SCHEDULE 1

Project Description

The objectives of the Project are to improve the reliability and efficiency of the irrigation and drainage services and strengthen market linkages for irrigated products in Selected Irrigation Schemes.

The Project consists of the following parts:

Part 1. Institutional Modernization

1. Development of a new irrigation management institutional framework through the carrying out of the following activities, including:

   (a) the provision of advisory services for the establishment and operationalization of the new water irrigation management entity (Operator), including: (i) the preparation of the regulatory and corporate aspects, including an assessment of required transfer of assets and redeployment of staff resources, if applicable; (ii) the preparation of the contractual terms with the Operator for the operation and maintenance functions, including a revised tariff structure and performance standards applicable to the Operator; (iii) the carrying out of an in-depth irrigation users information and engagement process regarding the proposed new irrigation management institutional framework; (iv) the setting up of the customer relationship function and other key functions within the Operator; and (v) the carrying out of an evaluation of CRDAs and GDAs staff competencies, including an assessment of their training needs;

   (b) the financing of Operation and Maintenance Subsidies to the Operator on an amount and for a period of time as set forth in the Project Operational Manual;

   (c) the purchase of operational equipment and software relevant for the operation and maintenance of the Selected Irrigation Schemes; and the rehabilitation of the Operator’s office building(s); and

   (d) the provision of training to the Operator, GDAs and relevant Borrower’s entities with oversight functions over the provision of irrigation services (including CRDAs).

2. Provision of support for the following activities, including: (a) the development of a national information system for irrigation; (b) the piloting of in-field water management systems in Selected Irrigation Schemes; (c) the development of an irrigation alert system in Selected Irrigation Schemes; and (d) the establishment of an accountability mechanism to monitor irrigation users’ satisfaction.
Part 2. Rehabilitation and Improvement Works

1. (a) the rehabilitation and/or improvement of the following type of works in the Selected Irrigation Schemes (including the preparation or the update, as the case may be, of pertinent engineering studies and the carrying out of engineering supervision), including: (i) renovation/expansion of existing pumping stations, and/or construction of new pumping stations; (ii) renovation and/or construction of reservoirs; (iii) renovation of main pipeline equipment through the replacement of obsolete or undersized sections and the establishment of new main lines; (iv) renovation and reinforcement of distribution network; (v) establishment of remote management systems in Selected Irrigation Schemes (as the case may be); (vi) rehabilitation of feeder roads and service roads and ditches; and (vii) the construction of drainage systems in some parts of the Selected Irrigation Schemes; and (b) the preparation and implementation of the pertinent environmental and social management plan(s)) for the works described under part 2.1(a) of the Project, as determined by the ESMF.

2. (a) Strengthening the capacity of the CRDAs to perform their functions of engineering and construction quality oversight (assistance à maîtrise d'ouvrage) through the following activities, including the provision of consulting services for, *inter alia:* (i) reviewing technical designs and tender documents; (ii) preparing technical guides and standard documents for the rehabilitation and modernization of irrigation structures; (iii) establishing a reference list of unit prices and a database for estimating work costs; (iv) contract management; and (v) carrying out technical audits, as needed; and (b) purchasing meters and flow limiters.

Part 3. Support to Agricultural Development and Market Access

1. Strengthening the institutional capacity of producers and their access to market(s) through the following activities, including:

   (a) the design and implementation of an integrated and participatory agricultural development plan in each of the Selected Irrigation Scheme, including:

      (i) the provision of training and technical assistance to: (A) form and consolidate farmer organization structures; and (B) improve their marketing and business skills; all based on the recommendations of the participatory agricultural development plans referred to in (a) above; and

      (ii) the provision of support for the dissemination of research results on relevant issues identified as part of the participatory agricultural development plans to be prepared under Part 3.1 (a) and value chains analysis to be carried out under Part 3.2(a) below, including, demonstration of varietal improvement, certified seeds, water management and soil fertility; and

   (b) the preparation of an in-depth analysis of the concession holdings of the organized sector comprised of sociétés de mise en valeur et de développement agricole, the Borrower's *Office des Terres Domaniales,* technicians and young farmers leasing public land.
2. Boosting product marketing and developing competitive value chains through the carrying
out of the following activities, including:

(a) the preparation of market studies and strategic analysis for selected value chains,
including the preparation of business investment plans eligible for financing under
Part 3.2(c) below;

(b) the implementation of actions to promote the quality of selected products,
including certification, labeling, geographical indications, and communication and
advertising campaigns; and

(c) the establishment of a Matching Grant Scheme (MGS) to assist Matching Grant
Beneficiaries in the implementation of the business investment plans prepared
under Part 3.2(a) above focused on selected value chains, including: (i) providing
support to the Borrower to, inter alia: (A) prepare the Matching Grant Manual;
(B) design a communication strategy for the MGS; and (ii) providing Matching
Grants to Matching Grant Beneficiaries to implement their business improvement
plans prepared under Part 3.2 (a) above.

