The capitalized terms used below in this Section to describe particular procurement methods or methods of review by the Association of particular contracts, refer to the corresponding method described in Sections II and III of the Procurement Guidelines, or Sections II, III, IV and V of the Consultant Guidelines, as the case may be.
B. **Particular Methods of Procurement of Goods, Works and Non-consulting Services**

1. **International Competitive Bidding.** Except as otherwise provided in paragraph 2 below, goods, works and non-consulting services shall be procured under contracts awarded on the basis of International Competitive Bidding.

2. **Other Methods of Procurement of Goods, Works and Non-consulting Services.** The following methods, other than International Competitive Bidding, may be used for procurement of goods, works and non-consulting services for those contracts specified in the Procurement Plan:

   (a) **National Competitive Bidding:** procurement shall be carried out in accordance with the “Open Competitive Bidding” method (*Appel d’offres ouvert*) set forth in the Recipient’s law no. 2004-009 of July 2004 on the Public Procurement Code, subject to the following additional provisions listed in (i) through (xv) below to conform to the provisions of the Procurement Guidelines:

   (i) No bidder or potential bidder shall be declared ineligible for contracts financed by the Association for reasons other than: (i) its capability and resources to successfully perform the contract; (ii) a conflict of interest situation, or (iii) an accepted prohibition.

   (A) Firms of a country or goods manufactured in a country may be excluded if: (AA) as a matter of law or official regulation, the Recipient’s country prohibits commercial relations with that country, provided that the Association is satisfied that such exclusion does not preclude effective competition for the supply of goods, works, and non-consulting services required; or (BB) by an act of compliance with a decision of the United Nations Security Council taken under Chapter VII of the Charter of the United Nations, the Recipient’s country prohibits any import of goods from, or payments to, a particular country, person, or entity. Where the Recipient’s country prohibits payments to a particular firm or for particular goods by such an act of compliance, that firm may be excluded.

   (B) Government-owned enterprises or institutions of the Recipient shall be eligible to participate in the bidding process in their country, only if they can establish that they are legally and financially autonomous, operate
under commercial law, and are not dependent agencies of the Recipient or the Project Implementing Entity.

(C) A firm sanctioned by the Association in accordance with paragraph 1.16(d) of the Procurement Guidelines, or the Anti-Corruption Guidelines, shall be ineligible to be awarded or to benefit from an Association- or Bank-financed contract, financially or in any other manner, during the period of time determined by the Association.

(D) The requirement of producing a registration number (Numero d’Immatriculation) for any bidder to participate in the bidding process shall not be interpreted as a prior requirement to any sort of local registration, license or authorization.

(ii) Standard bidding documents acceptable to the Association shall be used so as to ensure economy, efficiency, transparency and consistency with the provisions of Section I of the Procurement Guidelines.

(iii) Participation from joint ventures shall be allowed on condition that such joint venture partners will be jointly and severally liable for their obligations under the awarded contract. Therefore, the “Groupement Conjoint”, described under the Recipient’s law no. 2004-009 of July 2004 on the Public Procurement Code, shall not be allowed under National Competitive Bidding.

(iv) No domestic/regional preference, or any other kind of preferential treatment, shall be given for domestic/regional bidders, and/or for domestically/regionally manufactured goods, and/or for domestically/regionally originated related services.

(v) The qualification criteria shall be clearly specified in the bidding documents, and all criteria so specified, and only such criteria so specified shall be used to determine whether a bidder is qualified. Qualification criteria shall be assessed on a “pass or fail” basis, and merit points shall not be used. Bidders’ qualifications shall be assessed by post-qualification.

(vi) In case a fee is charged for the bidding documents, it shall be reasonable and reflect only the cost of their typing, printing or publishing, and delivery to prospective bidders, and it shall not be so high as to discourage bidders’ participation in the bidding process. Bids may be submitted by electronic means only
provided that the Association is satisfied with the adequacy of the system, including, *inter-alia*, that the system is secure, maintains the integrity, confidentiality, and authenticity of the bids submitted, and uses an electronic signature system or equivalent to keep bidders bound to their bids.

