Though the grant was signed on Aug 2013 (Note 1.1.), it became effective only on Feb 2014. Then the management of MSIF was changed and the Project commenced in summer 2014. However, the reform in education sector took place and MSIF had to wait for the decision on the hub-schools that in future won’t be closed and where the investment would be sustainable, as well as there was need to coordinate with WB’s other multi-million project related to reconstruction of schools.

Currently, MSIF is in the process of development of the ToRs for technical drawings, after a technical evaluation which is commonly done with the Ministry of Education and the procurement of civil works shall start in the March 2016.

As the Project closing date is set at 30 July 2016, the MSIF requested WB to extend the project deadline with 18 months: until January 2018, with letter dated 22 Feb 2016.
