ANNEX to SCHEDULE 2

National Competitive Bidding Procedures

The procedure to be followed for National Competitive Bidding shall be those set forth in the provisions on competitive bidding in the Guidelines for Government Procurement by Public Tender (February 2003) with the modifications set forth below in order to ensure economy, efficiency and transparency and broad consistency with the provisions of Section I of the Procurement Guidelines as required by paragraph 3.3 and 3.4 of the Procurement Guidelines:

Eligibility

(i) The eligibility of bidders shall be as defined under Section I of the Association’s Procurement Guidelines; accordingly, no bidder or potential bidder shall be declared ineligible for contracts financed by the Association for reasons other than those provided in Section I of the Procurement Guidelines. Foreign bidders shall be eligible to participate in bidding under the same conditions as national bidders. In particular, no domestic preference over foreign bidders shall be granted to national bidders in bid evaluation, nor shall foreign bidders be asked or required to form joint ventures with national bidders in order to submit a bid.

Registration

(ii) Registration shall not be used to assess bidders’ qualifications. A foreign bidder shall not be required to register as a condition for submitting its bid and, if determined to be the lowest evaluated responsive bidder, shall be given reasonable opportunity of registering, without any let or hindrance. The registration process shall not be applicable for Subcontractors. Bidding shall not be restricted to any particular class of contractors, and non-classified contractors shall also be eligible to bid.

Advertising; Time for Bid Preparation

(iii) Invitations to bid shall be advertised in at least one newspaper of national circulation, allowing a minimum of thirty (30) days for the preparation and submission of bids except for commodities and small goods contract. Potential bidders shall be allowed to purchase bidding documents up to any time prior to the deadline for submission of bids.

Standard Bidding Documents

(iv) Standard Bidding Documents, acceptable to the Association, shall be used.
Qualification Criteria

(v) Qualification criteria shall be clearly specified in the bidding documents, and all criteria so specified, and only such specified criteria, shall be used to determine whether a bidder is qualified. Qualification shall be assessed on a pass or fail basis. Such assessment shall only take into account the bidder’s capacity and resources to perform the contract, specifically its experience and past performance on similar contracts, capabilities with respect to personnel, equipment and construction and manufacturing facilities, and financial capacity. The evaluation of the bidder’s qualifications shall be conducted separately from the technical and commercial evaluation of the bid.

Bid Submission, Bid Opening and Bid Evaluation

(vi) Bidders may submit bids, at their option, either in person or by courier service or by mail. Bids shall be opened in public, immediately after the deadline for submission of bids. Bids received after the deadline for bid submission shall be rejected and returned to the bidders unopened.

(a) All bidding for goods and works shall be carried out through a one envelope procedure.

(b) Evaluation of bids shall be made in strict adherence to the criteria that shall be clearly specified in the bidding documents and quantified in monetary terms for evaluation criteria other than price; merit points shall not be used in bid evaluation.

(c) A contract shall be awarded to the substantially responsive bid that offers the lowest evaluated cost and no negotiations shall be permitted. A bidder shall not be required, as a condition for award, to undertake obligations not specified in the bidding documents or otherwise modify the bid as originally submitted.

(d) Bidders shall not be eliminated from detailed evaluation on the basis of minor, non-substantial deviations.

(e) No bidder shall be rejected on the basis of a comparison with the Recipient’s estimate and budget ceiling without the Association’s prior concurrence.

(f) A copy of the minutes of the public bid opening shall be promptly provided to all bidders, and to the Association with respect to contracts subject to prior review.
Rejection of All Bids and Re-bidding

(vii) All bids shall not be rejected or new bids solicited without Association’s prior written concurrence.

Extension of the Validity of Bids

(viii) Extension of validity of bids may be allowed in exceptional circumstances, but there shall be no amendment of the price or any other condition of the bids. Bidders may refuse such an extension without forfeiting their bid securities, but bidders who are willing to extend validity of their bids shall be required to provide a suitable extension of their bid securities.

Complaints by Bidders and Handling of Complaints

(ix) The Recipient shall establish and implement an effective and independent protest mechanism allowing bidders to protest and to have their protests handled in a timely manner.

Fraud and Corruption

(x) The Association shall declare a firm or individual ineligible, either indefinitely or for a stated period, to be awarded a contract financed by the Association, if it at any time determines that the firm or individual has, directly or through an agent, engaged in corrupt, fraudulent, collusive, coercive or obstructive practices in competing for, or in executing, a contract financed by the Association.

Right to Inspect/Audit

(xi) Each bidding document and contract financed from the proceeds of a Financing shall include a provision requiring bidders, suppliers, contractors and subcontractors to permit the Association at its request, to inspect their accounts and records relating to the bid submission and performance of the contract and to have said accounts and records audited by auditors appointed by the Association. The deliberate and material violation by the bidder, supplier, contractor or subcontractor of such provision may amount to obstructive practice.
