SCHEDULE 1

Project Description

The objective of the Project is to increase access of the urban population, particularly those living in low-income settlements, to basic infrastructure and services, including water supply.

The Project consists of the following parts:

Part A. Capacity building and support to decentralization

1. Support the completion of the national urban strategy coordinated by MINDUH, through the provision of technical assistance and the organization of workshops and sensitization activities.

2. Support the development by MINDUH of a national urban database to collect, store, and monitor urban data and management indicators and help build the basis for implementing a national urban public investment program, all through consultant services, training and equipment.

3. Support to improve capacity in the management of urban planning, programming, maintenance, as well as mobilization and utilization of local financial resources in Selected Cities and other cities as may be agreed upon between the Recipient and the Association, through the provision of municipal management tools, training, and technical assistance to Capacity Building Beneficiaries.

4. Support to: (a) the preparation of City Development Contracts in Selected Cities, through: (i) the preparation of technical and financial audits in the municipality of each Selected City; (ii) carrying out a participative process for the preparation of the City Development Contracts; (iii) training and technical assistance, on the basis of the findings and recommendations of the above mentioned audits; and (iv) regular communication with the beneficiaries; and (b) the development of the City Contract approach in light of a future generalization and harmonization of this urban management tool.

Part B. Infrastructure works in low-income settlements

1. In the Selected Cities, carrying out of urban works including: access and main roads, drainage works including tertiary level of storm and waste water, construction of pit latrines, water pipes, public wells and washing areas, solid waste containers, public
lightning, and construction or rehabilitation of local schools, health centers, and community centers.

2. In all of the Selected Local Governments, support capacity building in the field of contract management, accounting, procurement, financial management and reporting.

Part C. Support to the implementation of the public-private partnership in urban water services

1. Support capacity building of: (a) MINEE to develop, monitor and regulate sector policies in connection with urban water services, including revising water tariff structure, carrying out of studies on standposts management, water demand of public customers, sanitation; and, training, seminars and office equipment; and (b) Camwater to monitor the delivery of services and to plan investments, including: carrying out of technical audits of the implementation of the Lease Contract; updating and implementing financial modeling, strengthening the financial and accounting management systems, technical assistance and training for communication, planning, programming and procurement; and workshops and seminars.

2. Support to the rehabilitation of water production and distribution facilities in Douala and Yaoundé under the Work Contract; and support to the rehabilitation of Secondary Centers, including consulting services for design and supervision of works.

3. Support to the expansion of secondary and tertiary distribution networks in Douala, Yaoundé and Secondary Centers necessary to allow for constructing approximately 50,000 social connections under the GPOBA Grant; support to the construction of approximately 20,000 additional social connections; and support to the expansion of production capacities and primary distribution networks in Secondary Centers, including consulting services for design and supervision.

Part D. Project management

1. Supporting Project implementation and coordination; environmental management and mitigation, financial and fiduciary management, technical audits and financial audits as well as communication campaigns and beneficiary surveys, all through technical advisory services and Operating Costs, Training and the acquisition of equipment for CU.
SCHEDULE 2

Project Execution

Section I. Implementation Arrangements

A. Institutional Arrangements

1. Except as the Association shall otherwise agree, the Recipient shall: (a) apply the criteria, policies, procedures and arrangements set out in the PIM and the PAFAM; and (b) not amend or waive, or permit to be amended or waived, the PIM and the PAFAM, or any provision thereof.

2. The Recipient shall at all times during Project implementation, maintain:

   (a) the Steering Committee with form and function satisfactory to the Association, in charge of: (i) providing general strategic direction and oversight of the Project implementation; (ii) ensure communication and cooperation among stakeholders; including the private sector; (iii) approve annual work programs and budgets; and (iv) review progress reports, and audit reports;

   (b) the CU with functions, composition and staffing (including qualifications and experience of personnel) satisfactory to the Association, to be responsible for: (i) day-to-day implementation of Parts A, B and D of the Project, including management of procurement and disbursement for activities under its responsibility and replenishment applications for the Designated Account A, and management of all environmental and social matters in accordance with the provisions of Paragraph D.1 through 3 of this Schedule; (ii) approval of work plans and budgets submitted by Selected Local Governments and consolidation of annual work programs and budgets; (iii) maintenance of records for all transactions and accounts related to CU; (iv) contracting and supervision of contractors; and (v) preparation and production of progress reports, consolidated financial statements and quarterly unaudited financial statements. The CU will at all time include the following key staff: a coordinator, a civil engineer, a procurement specialist, an administrative and financial officer, an accountant, a capacity building specialist, and a monitoring and evaluation specialist.

3. The CU shall ensure proper coordination and communication with all agencies involved in the implementation of the Project, including: (i) as regards Part B of
the Project, the Selected Local Governments and will provide proper assistance to the same for the implementation of Project activities and to build capacity; and (ii) as regards Part C of the Project, the Project Implementing Entity and the Operator.

4. The Recipient shall ensure that all central and decentralized authorities, and other authorities at the regional and communal levels as provided by the laws of the Recipient, regulatory bodies and public utilities companies be properly involved where necessary and shall cause the same to duly cooperate for the proper implementation of the Project.

