PROTON ENERGY LIMITED

ENVIRONMENTAL POLICY STATEMENT

Protecting our shared environment is of fundamental importance to Proton Energy Limited, as well as our employees and stakeholders. We believe we have a responsibility to care for the environment in which we do our business, and understand that operating in an environmentally and socially sound manner must be a foundation for our long-term growth and profitability. We are therefore fully committed to achieving sound and sustainable environmental and social performance across our business activities.

Proton Energy recognizes our key impacts to be:

- Energy use
- Emissions to air and water
- Waste generation

We are committed to:

- Complying and adopting the highest national and international environmental and social standards in all our operations, meeting and exceeding all relevant legislative requirements.
- Continually assessing our organizational activities and identifying areas where we can minimize impacts.
- Ensuring that protection of the environment is firmly embedded in both the company’s and employees’ culture, and use best efforts to influence suppliers and customers in like manner.
- Minimise waste through careful and efficient use of all materials and energy.
- Efficient handling and disposal of wastes.
- Clearly communicating our environmental position to all employees and stakeholders.
- Training employees in good environmental practice and encouraging employee involvement in environmental action.
- Compliance with sound labour practices and working conditions for our employees.
- Reducing risks from environmental, health or safety hazards for employees and the communities where we operate.
- Continually assessing and monitoring the environmental and social impacts of our operations and reviewing our responses to them.

Proton Energy Limited has developed an Environmental and Social Management System using ISO standards and international requirements to meet its environmental policy objectives. This can be found on the company’s website.

Proton Energy Limited will periodically review performance of this policy and clearly publish the results.
