agreement”, as further defined in Section I of the Appendix to this Agreement), the Association will extend to Liberia a credit in an amount equivalent to three million nine hundred thousand Special Drawing Rights (SDR 3,900,000) to assist Liberia in financing part of the cost of activities related to the Project on the terms and conditions set forth in the Liberia Financing Agreement;
(F) by a financing agreement to be entered into between the Republic of Niger (“Niger”) and the Association (“Niger Financing Agreement”, as further defined in Section I of the Appendix to this Agreement), the Association will extend to Niger a credit in an amount equivalent to nineteen million five hundred thousand Special Drawing Rights (SDR 19,500,000) to assist Niger in financing part of the cost of activities related to the Project on the terms and conditions set forth in the Niger Financing Agreement;

(G) by a financing agreement to be entered into between the Republic of Sierra Leone (“Sierra Leone”) and the Association (“Sierra Leone Financing Agreement”, as further defined in Section I of the Appendix to this Agreement), the Association will extend to Sierra Leone a grant in an amount equivalent to seven million eight hundred thousand Special Drawing Rights (SDR 7,800,000) to assist Sierra Leone in financing part of the cost of activities related to the Project on the terms and conditions set forth in the Sierra Leone Financing Agreement; and

(H) Parts 1.2, 1.5, 3.1 (a) and 4(i) of the Project will be carried out by Le Conseil Ouest et Centre Africain pour la Recherche et le Développement Agricoles (“CORAF” or “Project Implementing Entity”) with the Recipient’s assistance and, as part of such assistance, the Recipient will make a portion of the proceeds of the grant provided for in Article II of this Agreement available to CORAF as set forth in this Agreement;

WHEREAS the Association has also agreed, on the basis, inter alia, of the foregoing, to extend the grant provided for in Article II of this Agreement to the Recipient upon the terms and conditions set forth in this Agreement and in the Project Agreement of even date herewith between the Association and CORAF (“Project Agreement”);

NOW THEREFORE the Recipient and the Association hereby agree as follows:

ARTICLE I — GENERAL CONDITIONS; DEFINITIONS

1.01. The General Conditions (as defined in the Appendix to this Agreement) constitute an integral part of this Agreement.

1.02. Unless the context requires otherwise, the capitalized terms used in this Agreement have the meanings ascribed to them in the General Conditions or in the Preamble or in the Appendix to this Agreement.

ARTICLE II — FINANCING

2.01. The Association agrees to extend to the Recipient, on the terms and conditions set forth or referred to in this Agreement, a grant in an amount equivalent to seven million eight hundred thousand Special Drawing Rights (SDR 7,800,000) (the “Financing”) to assist in financing the Project.
2.02. The Recipient may withdraw the proceeds of the Financing in accordance with Section IV of Schedule 2 to this Agreement.

2.03. The Maximum Commitment Charge Rate payable by the Recipient on the unwithdrawn Financing Balance shall be one-half of one percent (1/2 of 1%) per annum.

2.04. The Payment Dates are January 1 and July 1 in each year.

2.05. The Payment Currency is the Euro.

ARTICLE III — PROJECT

3.01. The Recipient declares its commitment to the objective of the Project. To this end, the Recipient shall: (i) carry out Parts 1.1, 1.3, 1.4, 2, 3.1(b), 3.2, 3.3 and 4(ii) of the Project through the MALF; and (ii) pursuant to the Subsidiary Grant Agreement, cause Parts 1.2, 1.5, 3.1 (a) and 4(i) of the Project to be carried out by CORAF, all in accordance with the provisions of Article IV of the General Conditions and the Project Agreement.

3.02. Without limitation upon the provisions of Section 3.01 of this Agreement, and except as the Recipient and the Association shall otherwise agree, the Recipient shall ensure that the Project is carried out in accordance with the provisions of Schedule 2 to this Agreement.

ARTICLE IV — REMEDIES OF THE ASSOCIATION

4.01. The Additional Event of Suspension consists of the following, namely, that the CORAF’s Legislation has been amended, suspended, abrogated, repealed or waived so as to affect materially and adversely the ability of CORAF to perform any of its obligations under the Project Agreement.