Part 4. Project Management

Provision of support for, inter alia: (a) the operation of the Project Implementing Unit (UGO) in
the management, monitoring and evaluation of the Project (including handling of technical,
administrative, fiduciary, and safeguard-related aspects), through, inter alia: (i) the purchase of
relevant equipment; (ii) the carrying out of training activities; (iii) provision of consulting services;
and (iv) the financing of Incremental Operating Costs; and (b) the carrying out of relevant impact
assessment studies.
SCHEDULE 2
Project Execution

Section I. Implementation Arrangements

A. Institutional Arrangements.

1. The Borrower shall vest the overall responsibility for the implementation of the Project in MARHP, and to this end, shall, through MARHP:

At the national level:

(a) no later than four (4) months after the Effective Date, or such later date as agreed by the Bank, establish, and thereafter maintain, throughout Project implementation, the UGO with composition, terms of reference and resources acceptable to the Bank and defined in the Project Operational Manual, to be responsible for day-to-day implementation, management and coordination of the Project, monitoring and evaluation of its activities, including: (i) carrying out of procurement procedures at the national level; (ii) financial management; (iii) management of the monitoring and evaluation system at the national level, including safeguards aspects; (iv) preparation of consolidated annual work programs and budgets; (v) coordination and consolidation of procurement and financial management reporting; and (vi) coordination and consolidation of periodic Project progress reports;

(b) no later than three (3) months after the Effective Date, or such later date as agreed by the Bank, establish, and thereafter maintain throughout Project implementation, the COPIL with composition acceptable to the Bank and defined in the Project Operational Manual, to provide strategic guidance and oversight of the Project, facilitate overall effective implementation of the Project and ensure its consistency with the Borrower's sectoral policies and other programs;

At the subnational level:

(c) ensure the participation of the CRDAs (including their CRES) in the implementation of the activities under Part 2.1 of the Project (including, as the case may be, the operation and maintenance of the infrastructure investments under Part 2.1(a) of the Project), at the Governorate-level, including ensuring compliance with financial management, procurement and safeguards provisions set forth in this Schedule and in the Disbursement and Financial Information Letter; and

(d) as the case may be, cause the GDAs to carry out their responsibilities in the operation and maintenance of the infrastructure investments to be carried out under Part 2.1(a) of the Project, pursuant to adequate arrangements between the relevant CRDA and the GDA operating in a Selected Irrigation Scheme, under adequate terms and conditions set forth in the Project Operational Manual.

2. When applicable, upon achievement of the withdrawal condition set forth in Section III.B.1(b)(i)(A) of this Schedule, for purposes of the operation and maintenance of the
infrastructure investments to be carried out under Part 2.1(a) of the Project in any given Selected Irrigation Scheme, the Borrower, through MARHP, shall enter into adequate arrangements with the Operator (Contrat Programme or Program Agreement) under terms and conditions acceptable to the Bank which shall include:

(a) the Borrower’s obligation to make available a portion of the Loan proceeds, on a grant basis (Operation and Maintenance Subsidy), to the Operator for the carrying out of the operation and maintenance of the infrastructure investments under Part 2.1(a) of the Project; and

(b) the Operator’s obligation to: (i) operate and maintain said infrastructure investment(s) in compliance with the safeguards provisions set forth in this Schedule and, more generally, in accordance with Article V of the General Conditions; and (ii) enter into a contrat d’abonnement with any given irrigation user (Service Contract) under terms and conditions set forth in the Project Operational Manual.

3. The Borrower, through MARHP, shall exercise its rights and carry out its obligations under the Program Agreement in such manner as to protect the interests of the Borrower and the Bank and to accomplish the purposes of the Loan. Except as the Bank shall otherwise agree, the Borrower shall not assign, amend, abrogate or waive the Program Agreement or any of its provisions.

B. Project Operational Manual

The Borrower, through MARHP, shall: (i) carry out the Project in accordance with a manual, acceptable to the Bank (Project Operational Manual or POM); and (ii) not amend, abrogate or waive the POM or any of its provisions without the Bank’s prior written consent. In case of conflict between the provisions of the POM and the provisions of this Agreement, the provisions of this Agreement shall prevail.