(vii) The bid validity period required by the bidding documents shall be sufficient to complete the evaluation of bids and obtain any approval that may be required (at least four (4) weeks). If justified by exceptional circumstances, an extension of the bid validity may be requested in writing from all bidders before the original bid validity expiration date, and it shall cover only the minimum period required to complete the evaluation and award of the contract. The extension of the bid validity requires the Association's no objection for those contracts subject to prior review, if it is longer than four (4) weeks, and for all subsequent requests for extension, irrespective of the period.

(viii) Bid Evaluation:

(A) Evaluation of bids shall be made in strict adherence to the evaluation criteria declared in the bidding documents.

(B) Evaluation criteria other than price shall be quantified in monetary terms and the manner in which they will be applied for the purpose of determining the lowest evaluated bid shall be established in the bidding documents. A weighting/scoring system shall not be used.

(C) A contract shall be awarded to the qualified bidder offering the lowest-evaluated and substantially responsive bid. No negotiations shall be permitted.

(D) Bidders shall not be eliminated on the basis of minor, non-substantial deviations.

(E) In case of requests for clarifications, bidders shall not be asked or permitted to alter or complete their bids.

(ix) All bids shall not be rejected, the procurement process shall not be cancelled, and new bids shall not be solicited without the Association's prior concurrence.
(x) Securities shall be in the format included in the bidding documents. No advance payment shall be made without a suitable advance payment security.

(xi) Information on contract award shall be published at least in a national newspaper of wide circulation within two (2) weeks of receiving the Association’s no objection to the award recommendation for contracts subject to prior review, and within two (2) weeks from the award decision for contracts subject to post review. Publication shall include the following information: (A) the name of each bidder which submitted a bid; (B) bid prices as read out at bid opening; (C) evaluated prices of each bid that was evaluated; (D) the names of bidders whose bids were rejected and the reasons for their rejection; and (E) the name of the winning bidder, the final total contract price, and the duration and summary scope of the contract.

(xii) In the case of contracts subject to prior review, the Association’s no objection shall be obtained before agreeing to: (A) a material extension of the stipulated time for performance of a contract; (B) any substantial modification of the scope of services or other significant changes to the terms and conditions of the contract; (C) any variation order or amendment (except in cases of extreme urgency) which, singly or combined with all variation orders or amendments previously issued, increases the original contract amount by more than 15 percent; or (D) the proposed termination of the contract. A copy of all contract amendments shall be furnished to the Association for its record.

(xiii) In accordance with the Procurement Guidelines, each bidding document and contract financed from the proceeds of the Financing shall provide that bidders, suppliers, and contractors, and their subcontractors, agents, personnel, consultants, service providers or suppliers, shall permit the Association, at its request, to inspect their accounts, records and other documents relating to the submission of bids and contract performance, and to have them audited by auditors appointed by the Association. Acts intended to materially impede the exercise of the Association’s inspection and audit rights constitute an obstructive practice as defined in the Procurement Guidelines.

(xiv) Each bidding document and contract financed from the proceeds of the Financing, and as deemed acceptable by the Association, shall include provisions stating the Association’s policy to
santion firms or individuals found to have engaged in fraud and corruption as defined in the Procurement Guidelines.

(xv) The Association may recognize, if requested by the Recipient, exclusion from participation as a result of debarment under the national system, provided that the debarment is for offenses involving fraud, corruption or similar misconduct, and further provided that the Association confirms that the particular debarment process afforded due process and the debarment decision is final.

(b) Shopping;
(c) Direct Contracting; and
(d) Procurement from a UN Agency (UNOPS).

C. Particular Methods of Procurement of Consultants’ Services

1. Quality- and Cost-based Selection. Except as otherwise provided in paragraph 2 below, consultants’ services shall be procured under contracts awarded on the basis of Quality- and Cost-based Selection.
