- The contracting authority shall invite all the candidates that meet the selection criteria.
- No maximum number of selected candidates shall apply.

(b) **Registration**

- Bidding shall not be restricted to pre-registered firms.
- Where registration is required, bidders: (1) shall be allowed a reasonable time to complete the registration process; and (2) shall not be denied registration for reasons unrelated to their capability and resources to successfully perform the contract, which shall be verified through post-qualification.
- Foreign bidders not from the territory of the Borrower shall not be precluded from bidding. If a registration process is required, a foreign bidder declared the lowest evaluated bidder shall be given a reasonable opportunity to register.

(c) **Advertising, time for submission of bids**

- Invitations to bid shall be advertised in at least one widely circulated national daily newspaper. Invitations could be also advertised on the web sites of the Public Procurement Bureau and respective ministry.
- Time allowed for the preparation and submission of bids shall not be less than thirty (30) days from the time of the invitation to bid or the date of availability of bidding documents, whichever is later.
(d) **Pre-qualification**

- When pre-qualification shall be required for large or complex works, invitations to pre-qualify for bidding shall be advertised in at least one (1) widely circulated national daily newspaper. Invitations could be also published on the web sites of the Public Procurement Bureau and respective ministry.

- Time allowed for the preparation and submission of bids shall not be less than thirty (30) days from the time of the invitation to bid or the date of availability of bidding documents, whichever is later.

- Minimum experience, and technical and financial requirements, shall be explicitly stated in the pre-qualification documents.

(e) **Participation of Publicly-owned enterprises**

Publicly-owned enterprises shall be eligible to participate in bidding only if they can establish that they are legally and financially autonomous, operate under commercial law and are not a dependent agency of the contracting authority. Furthermore, they will be subject to the same bid and performance security requirements as other bidders.

(f) **Bidding Documents**

Procuring entities shall use the appropriate standard bidding documents acceptable to the Bank for procurement of goods and works.

(g) **Bid Opening, Bid Evaluation and Contract Award**

- Bids shall be submitted in a single envelope containing the bidder's qualification information, technical and price bids, which shall be opened simultaneously at the public bid opening.

- No bids shall be rejected at the bid opening except for late bids and bids shall not be evaluated as part of bid opening process.

- The economic, financial and technical capacity of the bidders cannot be guaranteed by another entity, except joint venture and observing those criteria set up in the bidding documents.

- Evaluation of bids shall be made in strict adherence to the quantifiable criteria declared in the bidding documents and evaluation criteria other than price shall be quantified in monetary terms.

- Bids not substantially responsive shall be rejected.

- Extensions of bid validity will be allowed once only for not more than thirty (30) days.

• No advance payment shall be made to contractors without a suitable advance payment security. These securities shall be included in the bidding documents in a text and format acceptable to the Bank.

Acts intended to materially impede the exercise of the Bank’s inspection and audit rights provided for in the Procurement Guidelines constitute an obstructive practice as defined in the Procurement Guidelines.

(l) Fraud & Corruption

Any bidding document and contract as deemed acceptable by the Bank shall include provisions stating the Bank’s policy to sanction firms or individuals, found to have
engaged in fraudulent, corrupt, collusive, coercive, and obstructive practices as defined in the Procurement Guidelines. The Bank shall declare a firm or individual ineligible, either indefinitely or for a stated period, to be awarded a contract financed by the Bank, if it at any time determines that the firm or individual has, directly or through an agent, engaged in corrupt, fraudulent, collusive, coercive or obstructive practices in competing for, or in executing, a contract financed by the World Bank Group.

4. Notwithstanding the provisions of paragraphs 1 and 2 of this Schedule, upon a Currency Conversion of all or any portion of the Withdrawn Loan Balance to an Approved Currency, the amount so converted in the Approved Currency that is repayable on any Principal Payment Date occurring during the Conversion Period, shall be determined by the Bank by multiplying such amount in its currency of denomination immediately prior to the Conversion by either: (i) the exchange rate that reflects the amounts of principal in the Approved Currency payable by the Bank under the Currency Hedge Transaction relating to the Conversion; or (ii) if the Bank so determines in accordance with the Conversion Guidelines, the exchange rate component of the Screen Rate.