5. The Recipient for a period of at least two years from the Date of Effectiveness maintain the Special Procurement Commission in form and with functions satisfactory to the Association, and at the lapse of this period, will consult with the Association on a transfer of procurement activities to Selected Local Governments for Part B of the Project.

B. Subsidiary Agreement

1. To facilitate the carrying out of the Project Implementing Entity’s Respective Part of the Project, the Recipient shall make part of the proceeds of the Financing available to the Project Implementing Entity under a subsidiary agreement between the Recipient and the Project Implementing Entity, under terms and conditions approved by the Association, which shall include (“Subsidiary Agreement”):

   (a) the principal amount shall be the equivalent in CFAF of the amount of the Financing withdrawn from the Financing Account under Part C of the Project (such equivalent to be determined as of the date, or respective date of withdrawal);

   (b) half of the proceeds shall be made available to the Project Implementing Entity by the Recipient as a grant; and the other part as a credit for which the principal terms and conditions shall be: (i) an interest rate of 4.6% per annum on the principal amount of such credit withdrawn and outstanding from time to time; and (ii) the terms of the credit shall be of 20 years including a seven-year grace period;

   (c) the Project Implementing Entity shall perform all of its obligations under the Project Agreement; and
(d) goods, works and services required for Part C of the Project shall be procured in accordance with the Association’s procedures.

2. The Recipient shall exercise its rights under the Subsidiary Agreement in such manner as to protect the interests of the Recipient and the Association and to accomplish the purposes of the Financing. Except as the Association shall otherwise agree, the Recipient shall not assign, amend, abrogate or waive the Subsidiary Agreement or any of its provisions.

C. Infrastructure works in low-income settlements

1. For the implementation of Part B, each Selected Local Governments will submit to the CU in advance for approval an annual work plan, satisfactory to the Association, including planned works and equipments, cost estimate; procurement plan, overall budget and a training plan. Upon the approval of the work plan, the CU will ensure prompt payment of invoices to providers and assist staff of the relevant Selected Local Governments in the implementation and supervision of said activities, including the strengthening of fiduciary and reporting mechanisms, so as to build project management capacity within the Selected Local Governments and enable the future transfer of all activities to the Selected Local Governments, as may be agreed upon with the Association.

D. Safeguards

1. The Recipient shall ensure that the Project is implemented in accordance with the provisions of the ESMF and the RPF, and except as the Association shall otherwise agree, shall not amend or waive any provision of the ESMF and the RPF, if such amendment or waiver may, in the opinion of the Association materially or adversely affect the implementation of the Project.

2. The Recipient shall: (a) before commencing the implementation of any activity listed in Schedule 1 to this Agreement with respect to which the completion of an ESIA, is required in accordance with the ESMF, prepare or cause to be prepared and furnish to the Association said ESIA and any EMP and/or RAP as appropriate specific to such activity, in form and substance satisfactory to the Association, describing: (i) the potential adverse environmental and/or social impact of such activity; (ii) the measures for the offsetting, reducing, or mitigating of such impact; and (iii) the institutional arrangement for monitoring and implementing such measures; (b) publicly disclose or cause to be disclosed any ESIA, EMP or RAP; and (c) carry out or cause to be carried out any activity required under any EMP or RAP to mitigate, reduce, offset and/or compensate any adverse impact.
3. The Recipient shall at all time during Project implementation ensure that staff with appropriate qualifications and in sufficient number be employed by the CU to assist as appropriate in the implementation the ESMF and RPF and the planning, preparation, implementation, supervision and monitoring of any required ESIA, EMP, and RAP thereto.

Section II. Project Monitoring, Reporting and Evaluation

A. Project Reports

1. (a) The Recipient shall monitor and evaluate the progress of the Project and prepare Project Reports in accordance with the provisions of Section 4.08 of the General Conditions and on the basis of the indicators set forth below in sub-paragraph (b) of this paragraph. Each Project Report shall cover the period of one calendar semester, and shall be furnished to the Association not later than one month after the end of the period covered by such report.

(b) The performance indicators referred to above in sub-paragraph (a) consist of the following:

- by the Closing Date, 25 kilometers of roadway rehabilitated or constructed under the Project are passable by standard vehicles in all seasons;

- by the Closing Date, 32 kilometers of drainage network rehabilitated or constructed under the Project in targeted areas are operating;

- water tariff have increased as follows: 8% by December 31, 2008; 4% by December 31, 2009; 4% by December 31, 2010 and 4% by December 31, 2011;

- by the Closing Date, 1,200,000 additional people are connected to water supply services, including 700,000 social connections; and

- by the Closing Date, 6 City Development Contracts have been prepared.

2. The Recipient shall:
(a) at the request of the Association, exchange views with the Association with regard to the progress of the Project, the performance of its obligations under this Agreement, and the Subsidiary Agreement, the Concession Contract and other matters relating to the purposes of the accomplishment of the objective of the Project;

(b) promptly inform the Association of any condition which interferes or threatens to interfere with the progress of the Project, the accomplishment of the purposes of the objectives of the Project, or the performance of its obligations under this Agreement, the Subsidiary Agreement and the Concession Contract;

(c) on or thirty months after the Effective Date, carry out jointly with the Association, a midterm review of the progress made in carrying out the Project (hereinafter referred to as the Midterm Review), to cover, amongst other things, progress made in meeting the Project’s objective; and overall Project performance against Project performance indicators.

