SCHEDULE 1

Project Description

The objective of the Project is to strengthen the MOH’s capacity for more effective system governance, scaling up family medicine-based primary health care and upgrading selected healthcare service delivery networks in the Selected Marzes to provide more accessible, quality and sustainable health care services to the population.

The Project constitutes the second phase of the Program, and consists of the following parts:

Component A: Family Medicine Development

1. Improvement of the retraining and residency training of family doctors and family nurses.

2. Strengthening of the primary health care infrastructure through rehabilitation of ambulatories and construction of rural centers.

Component B: Optimization of Hospital Infrastructure

1. Support of the optimization of physical infrastructure and human resources in the Selected Marzes, in line with the Marz Optimization Plan.

2. Rehabilitation of merged hospitals and provision of modern medical equipment.

3. Provision of training and technical assistance to introduce hospital quality assurance and medical waste management systems.

Component C: Institutional Development

2. Strengthening of regulatory, oversight and management functions through review of the existing health-related legislation and introduction of the revision as a result.

3. Improvement of public expenditure management in the State Health Agency of the Recipient in order to build its capacity, including: (a) development of the quality monitoring system for publicly funded services; (b) development of methodology for services costing; and (c) provision of technical assistance for improvement of its structure and function.
4. Strengthening of the design and implementation of the national non-communicable disease prevention and control strategy through training, piloting and evaluation of program outcomes.

5. Improvement of the medical education system, through: (a) the review of the higher medical education system; (b) review and revision of professional education standards; (c) development of the knowledge evaluation system; (d) revision of the continuous medical education program; and (e) evaluation of the needs of the State Medical University and the National Institute of Health of the Recipient.

Component D: Project Management

Strengthening of the management capacity of the MOH of the Recipient and its HPIU to monitor and administer implementation of the Project.
SCHEDULE 2

Project Execution

Section I. Implementation Arrangements

A. Institutional Arrangements

1. Without limitation upon the provision of Section 3.01 and except as the Recipient and the Association shall otherwise agree, the Recipient shall maintain a balance in the Project Account, until completion of the Project, with the amount adequate for the subsequent three (3) months of Project implementation.

2. The Recipient shall maintain the Project Steering Committee consisting of the representatives of the MOH and other key stakeholders, with the responsibility for guiding and coordinating the implementation of the Program, defining terms of references, participating in technical evaluations and working directly with consultants on arrangements of strategic technical assistance.

3. By August 1, 2007, the Recipient shall establish the Hospital Optimization and Modernization Coordinating Committee.

4. For the implementation of Component B of the Project, the Recipient shall cause each of the Selected Marzes to:

   (a) enter into an implementation agreement among the MOH, Director of the hospital and the head of the Marz, satisfactory to the Association, for the implementation of the Marz Optimization Plan; and

   (b) exercise its rights under such agreements in such manners as to protect the interests of the Association and to accomplish the purposes of the Project, and shall not assign, amend, abrogate or waive any of such agreements, or any provisions thereof without the Association’s prior approval.

B. Anti-Corruption

The Recipient shall ensure that the Project is carried out in accordance with the provisions of the Anti-Corruption Guidelines.

C. Safeguards

The Recipient shall take, or cause to be taken, all measures necessary for the carrying out of the Environmental Management Plan in a timely manner.
Section II. Project Monitoring, Reporting and Evaluation

A. Project Reports

1. The Recipient shall monitor and evaluate the progress of the Project and prepare Project Reports in accordance with the provisions of Section 4.08 of the General Conditions and on the basis of the indicators agreed with the Association. Each Project Report shall cover the period of one calendar semester, and shall be furnished to the Association not later than one month after the end of the period covered by such report.

2. For purposes of Section 4.08 (c) of the General Conditions, the report on the execution of the Project and related plan required pursuant to that Section shall be furnished to the Association not later than six (6) months prior to the Closing Date.

B. Financial Management, Financial Reports and Audits

1. The Recipient shall maintain or cause to be maintained a financial management system in accordance with the provisions of Section 4.09 of the General Conditions.

2. Without limitation on the provisions of Part A of this Section, the Recipient shall prepare and furnish to the Association as part of the Project Report not later than forty-five (45) days after the end of each calendar quarter, interim unaudited financial reports for the Project covering the quarter, in form and substance satisfactory to the Association starting from the first disbursement made under the Project.

3. The Recipient shall have its Financial Statements audited in accordance with the provisions of Section 4.09 (b) of the General Conditions. Each audit of the Financial Statements shall cover the period of one fiscal year of the Recipient. The audited Financial Statements for each such period shall be furnished to the Association not later than six months after the end of such period.