ARTICLE V — EFFECTIVENESS; TERMINATION

5.01. The Additional Conditions of Effectiveness consists of the following:

(a) the Recipient shall have strengthened the Secretariat General to carry out the Project, under terms of reference and with staff in numbers and with qualifications satisfactory to the Association. As part of such staffing, there shall be in place for the Secretariat General: (i) an assistant operational coordinator; (ii) a financial management specialist and a procurement specialist, and (iii) a consulting firm to reinforce the coordination capacity of the Secretariat General in the implementation of the tools required for a quality fiduciary management.
(b) the Subsidiary Grant Agreement has been executed on behalf of the Recipient and CORAF.

5.02. The Additional Legal Matter consists of the following, namely, that the Subsidiary Grant Agreement has been duly authorized by the Recipient and CORAF and is legally binding upon the Recipient and CORAF in accordance with its terms.

5.03. The Effectiveness Deadline is the date ninety (90) days after the date of this Agreement.

5.04. For purposes of Section 8.05(b) of the General Conditions, the date on which the obligations of the Recipient under this Agreement (other than those providing for payment obligations) shall terminate is twenty (20) years after the date of this Agreement.

**ARTICLE VI — REPRESENTATIVE; ADDRESSES**

6.01. The Recipient’s Representative is the minister of the Recipient at the time responsible for finance.

6.02. The Recipient’s Address is:

SCHEDULE 1

Project Description

The objective of the Project is to generate and accelerate adoption of improved technologies in the Participating Countries’ top agricultural commodity priority areas that are aligned with the sub-region’s top agricultural commodity priorities as outlined in the ECOWAP.

The Project constitutes part of the first phase of the Program, and consists of the following parts:

Part 1: Enabling Conditions for Sub-Regional Cooperation in Generation, Dissemination and Adoption of Agricultural Technologies

Carrying out of a program to strengthen the mechanisms and procedures for generation, dissemination and adoption of improved agricultural technologies and tools by the Recipient so as to allow the Recipient and the ECOWAS member countries to benefit from the said technologies within the framework of a sub-regional technical and scientific cooperation, encompassing the provision of goods, consultants’ services, training, and the financing of operational costs required for:

1. the development of a sustainable financing mechanism for the existing Competitive Agricultural Research Grant (CARG) systems and an appropriate institutional arrangement for the generation, dissemination and adoption of improved and resilient agricultural technologies, through: (i) the development of suitable legislation harmonized with legislation of the other Participating Countries; (ii) the preparation of similarly harmonized manuals of procedures for such financing mechanism’s effective, transparent, and participatory management; and (iii) the setting up of suitable monitoring and evaluation systems adequate to supervise and, thereby, ensure the profitable performance of the financing mechanism and its accompanying institutional arrangements;

2. the strengthening of CORAF’s knowledge management, information and communication systems through: (i) the establishment of an efficient communication and information network system linking the Participating Countries; (ii) the upgrading of skills in information and communications technology and knowledge management, the consolidation of information available in various other data bases both at the national and sub-regional levels, and the provision to end-users of easy access to appropriate responses in real time; (iii) the development of a data base on agricultural research skills; and (iv) the carrying out of studies and the delivery of workshops to establish a food security hub for the Mano River Union;
3. the establishment of sub-regional regulations on genetic materials and agrochemicals through: (i) the development and adoption of regulations on fertilizer use and handling under preparation by ECOWAS which are harmonized with regulations of the other Participating Countries and the dissemination of the existing regulations on pesticide and genetic materials management; (ii) the evaluation of existing policies, rules and procedures on the exchange of technologies; and (iii) the delivery of workshops and seminars designed to ensure the participation of producers and agro-industrials in the formulation of regulations;

4. the establishment and/or strengthening of the of the national regulatory bodies for seeds and pesticides to ensure the effective release of genetic materials, pesticides and fertilizers and the management of intellectual property rights (IPR), through: (i) the revision, as necessary, of the Recipient’s procedures thereon in order to align them with sub-regional directives; (ii) the implementation of these procedures for the release, dissemination and adoption of new technologies, including the preparation and carrying out of a dissemination action plan; (iii) the documentation and the recording of the characteristics of technologies and the constitution of catalogues for proven and released technologies; (iv) the promotion of these technologies through various media; (v) the strengthening of the harmonization of procedures and analysis of IPR issues; and (vi) the promotion and the facilitation of access by non Participating Countries to improved technologies developed in the Participating Countries; and

5. the development by CORAF of a strategy to mainstream climate change considerations in research and development programs carried out by the Participating Countries, including: (i) the organization of a training program for researchers on climate change; (ii) the adoption of a screening tool for the CARG schemes to ensure research proposals take into account climate change issues; (iii) the assessment of the vulnerability of priority commodities to climate change; (iv) the promotion of relevant technologies to mitigate climate change impact; and (v) the development of a strategy to mainstream gender considerations in research and development programs using similar tools to those for mainstreaming climate change.

