National Competitive Bidding: Mandatory Provisions

1. In order to ensure economy, efficiency, transparency, and broad consistency with the provisions included in Section I of the Procurement Guidelines (as required by paragraph 3.3 of the Procurement Guidelines), goods and works shall be procured in accordance with the following paragraphs.

Participation in Bidding

2. The eligibility of bidders shall be as defined under the Procurement Guidelines.

3. Government-owned enterprises in Papua New Guinea shall be eligible to bid only if they can establish that they are legally and financially autonomous, operate under commercial law, and are not a dependent agency of the Recipient.

4. A firm declared ineligible by the Association, based on a determination by the Association that the firm has engaged in corrupt, fraudulent, collusive, coercive or obstructive practices in competing for or in executing an Association-financed contract, shall be ineligible to be awarded an Association-financed contract during the period of time determined by the Association.

5. A firm which has been engaged by the Recipient to provide consulting services for the preparation or implementation of a project, and any of its affiliates, shall be disqualified from subsequently providing goods or works resulting from or directly related to the firm’s consulting services for such preparation or implementation. This provision does not apply to the various firms which together are performing the contractor’s obligations under a turnkey or design and build contract.

6. Foreign bidders shall be eligible to participate in bidding under the same conditions as national bidders. In particular, no domestic preference over foreign bidders shall be granted to national bidders or goods in bid evaluation.

Advertising; Time for Submission of Bids

7. Invitations to bid shall be advertised in at least one (1) newspaper of national circulation, allowing a minimum of thirty (30) days for the preparation and submission of bids, such thirty (30) days to begin with the date of availability of the bid documents or the date of the advertisement, whichever is later.
**Bidding Documents**

8. Until national standard bidding documents approved by the Association are available, bidding documents approved by the Association shall be used.

**Bid Security**

9. All bidders should provide bid security if indicated in the bidding documents, in the amount and form so indicated. A bidder’s bid security shall apply only to a specific bid. A bidder shall be permitted to withdraw or modify its bid prior to the bid submission deadline without forfeiting its bid security.

**Classification of Contractors; Qualification; Post-qualification**

10. Bidding shall not be restricted to any particular class of contractors, and non-classified contractors shall also be eligible to bid. Qualification criteria (in case prequalification is not carried out) shall be stated in the bidding documents and shall be based entirely upon the capability and resources of prospective bidders to perform the particular contract satisfactorily, taking into account their experience and past performance on similar contracts, capabilities with respect to personnel, equipment and construction or manufacturing facilities, as well as their financial position. Before contract award, the bidder having submitted the lowest evaluated, substantially responsive bid shall be subject to post-qualification.

**Registration of Bidders**

11. If a registration process is required, a foreign firm determined to be the lowest evaluated responsive bidder shall be given reasonable opportunity of registering, without any let or hindrance. Bidders shall not be required to register as a precondition for bidding.

**Evaluation Criteria**

12. Evaluation criteria shall be clearly specified in bidding documents, and evaluation criteria other than price shall be quantified in monetary terms.

**Bid Submission, Opening; and Bid Evaluation**

13. Bidders may submit bids, at their option, either in person or by courier service or by mail.

14. Bids shall be opened in public, immediately after the deadline for submission of bids. Bidders’ representatives shall be allowed to attend. The name of the bidder, the total amount of each bid, and any discounts shall be read aloud and recorded in the minutes of the public bid opening. A copy of the minutes of the public bid opening shall
be promptly provided to all bidders who submitted bids. With respect to contracts which are subject to the Association’s prior review, the Recipient shall promptly provide the Association a copy of the minutes of the public bid opening. No bid shall be rejected during the public bid opening. Bids received after the bid submission deadline shall be promptly returned unopened to the bidder.

15. The evaluation of bids shall be done in strict adherence to the criteria declared in the bidding documents and contracts shall be awarded to the qualified bidder which submitted the lowest evaluated, substantially responsive bid.

16. No bid shall be rejected merely on the basis of a comparison with the owner’s estimate or budget ceiling without the Association’s prior written concurrence.

17. The Recipient shall publish the following information on contract award on a free and open access website when that website becomes operational, or on another means of publication acceptable to the Bank: (i) name of each bidder who submitted a bid; (ii) bid prices as read out at bid opening; (iii) name and evaluated price of each bid that was evaluated; (iv) names of bidders whose bids were rejected and the reasons for the rejection; and (v) name of the winning bidder, price it offered, as well as the duration and summary scope of the contract awarded. This publication will be updated at least quarterly.

Rejection of Bids

18. Rejection of all bids and re-bidding shall not be carried out without the Association’s prior written concurrence.

Extension of the Validity of Bids

19. In exceptional circumstances, the procuring entity may, before the expiration of bid validity, request all bidders in writing to extend the validity of their bids. In such cases, bidders shall not be requested nor permitted to amend the price or any other condition of their bids. Bidders shall have the right to refuse to grant such an extension without forfeiting their bid securities, but bidders granting such an extension shall be required to provide a corresponding extension of the validity of their bid securities.

No Contract Negotiations

20. There shall be no negotiation of contracts, even with the lowest evaluated bidder, without the Association’s prior concurrence. A bidder shall not be required, as a condition of award of contract, to undertake obligations not specified in the bidding documents, or otherwise to modify its bid as originally submitted.
Suppliers, Contractors and Subcontractors

21. The Association shall declare a firm ineligible, either indefinitely or for a stated period, to be awarded a contract financed by the Association, if it at any time determines that the firm has, directly or through an agent, engaged in corrupt, fraudulent, collusive, coercive or obstructive practices in competing for, or in executing, a contract financed by the Association.

22. Each contract financed from the proceeds of a Credit shall provide that the suppliers, contractors and subcontractors shall permit the Association, at its request, to inspect their accounts and records relating to the performance of the contract and to have said accounts and records audited by auditors appointed by the Association. The deliberate and material violation by the supplier, contractor or subcontractor of such provision may amount to obstructive practice.

Conflict of Interest

23. Suppliers and contractors that have a business or family relationship with a senior member of the project implementing agency’s staff may not be awarded a contract, unless the conflict of interest stemming from this relationship has been resolved in a manner satisfactory to the Association throughout the process of evaluation of the bids and the execution of the contract.

Bid Protest Mechanism

24. The Recipient shall establish an effective bid protest mechanism related to the procurement process and contract award, acceptable to the Association that allows for bidder protests and the timely handling of such protests. The procedures to receive and handle complaints shall be disclosed in the bidding documents.
