SCHEDULE 1

Project Description

The objective of the Project is to restore an adequate public utility service for electricity and water in urban areas and to create the foundation for a sustainable expansion of a commercially-oriented service in the most cost-efficient way.

The Project constitutes the first phase of the Program, and consists of the following parts:

A. Short term investments

1. Supporting the Recipient in the reinforcement and rehabilitation of power generation infrastructure, including the rehabilitation of existing hydroelectric units, the rehabilitation of thermal units, and the conversion of generation units from diesel to heavy fuel oil (HFO), in particular in some of the following power generation sites: Andekaleka, Antelomita, Volobe, Ankazobe, Tsiazompaniry, Ambodiriana Vatomandry, Ambohimanambola, Antsirabe and Mahajanga.

2. Supporting the Recipient in: (a) the reduction of transmission losses, through the rehabilitation of transmission networks, in particular the Ambohimanambola/Mandraka transmission line; and (b) the reduction of distribution losses, through the rehabilitation of low voltage (LV) networks in some of the following networks: RI-Tana, Morondava, Manakara, Antsiranana, Sambava, Antalaha, Amabanja, and Toamasina.

3. Supporting the Recipient in: (a) improving its revenue management capacity, through the implementation of a meter and residential customer records verification program, the installation of prepayment meters and of spot metering equipment and systems, and the verification of installations in premises of industrial clients; and (b) modernizing information system, and information and telecommunications equipment, and provision of training in the same.

B. Technical Assistance, Capacity Building and Project Implementation

1. Supporting the Recipient in the contracting out of JIRAMA’s management to a private operator, through the provision of technical assistance required in connection with the process of selecting and contracting such private operator.

2. Supporting the Recipient, as the case may be, in extending the Existing Management Contract before the actual transfer of management under paragraph 1 above.

3. Supporting the Recipient in the carrying out of studies, such as pre-feasibility or environmental studies in connection with the short term generation development program to be implemented through independent power providers.
4. Supporting the Recipient in strengthening the MEM’s capacity, through technical assistance and services of a resident expatriate adviser.

5. Supporting the Recipient in the carrying out of necessary engineering, financial, technical, environmental, social, and commercial studies to implement the medium term development plan of JIRAMA to be carried under the Program.

6. Supporting project monitoring, including environmental and social, and evaluation of the activities under the Project.

7. Supporting project implementation, project coordination, procurement, and financial management, through the provision of technical advisory services.
SCHEDULE 2

Project Execution

Section I. Subsidiary Financing; Institutional and Other Arrangements

A. Subsidiary Agreement.

1. To facilitate the carrying out of the Project Implementing Entity’s Respective Part of the Project, the Recipient shall make part of the proceeds of the Financing available to the Project Implementing Entity under a subsidiary agreement (“Subsidiary Agreement”) between the Recipient and the Project Implementing Entity, under terms and conditions approved by the Association, which shall include the following:

   a. The obligation of the Recipient to transfer the proceeds of the Credit required for the implementation of Part A of the Project to the Project Implementing Entity on a reimbursable basis, and otherwise, to take all action necessary to permit the Project Implementing Entity to carry out the Project and ensure the achievement of the objectives thereof.

   b. The obligation of the Project Implementing Entity to promptly inform the Recipient of any condition which interferes or threatens to interfere with the implementation of the Project and the achievement of the objectives thereof.

   c. The obligation of the Project Implementing Entity, at the request of the Recipient, to exchange views with the Recipient with regard to the progress of the Project and the achievement of the objectives thereof, and the Project Implementing Entity’s performance of its obligations under the Subsidiary Agreement and the JIRAMA Project Manual.

   d. The obligation of the Project Implementing Entity to carry out the Project in accordance with this Agreement, the Project Agreement, the Subsidiary Agreement, and the JIRAMA Project Manual, and at all times to ensure that only activities that comply with the Subsidiary Agreement and the JIRAMA Project Manual will be financed from the proceeds of the Credit.

   e. The obligation of the Project Implementing Entity to comply with the ESMF and EMP.

   f. The obligation of the Project Implementing Entity to promptly refund to the Recipient any proceeds from the Credit not used for purposes of
carrying out the Project or for achieving the objectives thereof, or otherwise utilized in a manner which does not comply with the provisions of this Agreement or the Project Agreement.

g. A provision stipulating that, in case of conflict between any of the provisions contained in the Subsidiary Agreement or the JIRAMA Project Manual, on one hand, and those set forth in this Agreement and the Project Agreement, on the other hand, the provisions of this Agreement and the Project Agreement shall at all times prevail.

2. The Recipient shall exercise its rights under the Subsidiary Agreement in such manner as to protect the interests of the Recipient and the Association, and to accomplish the purposes of the Financing. Except as the Association shall otherwise agree, the Recipient shall not assign, amend, arrogate or waive the Subsidiary Agreement of any of its provisions.

B. Other Arrangements

1. The Recipient shall ensure that, at all time during project implementation, a team composed of staff with qualifications and experience satisfactory to the Association, including a technical advisor, an accountant and a procurement officer, be maintained within MEM for the purpose of carrying out Part B of the Project. Said team within MEM shall be responsible for providing overall support, and strategic guidance, and for carrying out fiduciary and monitoring and reporting activities under part B of the Project.

2. The Recipient shall carry out the Project, or cause the Project to be carried out, in accordance with the provisions of the ESMF, and, as the case may be, in accordance with the provisions of the EMP, and except as the Association shall otherwise agree, the Recipient shall not amend or waive any provision of the aforementioned, if such amendment or waiver may, in the opinion of the Association, materially or adversely affect the implementation of the Project.

Section II. Project Monitoring, Reporting, Evaluation

A. Project Reports.

1. (a) The Recipient shall monitor and evaluate the progress of the Project and prepare Project Reports in accordance with the provisions of Section 4.08 of the General Conditions and on the basis of the indicators set forth below in sub-paragraph (b) of this paragraph. Each Project Report shall cover the period of one calendar semester, and shall be furnished to the Association not later than 45 days after the end of the period covered by such report.
(b) The performance indicators referred to above in sub-paragraph (a) consist of the following:

<table>
