Project Description

The objective of the Project is to enhance the resilience of critical disaster and emergency response infrastructure and to strengthen the Borrower’s institutional capacities in disaster risk reduction and climate change adaptation.

The Project consists of the following parts:

**Part 1: Improving seismic resilience of disaster and emergency response infrastructure**

1. Provision of support to improve the seismic safety and disaster resilience of prioritized critical disaster and emergency response facilities, through investments in structural strengthening and rehabilitation of existing building infrastructure, and/or construction of new buildings to ensure that these critical buildings are fully operational before, during and after disasters such as earthquakes, floods, storms, extreme weather events, by considering the resilience of the buildings and critical systems, such as back up energy, water and communications systems.

   Upgrades will also include: (a) improvements in energy efficiency and building functionality; (b) support universal access; and (c) facilitate equal access and use of these buildings both for men and women.

   This component will cover all goods, works and consulting services associated with, among others, the technical surveys, energy efficiency audits, feasibility studies (including relevant documentation), design, authorizations and permits, designer consultant services during execution of works and site supervision needed to carry out this component.

2. Provision of support, through the provision of goods and consulting services, non-consulting services to develop and carry out of communication, awareness raising and dissemination activities associated with the renovation of buildings, including informational meetings to staff and volunteers using the building and surrounding communities.

**Part 2: Enhancing institutional capacity for risk reduction investment planning**

1. Provision of support, through the provision of goods, consulting services and non-consulting services to DES and GIES to enable risk-informed capital investment planning and support accelerated risk reduction interventions in emergency and disaster response buildings.

   The activities will include:

   (a) Improving and updating the Ro-Risk platform through preparation and use of higher resolution data, improved vulnerability modeling and developing more robust data on the financial and economic impacts of disasters;
(b) Develop a package of evidence-based priority investments to enhance the resilience of emergency and disaster response facilities under GIES; and

(c) Conducting national workshops, trainings, and public awareness campaigns for disaster risk management in Romania.

**Part 3: Project Management**

1. Support to the PIU for the overall day-to-day implementation of the Project including procurement, financial management, monitoring, and evaluation, safeguards and technical oversight, through the provision of goods, consultants' services, Training and Operating Costs, including audit.

2. Support to the PCU for the overall monitoring, reporting and coordination of the Project through the provision of goods, consultants' services, Training and Operating Costs.
SCHEDULE 2
Project Execution

Section I. Implementation Arrangements

A. Institutional Arrangements.

1. Without limitation to the provisions of Article IV of the General Conditions, and except as the Borrower shall otherwise agree, the Borrower shall, through GIES, maintain at all times during the implementation of the Project, a PIU within GIES, with composition, resources, terms of reference and functions acceptable to the Bank. The PIU shall be responsible for the procurement, financial management, day to day monitoring and evaluation and safeguards compliance under the Project.

2. Without limitation to the provisions of Article IV of the General Conditions, and except as the Borrower shall otherwise agree, the Borrower shall, through MOIA, maintain at all times during the implementation of the Project, a PCU within DES with composition, resources, terms of reference and functions acceptable to the Bank. The PCU shall be responsible for overall monitoring, reporting to the Bank, and strategic coordination with the Bank and Ministry of Public Finance under the Project.

1. The Borrower, through MOIA and GIES, shall implement the Project in accordance with a Project Operations Manual (“POM”), in form and substance satisfactory to the Bank, that sets out the operational and administrative procedures and requirements for Project implementation.

2. The POM may not be assigned, amended, abrogated or waived, or permitted to be assigned, amended, abrogated or waived, or any provision thereof, in a manner which, in the opinion of the Bank, may materially and adversely affect the implementation of the Project. The POM may only be amended in consultation with, and after approval of, the Bank. In case of any conflict between the terms of the POM and those of this Agreement, the terms of this Agreement shall prevail.

C. Safeguards.

1. The Borrower through GIES shall, ensure that the Project is carried out with due regard to appropriate health, safety, social, and environmental standards and practices, and in accordance with the Safeguards Instruments.

2. The Borrower, through GIES shall ensure that the obligation to comply with the relevant Safeguards Instruments is incorporated: (a) in the contracts, through GIES, and the relevant contractor(s) and any entity (including any engineer) supervising the Project’s civil works; and (b) in the contracts between the relevant contractor(s) and the contractors’ subcontractors.
3. The Borrower, through GIES, shall ensure that prior to the carrying out of works under the Project:

(a) carry out site-specific EIA and ESMP, under terms of reference acceptable to the Bank, for the relevant works;

(b) prepare, consult and disclose respective site-specific ESMPs in a manner acceptable to the Bank and as set forth in the ESMF; and

(c) before issuing bidding documents for any works contract, prepare and submit to the Bank for its approval the relevant ESMPs in form and substance satisfactory to the Bank.

4. The Borrower, through GIES, shall ensure that:

(a) all consultancies related to technical assistance, design and capacity building under the Project, the application of whose results could have environmental, social and health and safety implications, shall only be undertaken pursuant to terms of reference reviewed and found satisfactory by the Bank; and

(b) such terms of reference shall require the technical assistance, design and capacity building activities to take into account the requirements of the applicable Bank Safeguards Policies and EHS Guidelines.

5. Except as the Bank shall otherwise agree, the Borrower, through GIES, shall ensure, and cause to ensure, that none of the provisions of the Safeguard Instruments is abrogated, amended, repealed, suspended or waived. In case of any inconsistencies between the provisions of any of the Safeguard Instruments and the provisions of this Agreement, the provisions of this Agreement shall prevail.

6. The Borrower, through GIES, shall maintain, throughout Project implementation, and publicize the availability of a grievance redress mechanism, in form and substance satisfactory to the Bank, to hear and determine fairly and in good faith all complaints raised in relation to the Project, and take all measures necessary to implement the determinations made by such mechanism in a manner satisfactory to the Bank.

Section II. Project Monitoring Reporting and Evaluation

1. The Borrower, through MOIA, shall furnish to the Bank each Project Report not later than one month after the end of each calendar semester, covering the calendar semester.

2. Without limitation upon its other reporting obligations under this Agreement, the Borrower, through MOIA and GIES, shall:

(a) take all measures necessary on its part to regularly collect, compile, and submit to the Bank, as part of the Project Reports, and promptly in a separate report whenever the Bank may require, information on the status of compliance with the Safeguards Instruments. Such information shall include: (i) measures taken in furtherance of the Safeguards Instruments; (ii) conditions, if any, which interfere or threaten to interfere with the smooth implementation of the Safeguards Instruments; and (iii) remedial measures taken or required to be taken to address such conditions;
(b) promptly furnish to the Bank a copy of each progress report prepared and submitted by any entity (including any engineer) supervising the Project’s civil works, the Project’s contractors and/or subcontractors; and

(c) promptly upon receipt, shall furnish to the Bank any notification received from any entity (including any engineer) supervising the Project’s civil works, the Project’s contractors and/or subcontractors regarding any incident that have might occurred during Project implementation.