Part 2: Strengthening of the Research System

Strengthening of the operational capacities of the national agricultural research and advisory systems in one national priority area of each Participating Country which is aligned to regional priorities, specifically through the strengthening of the *Institut Togolais de Recherche Agronomique* (ITRA) and the *Institut de Conseil et d'Appui Technique* (ICAT) building on backstopping from CGIAR centers and existing NCOs in the sub-region and the carrying out of a program encompassing the provision of works,
goods, consultants’ services, training (including academic training), and the financing of operational costs and Small Grants required for:

1. the development and implementation of ITRA’s core research and development dissemination programs, including: (i) the implementation, through the provision of Small Grants, of research activities to assess available technologies from within or outside the Recipient’s territory; (ii) the elaboration and implementation of dissemination and communication plans on readily available technologies; and (iii) the development of programs on adaptation and generation of new technologies and adequate responses to other constraints along the value chain;

2. the enhancement of the capacity building of research scientists and the facilitation of national, sub-regional and international partnerships, including the carrying out of research exchange programs, the provision of training to young researchers, and the implementation of the annual capacity building plans;

3. the construction and rehabilitation of selected core facilities of ITRA and ICAT and the provision of equipment required for the purpose; and

4. the carrying out of value chain analysis, impact studies, benchmarking, and monitoring and impact analysis for commissioned or strategic research thereon.

Part 3: Funding of Demand-Driven Technology Generation and Adoption

Carrying out of a program aimed to accelerate the adoption of readily available technologies and the generation and dissemination of adapted technologies in top national and regional priority commodities in Participating Countries and at the sub-regional level, through the funding of CORAF’s and the national CARG schemes, encompassing the provision of works, goods, consultants’ services, training, study tours, workshops and the financing of operational costs and Grants for:

1. Competitive Agricultural Research Schemes for Technology Generation and Dissemination

   (a) Regional Window: expansion of CORAF’s CARG scheme through the financing of Grants to carry out research projects that benefit the entire ECOWAS region.

   (b) National Window: operationalization of the FNAIA through the financing of Grants to complement ongoing and future research and development activities within the Recipient’s territory.

2. Accelerated Adoption of Released Technologies

Improvement of the adoption of released technologies in order to bridge the yield gap between producers and research and reinforcement of the dissemination of
technologies generated under the Project, through: (i) the carrying out of stakeholder workshops for the preparation of national dissemination action plans for released technologies; (ii) the promotion of released technologies, using various media to improve knowledge and scale up application of the technologies; (iii) the introduction of information technology in the technology transfer system; (iv) the provision of training on released technologies for extension service providers (including national extension services, non-governmental organizations, input providers, farmer organizations and other stakeholders) through the use of participatory strategies and mechanisms; and (v) the delivery of field demonstrations of released technologies.

3. Facilitating Access to Improved Genetic Material

Expansion of the availability to, and access of, producers to improved genetic materials of seeds, planting materials, fingerlings, other breed stock and the like, entailing: (i) the development and improvement of the Recipient’s gene banks with a view to manage biodiversity and climate change through better conservation of its genetic assets; (ii) the upgrading of the capacity of selected public research stations to produce, procure and store breeder seeds and to produce foundation seeds through investments in irrigation facilities, lab and storage equipment; (iii) the scaling up of the production of certified seeds by small and medium enterprises and farmers organizations; (iv) the strengthening of the production and quality capacity of seed companies and seed producers; (v) the development of a network to link seed producers to variety development programs so as to facilitate producers’ access to improved varieties and the provision of mini-kits of improved seeds to producers to quick-start dissemination; (vi) the promotion of the information and technology communications necessary to develop the network of seed producers and end seed users, including the provision of up-to-date information on improved varieties potentially beneficial to small farmers; and (vii) the strengthening of the capacity for seed quality assurance of the Direction des Semences.

