The United Nations Economic Commission for Africa
Africa Climate Resilient Investment Facility
Environmental & Social Commitment Plan

1. The United Nations Economic Commission for Africa is planning to implement the Africa Climate Resilient Investment Facility Project (the Project), with the involvement of the African Climate Policy Centre. The International Bank for Reconstruction and Development hereinafter the Bank has agreed to provide financing for the Project.

2. Implementation of the actions set out in this ESCP will be monitored and reported to the Bank by the United Nations Economic Commission for Africa as required by the ESCP and the conditions of the legal agreement, and the Bank will monitor and assess progress throughout implementation of the Project.

3. As agreed by the Bank and the United Nations Economic Commission for Africa, this ESCP may be revised from time to time during Project implementation, to reflect adaptive management of Project changes and unforeseen circumstances or in response to assessment of Project performance conducted under the ESCP itself. In such circumstances, United Nations Economic Commission for Africa will agree to the changes with the Bank and will update the ESCP to reflect such changes. Agreement on changes to the ESCP will be documented through the exchange of letters signed between the Bank and the United Nations Economic Commission for Africa. The United Nations Economic Commission for Africa will promptly disclose the updated ESCP.

4. Where Project changes, unforeseen circumstances, or Project performance result in changes to the risks and impacts during Project implementation, the United Nations Economic Commission for Africa shall implement actions and measures to address such risks and impacts.

5. The table below summarizes the commitment to monitor for potential environmental and social risks the timing of monitoring and reporting. The United Nations Economic Commission for Africa is responsible for compliance with all requirements of the ESCP even when implementation of specific measures and actions is conducted by the African Climate Policy Centre referenced in 1. above.
