dollars in the Central Bank on terms and conditions satisfactory to the Bank. Payments out of the Special Account shall be made exclusively to pay the reasonable cost of goods and services required to carry out the Project and to be financed by the Bank under this Agreement in accordance with the provisions of Section 2.02 and Schedule I hereto.

(b) the Bank may, at the request of the Borrower, withdraw on behalf of the Borrower from the Loan Account and deposit in the Special Account an amount in dollars of up to $13,000,000. (d) Prior to or at the time of each request for a deposit by the Bank into the Special Account, the Central Bank shall furnish to the Bank in respect of each withdrawal from the Special Account an application for withdrawal from the Loan Account referred to in paragraph (c) of this Section.

(e) If the Bank shall have determined that any payment out of the Special Account (i) was made for any expenditure or in any amount not eligible for financing by withdrawal from the Loan Account, or (ii) was not justified by the application of withdrawal furnished pursuant to paragraph (d) of this Section, the Borrower shall, promptly upon notice from the Bank and, unless otherwise determined by the Bank, prior to any further deposit in the Special Account by the Bank, deposit in the Special Account an amount equal to the amount of such payment or the portion thereof not so eligible or justified.

(g) Notwithstanding the provisions regarding the initial deposit set forth in paragraph (b) of this Section, the Bank may at the request of and by notice to the
Borrower, increase the amount of the initial deposit in order to adjust the level of the Special Account to the disbursement requirements of the Project. Except as provided in Part C hereof, civil works and goods shall be procured under contracts awarded in accordance with procedures consistent with those set forth in the current edition of the "Guidelines for Procurement under World Bank Loans and IDA Credits" published by the Bank in March 1977 (hereinafter called the Guidelines), on the basis of international competitive bidding as described in Part A of the Guidelines.

2. For goods and works to be procured on the basis of international competitive bidding, in addition to the requirements of paragraph 1.2 of the Guidelines, the Executing Agency shall prepare and forward to the Bank as soon as possible, and in any event not later than 60 days prior to the date of availability to the public of the first tender or prequalification documents relating thereto, as the case may be, a general procurement notice, in such form and detail and containing such information as the Bank shall reasonably request; the Bank will arrange for the publication of such notice in order to provide timely notification to prospective bidders of the opportunity to bid for the goods and works in question. The Executing Agency shall provide the necessary information to update such notice annually so long as any goods or works remain to be procured on the basis of international competitive bidding.

3. (a) Bidders for the works included under Part A of the Project shall be prequalified as described in paragraph 1.3 of Part A of the Guidelines;
(b) Contracts for civil works and equipment under Part A of the Project shall, whenever possible, be grouped in packages of at least 4 silo facilities each.

4. For the purpose of evaluation and comparison of bids for the supply of goods to be procured on the basis of international competitive bidding; (i) bidders shall be required to state in their bid the c.i.f. (port-of-entry) price for the imported goods, or the ex-factory price or off-the-shelf price of other goods, offered in such bid; (ii) customs duties and other import taxes levied in connection with the importation, or the sales and similar taxes levied in connection with the sale or delivery, pursuant to the bid, of the goods shall not be taken into account in the evaluation of the bids; and (iii) the cost of inland freight and other expenditures incidental to the delivery of goods to the place of their use or installation shall be included.

B. Preference for Domestic Manufacturers

In the procurement of goods in accordance with the procedures described in Part A of this Schedule, goods manufactured in Argentina may be granted a margin of preference in accordance with, and subject to, the following provisions:

1. All bidding documents for the procurement of goods shall clearly indicate any preference which would be granted, the information required to establish the eligibility of a bid for such preference and the following methods and stages that will be followed in the evaluation and comparison of bids.

2. After evaluation, responsive bids will be classified in one of the following three groups:

   (1) **Group A**: bids offering goods manufactured in Argentina if the bidder shall have established to the satisfaction of the Executing Agency and the Bank that the manufacturing cost of such goods includes a value added in Argentina equal to at least 20% of the ex-factory bid price of such goods.

