Conflict of Interest

1. A bidder shall not have a conflict of interest. Any bidder found to have a conflict of interest shall be ineligible for award of a contract. The provisions on conflict of interest as stated under Section I of the Procurement Guidelines shall apply.

Eligibility

2. The eligibility of bidders shall be as defined under Section I of the Procurement Guidelines; accordingly, no bidder or potential bidder shall be declared ineligible for contracts financed by the Association for reasons other than those provided in Section I of the Guidelines. Foreign bidders shall be eligible to participate in bidding under the same conditions as national bidders. In particular, no domestic preference over foreign bidders shall be granted to national bidders in bid evaluation, nor shall foreign bidders be asked or required to form joint ventures with or be subcontractors to national bidders in order to submit a bid.

3. Government-owned enterprises or institutions of the Recipient’s country are eligible to bid in the Recipient’s country only if they can establish that they: (i) are legally and financially autonomous, (ii) operate under commercial law, and (iii) are not dependent agencies of the Recipient or sub-recipient. Military or security units or enterprises established under, reporting directly or indirectly to, or owned wholly or partly by, the Ministry of Defense or the Ministry of Public Security shall not be permitted to bid.

Registration

4. Registration shall not be used to assess bidders’ qualifications. A foreign bidder shall not be required to register as a condition for submitting its bid and, if determined to
be the lowest evaluated responsive bidder, shall be given reasonable opportunity of registering, without any let or hindrance. Bidding shall not be restricted to any particular class of contractors, and non-classified contractors shall also be eligible to bid.

Advertising; Time for Bid Preparation

5. The complete text of advertisement shall be published in a national newspaper of wide circulation or in the official gazette provided that it is of wide circulation, or on a widely used website or electronic portal with free national and international access. The Recipient may publish a shorter version of the advertisement text, including the minimum relevant information, in the national press provided that the full text is simultaneously published in the official gazette or on a widely used website or electronic portal with free national and international access. Notification shall be given to prospective bidders in sufficient time to enable them to obtain relevant documents.

6. The time allowed for the preparation and submission of bids shall not be less than thirty (30) days from the date of the invitation to bid or the date of availability of the bidding documents, whichever is later.

Standard Bidding Documents

7. Standard bidding documents acceptable to the Association shall be used.

Qualification Criteria

8. Qualification criteria shall be clearly specified in the bidding documents, and all criteria so specified, and only such specified criteria, shall be used to determine whether a bidder is qualified. Qualification shall be assessed on a pass or fail basis and merit points shall not be used. Such assessment shall only take into account the bidder’s capacity and resources to perform the contract, specifically its experience and past performance on similar contracts, capabilities with respect to personnel, equipment, and construction and manufacturing facilities, and financial capacity. The evaluation of the bidder’s qualifications shall be conducted separately subsequent to the technical and commercial evaluation of the bid.

Bid Submission, Bid Opening, and Bid Evaluation

9. Bidders may submit bids, at their option, either in person or by courier service or by mail, as required in the bidding documents. Bids shall be opened in public, immediately after the deadline for submission of bids, regardless of the number of bids received. Bids received after the deadline for bid submission shall be rejected and returned to the bidders unopened. A copy of the bid opening minutes shall be promptly provided to all bidders who submitted bids, and to the Association with respect to contracts subject to the Association’s prior review.
Bidding documents shall be sold to anyone who is willing to pay the required fee for the bidding documents which shall not exceed the costs of printing, reproduction, and delivery at any time prior to the deadline for bid submission, and no other conditions shall be imposed on the sale of the bidding documents.

Evaluation of bids shall be made in strict adherence to the criteria that shall be clearly specified in the bidding documents and quantified in monetary terms for evaluation criteria other than price; merit points shall not be used in bid evaluation.

A contract shall be awarded, within the period of the validity of bids, to the bidder who meets the appropriate standards of capability and resources and whose bid has been determined (i) to be substantially responsive to the bidding documents and (ii) to offer the lowest evaluated cost. No negotiations shall be permitted. A bidder shall neither be required nor permitted, as a condition for award, to undertake obligations not specified in the bidding documents or otherwise to modify the bid as originally submitted.