Part 4: Project Coordination, Management, Monitoring and Evaluation

Establishment of an effective coordination, management, monitoring and evaluation system for the Project at both: (i) the regional; and (ii) the national levels, thereby ensuring the implementation at each level of suitable financial management and procurement systems by CORAF and the Secretariat General, timely reporting on Project’s activities, accurate monitoring and evaluation of regional and national agricultural productivity, and carrying out of a communication strategy, all through the provision of vehicles and goods, consultants’ services, training, and the financing of operational costs.
SCHEDULE 2

Project Execution

Section I. Implementation Arrangements

A. Institutional Arrangements

1. Ministry of Agriculture, Livestock and Fisheries

The Recipient, through its MALF, shall assure overall coordination of the Project is carried out by the Secretariat General, in collaboration as needed with the Department of Administration and Finances and the Department of Planning and Agricultural Cooperation within the MALF.

2. Technical Steering Committee

The Recipient, through the MALF, shall not later than three (3) months after the Effective Date, establish and thereafter maintain throughout Project implementation, a national Technical Steering Committee under terms of reference satisfactory to the Association vested with responsibility for providing policy guidance and for overseeing Parts 1.1, 1.3, 1.4, 2, 3.1(b), 3.2, 3.3 and 4(ii) of the Project. The Technical Steering Committee shall be chaired by the Secretary General of the MALF and its composition shall include representatives from the government, stakeholders, producers and the private sector. The Technical Steering Committee shall meet at least three times each Fiscal Year to undertake, inter alia, the approval of the draft AWP&B and the approval of the annual report to be prepared by the Project Coordinator not later than October 31 each year to follow-up on, and assess the progress in, the carrying out of the precedent AWP&B.

3. Inter-Ministerial Strategic Steering Committee

The Inter-Ministerial Strategic Steering Committee shall be presided by the minister responsible for agriculture, and it shall meet at least once each Fiscal Year with the mission of: (i) adopting the annual report for the Project; (ii) providing strategic guidance to the Project; and (iii) ensuring the coherence of the Project strategy with the other development projects.

4. Secretariat General

The Recipient, through the MALF, shall maintain throughout Project implementation the Secretariat General, headed by the Project Coordinator, under terms of reference and staffed in number and with qualifications satisfactory to the Association, thereby ensuring that the Secretariat General (acting as the National Coordination Unit),
oversee and take all measures necessary for the suitable and timely implementation of Parts 1.1, 1.3, 1.4, 2, 3.1(b), 3.2, 3.3 and 4(ii) of the Project pursuant to the provisions of this Agreement, including without limitation: (i) in general, the coordination and management of the Financing and the carrying out of the procurement, monitoring, evaluation and reporting functions; and (ii) in particular, the assessment of impacts and systematic analysis of lessons learnt and the monitoring of the overall progress in implementing agricultural research activities undertaken within the ITRA. The Recipient, through the Minister of Agriculture, Livestock and Fisheries, shall appoint and maintain a Project Coordinator to oversee daily implementation of Parts 1.1, 1.3, 1.4, 2, 3.1(b), 3.2, 3.3 and 4(ii) of the Project, and ensures the Secretariat General comprises any additional staff that may be necessary, particularly in the accounting and procurement areas, for the successful implementation of the Project. For such purposes, the Recipient shall, not later than three (3) months after the Effective Date recruit for the Secretariat General one (1) internal auditor, (1) assistant procurement specialist, and one (1) monitoring and evaluation specialist, all on the basis of terms of reference and with qualifications and experience satisfactory to the Association.

B. Implementation Modalities

1. Parts 1.3 and 1.4 of the Project: Establishment of Regional Regulations on Genetic Materials and Agrochemicals and strengthening of the Direction des Semences and the Direction de la Protection des Végétaux

For the purposes of carrying out Parts 1.3 and 1.4 of the Project, the Secretariat General shall conclude with each concerned Directorate of the MALF, a result-based memorandum of understanding under terms and conditions satisfactory to the Association: (i) entrusting responsibility for implementation of such Parts of the Project to the relevant Directorate; and (ii) setting forth the implementation details and the Directorate’s undertaking to assure the efficient carrying out of such Parts of the Project.

