SCHEDULE 1

Project Description

The objectives of the Project are: (a) to minimize the threat in Nepal posed to humans by HPAI infection by controlling such infections among birds, especially domestic poultry, and (b) to prepare for, control, and respond to possible human infections, especially an influenza epidemic and related emergencies.

The Project consists of the following parts:

Part 1: Animal Health

A. Implementation of national prevention and control strategies, including activities for: (i) enhancing avian influenza prevention and preparedness capability; (ii) strengthening veterinary services, disease surveillance, and diagnostic capacity; and (iii) strengthening avian influenza control programs and outbreak containment plans, and improving bio-security in poultry production and trade.

B. Establishment and operation of a Compensation Fund for the provision of cash compensation to poultry owners for loss of assets caused by mandatory culling of their birds by order of the Recipient.

Part 2: Human Health

Activities aimed at preventing human illness due to HPAI, and in case said illness cannot be prevented, reducing its impact through: (i) year-round surveillance; (ii) building laboratory capacity to enable effective and accurate methods of diagnosis and case detection as part of the overall public health system response; (iii) prevention and containment activities including social distancing interventions and the use of vaccines where appropriate; and (iv) curative interventions, including case management and antiviral drugs, in the event that human infections occur.

Part 3: Communications

A. Information and communication activities related to Part 1 of the Project aimed at safeguarding human health and improving public awareness and information on avian influenza issues, including: (i) increasing the attention and commitment of the Recipient’s government, the private sector and civil society organizations to improve bio-security of poultry farming and reduce the risk of importation of the virus; (ii) raising awareness and understanding among the general population about the risk and potential impact of avian influenza, methods of self-protection against infection and sources of treatment; and (iii) increasing the knowledge and capacity of poultry owners on ways of recognizing the signs and symptoms of
avian influenza, safe methods of disposing infected birds and steps to protect themselves and their families.

B. Information and communication activities related to Part 2 of the Project aimed at safeguarding human health and improving public awareness and information on avian influenza and possible pandemic and other epidemics, including:
(i) increasing the attention and commitment of the Recipient’s government, the private sector and civil society organizations to ensure rapid implementation of a coordinated, transparent and proactive public information strategy; and
(ii) raising awareness and understanding among the general population about the risk and potential impact of a pandemic, methods of self-protection against infection and sources of treatment.

C. Cross-cutting activities such as macro-level inter-sectoral advocacy and coordination, and the conceptualization and development of communication campaigns and the development of communication training package.

Part 4: Project Management

Support to DOLS, DOHS, and other public agencies for the coordination and management of the Project, and their capacity-building, including financial management, procurement, monitoring and evaluation of Project activities and compliance with applicable environmental management frameworks.
SCHEDULE 2

Project Execution

Section I. Implementation Arrangements

A. Operational Plan; Standard Operating Procedures for the Compensation Fund

1. The Recipient shall: (i) implement the Project in accordance with the provisions of the Operational Plan; and (ii) not take any action which would prevent or interfere with such implementation.

2. The Recipient shall: (i) implement Part 1.B of the Project in accordance with the provisions of the Standard Operating Procedures for the Compensation Fund; and (ii) not take any action which would prevent or interfere with such implementation.

B. Technical Sub-Committee on Avian Influenza; DOLS Core Coordination Team; DOHS Core Coordination Team

1. The Recipient shall maintain the Technical Sub-Committee on Avian Influenza with functions and composition satisfactory to the Association, including without limitation, representatives of MOHP and MOAC.

2. The Recipient shall maintain the DOLS Core Coordination Team with an adequate number of key full-time professionals with skills, qualifications, experience and terms of reference satisfactory to the Association, including without limitation: (i) Project Coordinator; (ii) Deputy Coordinator; (iii) Accounts Officer; (iv) Procurement Specialist; and (v) Communications Specialist.

3. The Recipient shall maintain the DOHS Core Coordination Team with an adequate number of key full-time professionals with skills, qualifications, experience and terms of reference satisfactory to the Association, including without limitation: (i) Project Coordinator; (ii) Deputy Coordinator; (iii) Accounts Officer; (iv) Procurement Specialist; and (v) Communications Specialist.

C. Arrangements with MOHA and MOLD

1. The Recipient shall ensure that activities relating to disaster response under the Project are implemented by MOHA under arrangements between DOLS/MOAC and MOHA, satisfactory to the Association.
2. The Recipient shall ensure that activities relating to disaster preparedness under the Project are implemented by MOLD under arrangements between DOLS/MOAC and MOLD, satisfactory to the Association.

3. The Recipient shall, in a manner satisfactory to the Association; (i) provide sufficient budgetary allocations from its own resources for the adequate maintenance, supplies, and other recurrent costs for the satisfactory operation of the BSL-3 laboratories beyond the life of the project as long as necessary; (ii) ensure the recruitment, appointment, or assignment of adequate number of trained personnel to operate the two laboratories at BSL-3 level as long as necessary; and (iii) take all necessary actions to obtain and maintain the necessary BSL-3 certification from appropriate organizations.

D. Environmental Management Plan; Land Acquisition/Resettlement

1. The Recipient shall ensure that in carrying out the Project: (i) the assessment, mitigation, management, monitoring and evaluation measures and all other actions set forth in the Environmental Management Plan are implemented in accordance with the objectives, policies, procedures, time schedules and other provisions set forth therein; and (ii) no action is taken which would prevent or interfere with such implementation.

2. The Recipient shall ensure that no civil works which may result in land acquisition or resettlement of people are undertaken under the Project.

E. Mid-Term Review

1. Without prejudice to the provisions of Section 4.08 of the General Conditions, the Recipient shall:

   (a) on or about March 2009, carry out jointly with the Association the Mid-Term Review, which shall cover, inter alia:

      (i) progress made in meeting the Project’s objectives;

      (ii) overall Project performance against Project performance indicators and;

      (iii) review of Project objectives, design and content.

   (b) at least four (4) weeks prior to the Mid-Term Review, prepare and furnish to the Association a separate report describing the status of implementation of each part of the Project and a summary report of Project implementation generally; and
(c) not later than two (2) weeks after the Mid-Term Review, prepare and furnish to the Association an action program, satisfactory to the Association, for further implementation of the Project having regard to the findings of the Mid-Term Review and thereafter implement such action program.

Section II. Project Monitoring, Reporting and Evaluation

A. Project Reports

1. The Recipient shall monitor and evaluate the progress of the Project and prepare Project Reports in accordance with the provisions of Section 4.08 of the General Conditions and on the basis of indicators agreed with the Association. Each Project Report shall cover the period of a Fiscal Year trimester (four months), and shall be furnished to the Association not later than forty-five (45) days after the end of the period covered by such report.

B. Financial Management, Financial Reports and Audits

1. The Recipient shall maintain or cause to be maintained a financial management system in accordance with the provisions of Section 4.09 of the General Conditions.

2. Without limitation on the provisions of Part A of this Section, the Recipient shall prepare and furnish to the Association as part of the Project Report not later than forty-five (45) days after the end of each Fiscal Year trimester, interim unaudited financial reports for the Project covering the Fiscal Year trimester, in form and substance satisfactory to the Association.

3. The Recipient shall have its Financial Statements audited in accordance with the provisions of Section 4.09(b) of the General Conditions. Each audit of the Financial Statements shall cover the period of one Fiscal Year of the Recipient. The audited Financial Statements for each such period shall be furnished to the Association not later than six (6) months after the end of such period.

Section III. Procurement