No bid shall be eliminated from detailed evaluation on the basis of minor, non-substantive deviations.

The comparison of all bids and the award of contract may be based on the total cost at destination including all taxes and duties.

No bid shall be rejected on the basis of a comparison with the employer’s estimate and budget ceiling without the Bank’s prior written agreement.

Rejection of All Bids and Re-bidding

Rejection of all bids is justified when there is lack of effective competition, or all bids are not substantially responsive, or no bidder meets the specified qualification criteria, or the bid price of the lowest evaluated winning bid is substantially higher than the Recipient’s updated estimated cost or available budget. Lack of competition shall not be determined solely on the basis of the number of bidders. Even when only one (1) bid is submitted, the bidding process may be considered valid if the bid was satisfactorily advertised, the qualification criteria were not unduly restrictive, and prices are reasonable in comparison to market values. All bids shall not be rejected or new bids solicited without the Association’s prior written agreement.

Complaints by Bidders and Handling of Complaints

The Recipient shall implement an effective and independent protest mechanism allowing bidders to protest and have their protests handled in a timely
manner. An independent protest mechanism shall provide for the review of complaints by an independent entity that is not involved in any aspect of the underlying procurement process (e.g., bid evaluation, contract approval, etc.).

Fraud and Corruption

12. The provisions on fraud and corruption as stated under Section I of the Procurement Guidelines shall apply. Each bidding document and contract financed out of the proceeds of the Financing shall include provisions on matters pertaining to fraud and corruption as defined in the Procurement Guidelines. The Association may sanction a firm or individual, at any time, in accordance with prevailing Association sanctions procedures, including by publicly declaring such firm or individual ineligible, either indefinitely or for a stated period of time: (i) to be awarded an Association-financed contract; and (ii) to be a nominated subcontractor, consultant, supplier, or service provider of an otherwise eligible firm being awarded an Association-financed contract.

Right to Inspect / Audit

13. Each bidding document and contract financed from the proceeds of the Financing shall include a provision requiring bidders, suppliers, contractors, and subcontractors to permit the Association to inspect their accounts and records relating to the bid submission and performance of the contract and to have said accounts and records audited by auditors appointed by the Association. Acts intended to materially impede the exercise of the Association’s inspection and audit rights provided for in the Procurement Guidelines constitute an obstructive practice as defined in the Procurement Guidelines.

License

14. Foreign contractors shall be given a reasonable opportunity to apply for and obtain a work license, which shall not be arbitrarily withheld.

Publication of the Award of Contract

15. Within two (2) weeks of receiving the Association’s non-objection to the award recommendation for contracts subject to the Association’s prior review, and within two (2) weeks of the Recipient’s award decision for contracts subject to the Association’s post review, the Recipient shall publish the following information on contract award in a national newspaper of wide circulation and/or in the official gazette provided that it is of wide circulation, or on a widely used website or electronic portal with free national and international access: (a) the name of each bidder which submitted a bid; (b) bid prices as read out at bid opening; (c) evaluated prices of each bid that was evaluated; (d) the names of bidders whose bids were either rejected as non-responsive or not meeting qualification criteria, or not evaluated, with the reasons thereof; and (e) the name of the winning bidder, the final total contract price, as well as the duration and summary scope of the contract.
Contract Modifications

16. With respect to contracts subject to the Association's prior review, the Recipient shall obtain the Association’s non-objection before agreeing to: (a) a material extension of the stipulated time for performance of a contract; (b) any substantial modification of the scope of services or other significant changes to the terms and conditions of the contract; (c) any variation order or amendment (except in cases of extreme urgency) which, singly or combined with all variation orders or amendments previously issued, increases the original contract amount by more than fifteen percent (15%); or (d) the proposed termination of the contract. A copy of all contract amendments shall be provided to the Association.