2. Part 2 of the Project: Strengthening of the Research System

For the purposes of carrying out Part 2 of the Project, the Secretariat General shall enter into an implementation agreement with ITRA and ICAT whereby the Secretariat General shall: (i) entrust to ITRA or ICAT its implementation responsibilities thereunder; and (ii) ensure Part 2 is carried out by ITRA and ICAT as planned in the AWP&B and in accordance with the provisions of the Project Implementation Manual.

3. Small Grants under Part 2.1 of the Project and Grants under Part 3.1(b) of the Project

(a) Small Grants under Part 2.1 of the Project shall be managed and monitored by ITRA pursuant to the provisions of the Project Implementation Manual and within the framework of the AWP&B, and shall be made available to Beneficiaries through ITRA on the basis of the specific Research Proposals previously validated by the Secretariat
General and included and approved in the AWP&B to finance an amount not exceeding the total estimated cost of the activities it will finance.

(b) The national CARG scheme under Part 3.1(b) of the Project shall be managed and monitored by the Secretariat General pursuant to the procedures of, and under the terms and conditions set forth in, the Project Implementation Manual. The Secretariat General shall: (i) evaluate the Grant applications; (ii) decide on which Grants shall receive financing under the Financing; (iii) approve the Grant for disbursement, ensuring it will not exceed the total estimated cost of the activities it will finance and, thereafter, conclude the Grant Agreement with each Beneficiary; and (iv) not assign, amend, abrogate or waive the Project Implementation Manual or any of its provisions without the Association’s prior agreement. Once the FNAIA scheme is fully operational under Part 3.1(b) of the Project to the satisfaction of the Association, the FNAIA shall take over the responsibilities of the Secretariat General set forth in sub-paragraphs (i), (ii), (iii), and (iv) of this paragraph (b), thus managing and monitoring the CARG scheme pursuant to the provisions of this paragraph and the procedures of, and under the terms and conditions to be set forth in, the FNAIA Manual of Procedures, and in accordance with an agreement to be concluded between the Secretariat General and the FNAIA for the purpose.

(c) Without any limitation upon the provisions of the preceding paragraphs (a) and (b), the Recipient shall take all action necessary to ensure that, in making Small Grants and Grants available, as the case may be, the ITRA or the Secretariat General/FNAIA, as the case may be, shall obtain rights adequate to protect the interests of the Recipient and those of the Association, including the right:

(i) to suspend or terminate the right of the Beneficiary to use the proceeds of the Small Grant or Grant, as the case may be, or obtain a refund of all or any part of the amount of the Small Grant or Grant then withdrawn, as the case may be, upon the Beneficiary’s failure to perform any of its obligations, respectively, under the Research Proposal or Grant Agreement; and

(ii) to require each Beneficiary: (A) to carry out the activities for which the Small Grant or Grant, as the case may be, was given with due diligence and efficiency and in accordance with sound agricultural, technical, economic, financial, managerial, environmental and social standards and practices satisfactory to the Association, including in accordance with the provisions of the Anti-Corruption Guidelines applicable to recipients of credit proceeds other than the Recipient, and under the terms and
conditions stipulated in the Project Implementation Manual or the FNAIA Manual of Procedures, as the case may be; (B) to provide, promptly as needed, the resources required for the purpose of the Small Grant or Grant, as the case may be; (C) to procure the goods, works and services to be financed out of the proceeds of the Small Grant or Grant, as the case may be, in accordance with the provisions of this Agreement; (D) (1) to maintain a financial management system and prepare financial statements in accordance with consistently applied accounting standards acceptable to the Association, both in a manner adequate to reflect the operations, resources and expenditures related to the Small Grant or Grant, as the case may be; and (2) at the Association’s or the Recipient’s request, to have such financial statements audited by independent auditors acceptable to the Association, in accordance with consistently applied auditing standards acceptable to the Association, and promptly furnish the statements as so audited to the Recipient and the Association; (E) upon reasonable request, to enable the Recipient and the Association to inspect the activities, its operation and any relevant records and documents; and (F) to prepare and furnish to the Recipient and the Association all such information as the Recipient or the Association shall reasonably request relating to the foregoing.