   (2) **Group B**: all other domestic bids.

   (3) **Group C**: bids offering any other goods.
3. In order to determine the lowest evaluated bid of each group, all evaluated bids in each group shall first be compared among themselves, without taking into account customs duties and other import taxes levied in connection with the importation, and sales and similar taxes levied in connection with the sale or delivery, pursuant to the bids, of the goods. Such lowest evaluated bids shall then be compared with each other, and if, as a result of this comparison, a bid from group A or group B is the lowest, it shall be selected for the award.

4. If, as a result of the comparison under paragraph 3 above, the lowest bid is a bid from group C, all group C bids shall be further compared with the lowest evaluated bid from group A after adding to the evaluated bid price of the imported goods offered in each group C bid, for the purpose of this further comparison only, an amount equal to the smaller of: (i) the amount of customs duties and other import taxes which a non-exempt importer would have to pay for the importation of the goods offered in such group C bid; or (ii) 15% of the c.i.f. bid price of such goods if said customs duties and taxes exceed 15% of such price. If the group A bid in such further comparison is the lowest, it shall be selected for the award; if not, the bid from group C which as a result of the comparison under paragraph 3 is the lowest evaluated bid shall be selected.

C. Other Procurement Procedures

Contracts for civil works other than those included under Parts A and E of the Project, shall be packaged in lots of about $1,500,000 equivalent or more and shall be procured in accordance with locally advertised procurement procedures satisfactory to the Bank.

D. Review of Procurement Decisions by the Bank

1. Review of prequalification. The Executing Agency shall, before qualification is invited, inform the Bank in detail of the procedure to be followed, and shall introduce such modifications in said procedure as the Bank shall reasonably request. The list of prequalified bidders, together with a statement of their qualifications and of the reasons for the exclusion of any applicant for prequalification shall be furnished by the Executing Agency to the Bank for its comments before the applicants are notified of Executing Agency's decision, and the Executing Agency shall make such additions to, deletions from, or modifications in, the said list as the Bank shall reasonably request.
2. Review of invitations to bid and of proposed awards and final contracts:

With respect to all contracts estimated to cost the equivalent of $1,000,000 or more:

(a) Before bids are invited, the Executing Agency shall furnish to the Bank, for its comments, the text of the invitations to bid and the specifications and other bidding documents, together with a description of the advertising procedures to be followed for the bidding, and shall make such modifications in the said documents or procedures as the Bank shall reasonably request. Any further modification to the bidding documents shall require the Bank's concurrence before it is issued to the prospective bidders.

(b) After bids have been received and evaluated, the Executing Agency shall, before a final decision on the award is made, inform the Bank of the name of the bidder to which it intends to award the contract and shall furnish to the Bank, in sufficient time for its review, a detailed report on the evaluation and comparison of the bids received, and such other information as the Bank shall reasonably request. The Bank shall, if it determines that the intended award would be inconsistent with the Guidelines or this Schedule, promptly inform the Executing Agency and state the reasons for such determination.

(c) The terms and conditions of the contract shall not, without the Bank's concurrence, materially differ from those on which bids were asked or prequalification was invited.

(d) Two conformed copies of the contract shall be furnished to the Bank promptly after its execution and prior to the submission to the Bank of the first application for withdrawal of funds from the Loan Account in respect of such contract.

3. With respect to each contract not governed by the preceding paragraph (except for contracts on account of which withdrawals are allowed from the Loan Account on the basis of statements of expenditures), the Executing Agency shall furnish to the Bank, promptly after its execution and prior to the submission to the Bank of the first application for withdrawal of funds from the Loan Account in respect of such contract, two conformed copies of
such contract, together with the analysis of the respective bids, recommendations for award and such other information as the Bank shall reasonably request. The Bank shall, if it determines that the award of the contract was not consistent with the Guidelines or this Schedule, promptly inform the Executing Agency and state the reasons for such determination.