C. Matching Grant Scheme

1. For purposes of the implementation of Part 3.2(c)(ii) of the Project, the Borrower, through MARHP, shall enter into an agreement with the Agence de Promotion des Investissement Agricoles (APIA) (APIA Agreement), under terms and conditions acceptable to the Bank which shall include, inter alia, APIA’s obligation to:

(a) (i) prior to the implementation of any activity under Part 3.2(c)(ii), prepare and adopt the Matching Grant Manual in a manner acceptable to the Bank; (ii) immediately thereafter, carry out Part 3.2(c)(ii) of the Project in accordance with the requirements set forth in the Matching Grant Manual, including eligibility criteria, selection procedures and implementation condition; and (iii) not assign, amend, abrogate or waive any provision of the Matching Grant Manual without prior written approval of the Bank. In case of any conflict between the terms of the Matching Grant Manual and those of this Agreement, the terms of this Agreement shall prevail.
(b) prior to the implementation of any activity under Part 3.2(c)(ii), establish a matching grant selection committee (Matching Grant Selection Committee) with composition acceptable to the Bank and set forth in the Matching Grant Manual; and

(c) upon selection of an investment pursuant to the criteria and procedures established in the Matching Grant Manual, enter into a standard agreement with the Matching Grant Beneficiary, under terms and conditions acceptable to the Bank, (the Matching Grant Agreement), including, *inter alia*:

(i) the amount to be provided in the form of a Matching Grant to the Matching Grant Beneficiary under a Matching Grant Agreement, its terms and conditions and a disbursement schedule;

(ii) an amount of co-financing provided by the Matching Grant Beneficiary and/or evaluation of in-kind contribution to the activity co-financed by the Matching Grant Scheme, as defined in the Matching Grant Manual;

(iii) the obligation of the Matching Grant Beneficiary to procure the expenditures to be financed under the Matching Grant Agreement in accordance with the procedures set forth in the Matching Grant Manual;

(iv) the obligation of the Matching Grant Beneficiary to carry out its activities in compliance with the Anti-Corruption Guidelines, the PMP and, when applicable, prepare environmental management plans in accordance with the ESMF, in form and substance satisfactory to the Bank, and to implement said activities in accordance with the relevant environmental management plan;

(v) the obligation of the Matching Grant Beneficiary to report to APIA on the progress of the implementation of the activity co-financed with the Matching Grant and to enable the APIA, the Borrower and the Bank, if the Bank shall so request, to visit the facilities where the co-financed activities are implemented and administered;

(vi) the obligation of the Matching Grant Beneficiary to maintain records and accounts for expenditures incurred and financed with the Matching Grant, and make available such documentation to APIA, the Borrower and the Bank, if the Bank shall so request; and

(vii) the right of APIA to suspend, cancel or request a refund of the Matching Grant or a portion thereof in case of the failure of the Matching Grant Beneficiary to perform any of its obligations under the Matching Grant Agreement.

2. The Borrower shall exercise its rights and carry out its obligations under the APIA Agreement in such manner as to protect the interests of the Borrower and the Bank and to accomplish the purposes of the Loan. Except as the Bank shall otherwise agree, the
Borrower shall not assign, amend, abrogate or waive the APIA Agreement or any of its provisions.

D. Value Chain Development under Part 3 of the Project

1. When applicable, for purposes of implementing the activities under Parts 3.1 and 3.2(a) and (b) of the Project, the Borrower, through MARPH, shall enter into or maintain, as the case may be, adequate arrangements with CEPEX (Convention) under terms and conditions acceptable to the Bank and set forth in the Project Operational Manual.

2. The Borrower shall exercise its rights and carry out its obligations under the Convention in such manner as to protect the interests of the Borrower and the Bank and to accomplish the purposes of the Loan. Except as the Bank shall otherwise agree, the Borrower shall not assign, amend, abrogate or waive the Convention or any of its provisions.

E. Safeguards

1. The Borrower, through MARHP, shall ensure that the Project is implemented in accordance with the Environmental and Social Management Framework (ESMF), the Pest Management Plan (PMP) and the Resettlement Policy Framework (RPF). Except as otherwise agreed by the Bank, the Borrower shall not amend, abrogate, waive, or fail to enforce the ESMF, PMP or the RPF, or any of their provisions.

2. The Borrower, through MARHP, shall ensure that the terms of reference for any technical assistance provided under the Project, shall be satisfactory to the Bank, and to that end, such terms of reference shall require that the advice conveyed through such technical assistance be consistent with the requirements of the Bank’s Safeguards Policies and Procedures.

Section II. Project Monitoring Reporting and Evaluation

The Borrower, through MARHP, shall furnish to the Bank each Project Report not later than forty-five (45) days after the end of each calendar semester, covering the calendar semester.

Section III. Withdrawal of Loan Proceeds
