Terms and Conditions of Use
of
Secure Identification Devices
in connection with
Use of Electronic Means
To Process
Applications for Withdrawal
And Supporting Documentation

The World Bank will provide secure identification devices (Tokens) to permit the Recipient to deliver applications for withdrawal under the Agreements and supporting documentation (such applications and supporting documentation together referred to as Applications) to the World Bank electronically, on the terms and conditions of use specified herein.

A. Identification of Users.

1. The Recipient will be required to identify in a completed Authorized Signatory Letter (ASL) duly delivered to and received by the World Bank each person who will be authorized to deliver Applications. The World Bank will provide Tokens to each person identified in the ASL (Signatory), as provided below. The Recipient shall also immediately notify the World Bank if a Signatory is no longer authorized by the Recipient to act as a Signatory.

2. Each Signatory must register as a user on the World Bank’s Client Connection (CC) website (http://clientconnection.worldbank.org) prior to delivery of Tokens. Registration on CC will require that the Signatory establish a CC password (CC Password). The Signatory shall not reveal his/her CC Password to anyone or store or record the CC Password in written or other form. Upon registration as a CC user, the Signatory will be assigned a unique identifying account name.

B. Distribution, Initialization and Return of Tokens.

1. The World Bank will physically deliver a Token to each Signatory in a manner to be determined by and satisfactory to the World Bank.

2. At the time of delivery of a Token to a Signatory, the Signatory will receive a copy of these Terms and Conditions of Use for purposes of initializing the Token.

3. The World Bank will verify that the Token, Temporary Password and Terms and Conditions of Use have been duly delivered to and received by the CC User.

4. Promptly upon receipt of the Token and Terms and Conditions of Use, the Signatory will access CC using his/her account name and CC Password and register his/her Token and set a
personal identification number (PIN) to be used in connection with the use of his/her Token, after which the Token will be initialized for use by the Signatory exclusively for purposes of delivering Applications. Upon initialization of the Token, the Signatory will be a “Token User”. The World Bank will maintain in its database a user account (Account) for each Token User for purposes of managing the Token of the Token User. Neither the Recipient nor the Token User will have any access to the Account.

5. Prior to first use of the Token by the Token User for delivering Applications, the Recipient shall ensure that the Token User has received training materials provided by the World Bank in use of the Token.

6. Tokens shall be promptly returned to the World Bank upon request of the World Bank.

C. Management of Tokens.

1. Tokens will remain the property of the World Bank.

2. Use of the Token is strictly limited to use in the delivery of Applications by the Token User in the manner prescribed by the World Bank in the Agreements and these Terms and Conditions. Any other use of the Token is prohibited.

3. The World Bank assumes no responsibility or liability whatsoever for any misuse of the Token by the Token User, other representatives of the Recipient, or third parties.

4. The Recipient undertakes to ensure, and represents and warrants to the World Bank (such representation and warranty being expressly relied upon by the World Bank in delivery of a Token to each Token User) that each Token User is provided, understands and will abide by, these Terms and Conditions of Use, including without limitation the following:

   Security

4.1. The Token User shall not reveal his/her PIN to anyone or store or record the PIN in written or other form.

4.2. The Token User shall not allow anyone else to utilize a Token to deliver an Application to the World Bank.

4.3. The Token User shall always logout from CC when not using the system. Failure to logout properly can create a route into the system that is unprotected.

4.4. If the Token User believes a third party has learned his/her PIN or has lost his/her Token he/she shall immediately notify clientconnection@worldbank.org.
4.5. The Recipient shall immediately notify the World Bank at clientconnection@worldbank.org of any lost, stolen or compromised Tokens, and take other reasonable steps to ensure such Tokens are disabled immediately.

Care of Tokens

4.6. Tokens contain delicate and sophisticated instrumentation and therefore should be handled with due care, and should not be immersed in liquids, exposed to extreme temperatures, crushed or bent. Also, Tokens should be kept more than five (5) cm from devices that generate electromagnetic radiation (EMR), such as mobile phones, phone-enabled PDAs, smart phones and other similar devices. Tokens should be carried and stored separate from any EMR device. At close range (less than 5 cm), these devices can output high levels of EMR that can interfere with the proper operation of electronic equipment, including the Token.

4.7 Without derogating from these Terms and Conditions of Use, other technical instructions on the proper use and care Tokens are available at http://www.rsa.com.

5. Replacement

5.1. Lost, damaged, compromised (in terms of 4.5, above) or destroyed Tokens will be replaced at the expense of the Recipient.

5.2. The World Bank reserves the right, in its sole discretion, not to replace any Token in the case of misuse, or not to reactivate a Token User’s Account

6. Reservation of Right to disable Token

6.1. The Recipient shall reserve the right to revoke the authorization of a Token User to use a Token for any reason.

6.2. The World Bank reserves the right, in its sole discretion, to temporarily or permanently disable a Token, de-activate a Token User’s Account or both.
