IV. Other Disbursement Instructions

Category 1 Grants – Conditional Cash Transfers

Category 1 will finance conditional cash transfers provided to eligible beneficiaries on a grant basis. Credit proceeds under Category 1 will be disbursed to a Designated Account (DA-A) used exclusively for this category as follows:
First Disbursement – Advance Request of US$6,000,000 sufficient to cover the first conditional cash transfer payment.

Subsequent Disbursements – (i) customized Statement of Expenditure (SOE), (ii) results of the concurrent audit required under Section V, of Schedule 2 of the legal agreement, (iii) a forecast of the amount needed to make the next conditional cash transfer, and (iv) the DA-A activity statement with a copy of the corresponding bank statement.

In the case that the concurrent audit identifies instances of ineligible expenditures paid, the PRAF will be responsible for identifying those ineligible expenditures submitted in the customized SOE. These amounts will then appear in the DA-A activity statement as amounts questioned with the detailed amount and Justification of Expenditures number where the audit report identifies the ineligibles expenditures. If the activity statement of the DA-A includes ineligibles expenditures from more than one concurrent audit report, those amounts should be segregated by Withdrawal Application number. The PRAF will be responsible for resolving the ineligible expenditures by either (i) demonstrating the eligibility of the questioned amounts, (ii) presenting other cash transfers made with counterparts funds in lieu of ineligible expenditures, or (iii) refunding the amount to the DA-A. Any questioned amounts appearing in the DA-Activity statement will need to be resolved no later than the second Withdrawal Application submitted after the questioned amounts were first reported. In the case of ineligible expenditures are reporting in the last and second to last Withdrawal Applications, the amounts will need to be resolved no later than by the closing date of the project.

In that case the amounts transferred from the DA-A to the pay agent are not fully disbursed (i.e. beneficiary doesn’t collect payment) then the amounts remaining unpaid will be refunded back to the DA-A by the pay agent prior to receiving the next transfer. Note that these refunds should be documented in the DA-A activity statement submitted with each withdrawal application.
