FEDERAL GOVERNMENT OF SOMALIA

Ministry of Finance (MoF)
Somalia Crisis Recovery Project (SCRP)

ENVIRONMENTAL and SOCIAL COMMITMENT PLAN (ESCP)

March 2020
Somalia Crisis Recovery Project (SCRP)

ENVIRONMENTAL AND SOCIAL COMMITMENT PLAN

1. The Ministry of Finance of the Federal Republic of Somalia (hereinafter the Ministry of Finance) is planning to implement the Somalia Crisis Recovery Project (SCRP) (the Project), with the possible involvement of the following agencies as service providers/implementing partners: United Nations Office for Project Services (UNOPS), Food and Agricultural Organization (FAO), Somalia Resilience Programme (SomRep), Building Resilient Communities in Somalia (BRICS). The International Development Association (hereinafter the Bank or the World Bank) has agreed to provide financing for the Project.

2. The Ministry of Finance will implement material measures and actions so that the Project is implemented in accordance with the World Bank Environmental and Social Standards (ESSs). This Environmental and Social Commitment Plan (ESCP) sets out a summary of the material measures and actions.

3. Where the ESCP refers to specific plans or other documents, whether they have already been prepared or are to be developed, the ESCP requires compliance with all provisions of such plans or other documents. In particular, the ESCP requires compliance with the provisions set out in the Environmental and Social Management Framework (ESMF) and Pest Management Plan (PMP) that will be developed for the Project.

4. The table below summarizes the material measures and actions that are required as well as the timing of the material measures and actions. The Ministry of Finance of the Federal Republic of Somalia is responsible for compliance with all requirements of the ESCP even when implementation of specific measures and actions is conducted by the Ministry, agency or unit referenced in 1. above.

5. Implementation of the material measures and actions set out in this ESCP will be monitored and reported to the Bank by the Ministry of Finance as required by the ESCP and the conditions of the legal agreement, and the Bank will monitor and assess progress and completion of the material measures and actions throughout implementation of the Project.

6. As agreed by the Bank and the Ministry of Finance, this ESCP may be revised from time to time during Project implementation, to reflect adaptive management of Project changes and unforeseen circumstances or in response to assessment of Project performance conducted under the ESCP itself. In such circumstances, the Ministry of Finance will agree to the changes with the Bank and will update the ESCP to reflect such changes. Agreement on changes to the ESCP will be documented through the exchange of letters signed between the Bank and the Ministry of Finance. The Ministry of Finance will promptly disclose the updated ESCP. Depending on the project, the ESCP may also specify the funding necessary for completion of a measure or action.

7. Where Project changes, unforeseen circumstances, or Project performance result in changes to the risks and impacts during Project implementation, the Ministry of Finance shall provide additional funds, if needed, to implement actions and measures to address such risks and impacts, which may include environmental, health, and safety impacts, and gender-based violence.