(d) prepare and, at least four weeks prior to the Midterm Review, furnish to the Association a report describing the status of implementation of each component of the Project and a summary report of Project implementation generally; and

(e) no later than four weeks after the Midterm Review, prepare and submit to the Association an action program, acceptable to the Association, for the further implementation of the Project having regard to the findings of the Midterm Review and, thereafter, implement such action program.

B. Financial Management, Financial Reports and Audits

1. The Recipient shall maintain or cause to be maintained a financial management system in accordance with the provisions of Section 4.09 of the General Conditions.

2. Without limitation on the provisions of Part A of this Section, the Recipient shall prepare and furnish to the Association not later than 45 day after the end of each calendar quarter, interim unaudited financial reports for the Project covering the quarter, in form and substance satisfactory to the Association.

3. The Recipient shall have its Financial Statements audited in accordance with the provisions of Section 4.09 (b) of the General Conditions. Each audit of the Financial Statements shall cover the period of one fiscal year of the Recipient,
commencing with the fiscal year in which the first withdrawal under the Project Preparation Advance was made. The audited Financial Statements for each such period shall be furnished to the Association not later than six months after the end of such period.

Section III. Procurement

A. General

1. Goods and Works. All goods and works required for the Project and to be financed out of the proceeds of the Financing shall be procured in accordance with the requirements set forth or referred to in Section I of the Procurement Guidelines, and with the provisions of this Section.

2. Consultants’ Services. All consultants’ services required for the Project and to be financed out of the proceeds of the Financing shall be procured in accordance with the requirements set forth or referred to in Sections I and IV of the Consultant Guidelines, and with the provisions of this Section.

2. The Closing Date is August 31, 2012.

Section V. Other Undertakings

A. Two years after project effectiveness and every year thereafter, and taking into consideration other capacity building programs currently planned or underway, as coordinated primarily by the MINATD, the Association and the Recipient will review the need for capacity building in the Selected Cities and in other cities that may become eligible for capacity building support under Parts A and B.2 of the Project.

B. For the implementation of Part B.1 of the Project, the Recipient will ensure proper coordination with other urban rehabilitation programs.

C. No later than 2 years after project effectiveness, the Recipient shall have within each Selected Local Governments established adequate capacity in the field of: (i) procurement, including recruitment and training of staff with proper qualification and in adequate number; and (ii) financial management, including recruitment and training of staff with proper qualification and in adequate number, and proper financial and accounting reporting and control system, all as evidenced by assessment reports in form and substance satisfactory to the Association.

D. The Recipient shall cause the Project Implementing Entity to provide promptly as needed its contribution in support of the works to allow connections under Part C.3 of the Project.

E. The Recipient shall: (i) have a technical audit, the conditions of which are defined in more details in the PIM/PAFAM, carried out to review procurement, statements of expenditures, and immobilizations and more generally the implementation of the Project for each period running from July 1 of each fiscal year through June 30 of the following fiscal year (or other period determined by the Association) (the Technical Audit Period), by independent technical auditors acceptable to the Association, and (ii) furnish to the Association as soon as
available, but in any case not later than four months after the end of the Technical Audit Period a report prepared by said technical auditors on said technical audit.

F. The Recipient shall no later than January 1, 2009, (a) prepare and furnish to the Association for approval: (i) a proposal on a new tariff structure for water, to be implemented starting June 30, 2009; and (ii) a proposal on a mechanism to apply the annual percentage increase of the water tariff differentially to the various tariff categories; and (b) implement said proposals taking the recommendations of the Association if any into consideration.

G. (i) The Recipient shall take all necessary measures to increase, annually, the tariff of water, starting January 1, 2008, so as to allow Project Implementing Entity to achieve a targeted financial equilibrium in the water supply sub-sector by December 31, 2011; and

(ii) for the purpose of this Section, “targeted financial equilibrium” shall mean the equilibrium such that the net cash and near cash balance of Project Implementing Entity, is positive or zero; the net cash and near cash balance at the end of any given year shall mean the cash and near cash at the beginning of that year, plus the net cash flow (positive or negative) for that year; and the net cash flow for that year shall mean the sum of the net operating cash flow, plus any additional external financing (grants, subsidies, increases in equity capital and drawings under loans of more than one year) received during that year, less the increase in net working capital requirement, the repayments of loans of more than one year and the investments for that year.

H. The Recipient shall, no later than January 1, 2008, start the implementation of the Action Plan for Reduction of Water Consumption of the Administration and ensure timely payment of bonded public customers within four month after their reception of water bills.

I. No later than six months from the Effective Date, the Recipient has employed the independent auditors referred to in Section 4.09 (b) of the General Conditions, in accordance with the provisions of Section II of Schedule 2 to this Agreement.