(d) The Recipient shall take all measures necessary to ensure that the ITRA or the Secretariat General/FNAI, when and as appropriate, shall exercise its rights under each Research Proposal or Grant Agreement, as the case may be, in such manner as to protect the interests of the Recipient and the Association and to accomplish the purposes of the Financing.

4. Parts 3.2 and 3.3 of the Project: Support to Accelerated Adoption of Released Technologies and Facilitating Access to Improved Genetic Material

The Recipient, through the Secretariat General, shall carry out Parts 3.2 and 3.3 of the Project through contractual arrangements to be concluded with suitable advisory service providers in accordance with the provisions of the Project Implementation Manual.

5. Selection of Facilities and Stations under Parts 2.3 and 3.3(ii) of the Project

In order to maximize the benefits to be derived from the Project, the Recipient, through the Secretariat General, shall:

(a) select: (i) the core facilities of ITRA and ICAT proposed to be constructed and rehabilitated under Part 2.3 of the Project; and (ii) the public research stations proposed to be upgraded under Part 3.3(ii) of the
Project, applying the following criterion: the facility or the station has been identified by the management of ITRA and ICAT on the basis of consultations carried out with its researchers during the preparation of the priority list of works and during the validation of the design of the works; and

(b) thereafter, furnish to the Association for approval for financing out of the proceeds of the Financing the facilities and stations as so selected.

6. Project Implementation Manual

The Recipient, through the Secretariat General, shall: (i) take all action required to carry out Parts 1.1, 1.3, 1.4, 2, 3.1(b), 3.2, 3.3 and 4(ii) of the Project in accordance with the provisions and requirements set forth or referred to in the Project Implementation Manual; (ii) submit recommendations to the Association for its consideration for changes and updates of the Project Implementation Manual as they may become necessary or advisable during Project implementation in order to achieve the objective of Parts 1.1, 1.3, 1.4, 2, 3.1(b), 3.2, 3.3 and 4(ii) of the Project; and (iii) not assign, amend, abrogate or waive the Project Implementation Manual or any of its provisions without the Association’s prior agreement. Notwithstanding the foregoing, if any of the provisions of the Project Implementation Manual is inconsistent with the provisions of this Agreement, the provisions of this Agreement shall prevail and govern.

7. Training under Parts 1.1, 1.3, 1.4, 2, 3.1(b), 3.2, 3.3 and 4(ii) of the Project

For the purposes of the training (including academic training) to be financed under Parts 1.1, 1.3, 1.4, 2, 3.1(b), 3.2, 3.3 and 4(ii) of the Project and to be delivered through study tours, workshops, seminars, conferences, and on the job training, the Recipient shall:

(a) furnish to the Association for its approval, not later than January 31 of each year, a training program including an explanation of how such training is consistent and conducive to the objectives of the Project and whether it offers the best price/quality ratio, as well as the schedule for its implementation;

(b) select the trainees in accordance with a transparent process and criteria satisfactory to the Association; and

(c) furnish to the Association a report of such scope and detail as the Association shall reasonably request, on the results of each training and the benefits to be derived therefrom.
8. **Annual Work Program and Budget (AWP&B)**

The Recipient, through the Secretariat General, shall:

(a) prepare a draft AWP&B for each Fiscal Year, setting forth, *inter alia*:
   (i) a detailed description of planned activities for Parts 1.1, 1.3, 1.4, 2, 3.1(b), 3.2, 3.3 and 4(ii) of the Project for the following Fiscal Year;
   (ii) the sources and uses of funds therefor; and (iii) responsibility for execution of said Project activities, budgets, start and completion date, outputs, and monitoring indicators to track progress of each activity;

(b) not later than November 30 of each Fiscal Year and after considering the comments provided by the Technical Steering Committee, furnish to the Association for its comments and approval, the draft AWP&B and, promptly thereafter, finalize the AWP&B taking into account the Association’s views and recommendations thereon; and

(c) adopt and sign the final version of the AWP&B in the form approved by the Association not later than December 31 of such Fiscal Year.