4. Before agreeing to any material modification or waiver of the terms and conditions of a contract, or granting an extension of the stipulated time for performance of such contract, or issuing any change order under such contract (except in cases of extreme urgency) which would increase the cost of the contract by more than 10% of the original price, the Executing Agency shall inform the Bank of the proposed modification, waiver, extension or change order and the reasons therefor. The Bank, if it determines that the proposal would be inconsistent with the provisions of this Agreement, shall promptly inform the Executing Agency and state the reasons for its determination."

Section 2.22. The following new Schedule 6 is added to the Loan Agreement:

"SCHEDULE 6

Modifications of the General Conditions

For the purposes of the Loan Agreement, the provisions of the General Conditions are modified as follows:

(1) The words "and Investment Projects" are added after the words "the Project" at the end of Section 5.03.

(2) Section 6.03 is deleted and replaced by the following new Section:

Section 6.03. Cancellation by the Bank. If (a) the right of the Borrower to make withdrawals from the Loan Account shall have been suspended with respect to any amount of the Loan for a continuous period of thirty days, or (b) by the date specified in paragraph (c) of Section 2.03 of the BNA Project Agreement no applications or requests permitted under paragraph (a) or paragraph (b) of such Section shall have been received by the Bank in respect of any portion of the Loan, or having been so received, shall have been denied, or (c) after the Closing Date an amount of the Loan shall remain unwithdrawn from the Loan
Account, the Bank may by notice to the Borrower terminate the right of the Borrower to submit such applications or requests or to make withdrawals from the Loan Account, as the case may be, with respect to such amount or portion of the Loan. Upon the giving of such notice such amount or portion of the Loan shall be cancelled."

ARTICLE III

Effective Date; Termination

Section 3.01. This Amending Agreement shall not become effective until evidence satisfactory to the Bank shall have been furnished to the Bank about the fulfillment of the following conditions:

(b) that the Project Committee and the Project Executing Unit referred to in Section 3.04 of the Loan Agreement, as amended by this Agreement, have been established on terms satisfactory to the Bank;

Section 3.02. As part of the evidence to be furnished to the Bank pursuant to Section 3.01 of this Agreement, there shall be an opinion or opinions satisfactory to the Bank of counsel acceptable to the Bank showing:

(a) on behalf of the Borrower: (i) that this Agreement has been duly authorized or ratified by, and executed and delivered on behalf of, the Borrower and is legally binding upon the Borrower in accordance with its terms; and (ii) that the JNG Subsidiary Loan Agreement and the FA Subsidiary Loan Agreement have been duly authorized or ratified by the Borrower and are legally binding upon the Borrower in accordance with their respective terms;

(b) on behalf of the Grain Board that the Amendments to the JNG Project Agreement and the JNG Subsidiary Loan Agreement have been duly authorized or ratified by JNG and that both Agreements are legally binding upon the Grain Board in accordance with their terms; and
(c) on behalf of FA that the FA Project Agreement and the FA Subsidiary Loan Agreement have been duly authorized or ratified by FA and are legally binding upon FA in accordance with their respective terms.

Section 3.03. This Agreement shall come into force and effect on the date upon which the Bank dispatches notice to the Borrower and the Executing Agencies notice of its acceptance of the evidence required by Section 3.01 of this Agreement.

Section 3.04. If this Agreement shall not have come into force and effect by April 2, 1984, this Agreement and all obligations of the parties hereunder shall terminate, unless the Bank establishes a later date for purposes of this Section. If this Agreement shall terminate under the provisions of this Section, the Loan Agreement and the Project Agreement shall continue in full force and effect, as if this Agreement had not been executed.

IN WITNESS WHEREOF the parties hereto, acting through their representatives thereunto duly authorized, have caused this Agreement to be signed in their respective names in the District of Columbia, United States of America, as of the day and year first above written.
