1. Project Objective (External Audit)

Notes to the statement of expenditures

1. Background of the Project

1.1 The Government of Liberia has finalized arrangement with various institutional donors to finance a program of rehabilitation and reconstruction of the vital sectors of economy. The Government has established a Project Financial Management Unit (PFMU) that is responsible for providing centralized accounting, disbursement and reporting services for donor funding project and programs that are being and shall be executed by Government of Liberia. The responsibility for the establishment and maintenance of a financial management system for the projects and program rest with the Government of Liberia through its project Financial Management Unit (PFMU) in the Ministry of Finance and Development Planning and various implementing units of the sector ministries.

1.2 The Project Financial Management Unit (PFMU) has been established in the Ministry of Finance and Development Planning with appropriate financial management staff to ensure that:

   a) all aspect of financial management required under the projects/programs are carried out;

   b) payments are processed expeditiously on behalf of the implementing units;

   c) adequate internal controls are in place;

   d) quarterly financial monitoring reports are prepared on a timely basis;

   e) the financial information required by the implementing units are prepared on a regular basis and on time;

   f) the annual financial statements are prepared on a timely basis;

   g) and the annual external audit is completed on time and audit findings and recommendations are implemented expeditiously.

1.3 Project Objective (External Audit)

Strengthening of the oversight role of GAC and improvement of financial compliance, through;

i. carrying out of training of GAC staff on procurement audit, information system audit, revenue audit, public and environmental audit, oil and gas audit;

ii. carrying out of training and certification for GAC staff on modern audit practices; and

iii. Strengthening GAC’s capacity and carrying out of minor office renovation.

2. Significant accounting policies

Bases of accounting and reporting

2.1 The financial statement has been prepared under historical cost convention, in accordance with Cash Basis International Public Sector Accounting Standards (IPSAS). This basis recognizes revenue Only when cash is received. However, expenditures are recognize on an accrual basis when goods and/or services are received and the obligation to pay has been incurred.

2.2 No procedures have been adopted to reflect either price changes or changes in the general level of inflation.

Currency of reporting

2.3 This financial statement is expressed in United States Dollars. Cash and near cash asset as well as all liabilities denominated in other currencies, are translated to United Stated States dollars at the applicable year-end rates. Transactions occurring in other currencies during the year are brought into the books of account at the prevailing rates of exchange on the date of the respective transactions. Gains or losses arising on foreign currency transactions are reflected in expenditures for the period in which they arise.

Dear Sir:

Ref: Management letter

As part of our audit, it is our responsibility to report to management our observations and recommendations for improvement. In the audit of "Strengthening External Audit" Implemented by the General Auditing Commission Government of Liberia through the Project Financial Management Unit in the Ministry of Finance and Development Planning for the year ended June 30, 2016, significant matters that could have warrant a management letter did not come to our attention as such we did not issue a separate management letter.