9. **CORAF Arrangements: Subsidiary Grant Agreement**

(a) For the purposes of carrying out Parts 1.2, 1.5, 3.1(a) and 4(i) of the Project, the Recipient shall make the proceeds of the Financing allocated from time to time to Categories (2)(a) and (4) available to CORAF on a grant basis under a subsidiary grant agreement to be entered into between the Recipient and CORAF, under terms and conditions approved by the Association (“Subsidiary Grant Agreement”).

(b) The Recipient shall exercise its rights and carry out its obligations under the Subsidiary Grant Agreement in such manner as to protect the interests of the Recipient and the Association and to accomplish the purposes of the Financing. Except as the Association shall otherwise agree, the Recipient shall not assign, amend, abrogate or waive the Subsidiary Grant Agreement or any of its provisions.

C. **Anti-Corruption**

The Recipient shall ensure that the Project is carried out in accordance with the provisions of the Anti-Corruption Guidelines.
D. Safeguards Covenants

1. Works under Parts 2.3 and 3.3(ii) of the Project

Prior to the award of each contract for works under Parts 2.3 or 3.3(ii) of the Project, the Recipient, through the Secretariat General, shall: (i) submit to the Association for its review and approval the related site-specific Environmental and Social Impact Assessment (ESIA) or Environment and Social Management Plan (ESMP), as the case may be, in accordance with the provisions of the ESMF and in form and substance satisfactory to the Association; (ii) consult upon and disclose the site-specific ESIA or ESMP as approved by the Association; and (iii) thereafter, ensure that the relevant mitigation and monitoring provisions of the ESIA or ESMP, as the case may be, and RRP, if applicable to the site, are appropriately included in the works contract concluded for the site and that they are implemented in the carrying out of Parts 2.3 and 3.3(ii) of the Project.

2. Pest Management Plan

The Recipient, through the Secretariat General, shall follow and apply at all times in the implementation of Parts 2 and 3 of the Project the provisions of the Pest Management Plan in a timely manner, ensuring that: (i) mitigation and monitoring measures acceptable to the Association are designed and implemented with due diligence and employing appropriate environmental expertise; and (ii) adequate information on the implementation of the measures contained in the PMP is appropriately included in the Progress Reports referred to below in Section II.A.1.

3. Environmental and Social Screening Arrangements

The Recipient shall take all measures required on its behalf so that the ITRA or the Secretariat General/FNAIA, as the case may be: (i) screen, under Parts 2.1 and 3.1(b) of the Project, the activities under the Research Proposals and Grants proposals submitted for financing out of the proceeds of the Financing; (ii) ensure that each Beneficiary: (A) carry out an appropriate site-specific Environmental and Social Impact Assessment (ESIA) or Environment and Social Management Plan (ESMP), as the case may be, for each such activities in accordance with the provisions of the ESMF and in form and substance satisfactory to the Association; and (B) consult upon and disclose the site-specific ESIA or ESMP, as the case may be, as approved by the Association; (iii) verify (through its own staff, outside experts, or existing environmental/social institutions) before approving the Research Proposal or Grant proposal that the activities meet the environmental and social requirements of appropriate national and local authorities and that they are consistent with the Association’s applicable environmental and social assessment and safeguard policies and comply with the environmental and social review procedures set forth in the Project Implementation Manual or the FNAIA Manual of Procedures, as the case may be; and (iv) thereafter, ensure that the relevant mitigation and
monitoring provisions of the ESIA or ESMP, as the case may be, and RRP, if applicable to the activities under the Research Proposals and Grants proposals, are appropriately implemented.

4. **Resettlement and Rehabilitation Plan**

   The Recipient, through the Secretariat General, shall take all action necessary on its behalf: (i) to carry out the RRP with due diligence and efficiency and at all times provide the funds necessary therefor; (ii) to adequately monitor and evaluate the carrying out of the activities provided in the RRP in the carrying out of the Project; and (iii) to maintain the Association suitably informed of the progress in the implementation of the RRP.

5. **Biosafety Requirements**

   The Recipient shall carry out Parts 1.1, 1.3, 1.4, 2, 3.1(b), 3.2, 3.3 and 4(ii) of the Project pursuant to its obligations under, and in accordance with environmental safeguards and international good practice and standards consistent with those of, the Cartagena Protocol on Biosafety.

**Section II. Project Monitoring, Reporting and Evaluation**

**A. Project and Completion Reports**

1. The Recipient, through the Secretariat General, shall monitor and evaluate the progress of Parts 1.1, 1.3, 1.4, 2, 3.1(b), 3.2, 3.3 and 4(ii) of the Project and prepare Project Reports in accordance with the provisions of Section 4.08 of the General Conditions and on the basis of the National Monitoring and Evaluation Indicators. Each Project Report shall cover the period of one calendar semester, and shall be furnished to the Association and CORAF not later than forty-five (45) days after the end of the period covered by such report.

2. For purposes of Section 4.08 (c) of the General Conditions, the report on the execution of Parts 1.1, 1.3, 1.4, 2, 3.1(b), 3.2, 3.3 and 4(ii) of the Project and related plan required pursuant to that Section shall be furnished to the Association and CORAF not later than four (4) months before the Closing Date.

**B. Mid-Term Review**

The Recipient, through the Secretariat General, shall:

(a) maintain policies and procedures adequate to enable it to monitor and evaluate on an ongoing basis, in accordance with the National Monitoring and Evaluation Indicators, the carrying out of Parts 1.1, 1.3, 1.4, 2, 3.1(b), 3.2, 3.3 and 4(ii) of the Project and the achievement of the objective thereof;
prepare, under terms of reference satisfactory to the Association, and furnish to the Association, on or about September 30, 2013, a report integrating the results of the monitoring and evaluation activities and setting out the measures recommended to ensure the efficient carrying out of Parts 1.1, 1.3, 1.4, 2, 3.1(b), 3.2, 3.3 and 4(ii) of the Project and the achievement of the objective thereof during the period following such date; and

review with the Association, on or about October 31, 2013, or such later date as the Association shall request, the report referred to in the preceding paragraph (b), and, thereafter, take all measures required to ensure the efficient completion of Parts 1.1, 1.3, 1.4, 2, 3.1(b), 3.2, 3.3 and 4(ii) of the Project and the achievement of the objective thereof, based on the conclusions and recommendations of the said report and the Association’s views on the matter.

C. Financial Management, Financial Reports and Audits

1. The Recipient, through the Secretariat General, shall maintain or cause to be maintained a financial management system in accordance with the provisions of Section 4.09 of the General Conditions.

2. Without limitation upon the provisions of Part A of this Section, the Recipient shall prepare and furnish to the Association as part of the Project Report not later than forty-five (45) days after the end of each calendar semester, interim unaudited financial reports for Parts 1.1, 1.3, 1.4, 2, 3.1(b), 3.2, 3.3 and 4(ii) of the Project covering the semester, in form and substance satisfactory to the Association.

3. The Recipient shall have its Financial Statements audited in accordance with the provisions of Section 4.09(b) of the General Conditions. Each audit of the Financial Statements shall cover the period of one Fiscal Year of the Recipient. The audited Financial Statements for each such period shall be furnished to the Association not later than six (6) months after the end of such period.

Section III. Procurement

A. General

1. Goods, Works and Services (Other than Consultants’ Services). All goods, works and services (other than consultants’ services) required for the Project and to be financed out of the proceeds of the Financing shall be procured in accordance with the requirements set forth or referred to in Section I of the Procurement Guidelines, and with the provisions of this Section.
2. **Consultants’ Services.** All consultants’ services required for the Project and to be financed out of the proceeds of the Financing shall be procured in accordance with the requirements set forth or referred to in Sections I and IV of the Consultant Guidelines, and with the provisions of this Section.

3. **Definitions.** The capitalized terms used below in this Section to describe particular procurement methods or methods of review by the Association of particular contracts, refer to the corresponding method described in the Procurement Guidelines, or Consultant Guidelines, as the case may be.

**B. Particular Methods of Procurement of Goods, Works and Services (Other than Consultants’ Services)**

1. **International Competitive Bidding.** Except as otherwise provided in paragraph 2 below, goods, works and services (other than consultants’ services) shall be procured under contracts awarded on the basis of International Competitive Bidding.

2. **Other Methods of Procurement of Goods, Works and Services (Other than Consultants’ Services).** The following table specifies the methods of procurement, other than International Competitive Bidding, which may be used for goods, works and services (other than consultants’ services). The Procurement Plan shall specify the circumstances under which such methods may be used:
