Dear Mr. Bevanda,

In accordance with the Contract for Consultants’ Services No: BA-MFT-Audit WB-2014 dated April 25, 2014 and Annex No. 4 on that contract dated March 10, 2016, both signed between, on the one hand, the Ministry of Finance and Treasury of Bosnia and Herzegovina and, on the other hand, Deloitte d.o.o. Sarajevo, we have performed an audit on the project financial statements of the Enhancing Small and Medium Enterprises Access to Finance Project in Republika Srpska (hereinafter the “Project”) for the year ended December 31, 2015.

Our work has been carried out primarily for the purpose of expressing an opinion on the Project Financial Statements, Statements of Expenditure, Designated Accounts and Financial Monitoring Reports of the Project. Consequently, our examination may have not covered all those areas where improvements could be made. The examination was set at a level which, in the given circumstances, was necessary for the audit’s purposes.

Usual auditors’ practice is to issue Management Recommendation Letter, whose aim is to bring to your attention any significant matters revealed by our audit (if any), and if applicable, to make recommendations. However, during the course of our audit we have identified no issues that have influence on our audit opinion or would bring any other concerns for our comments or recommendations.

This letter is intended solely for the information and use of the Ministry of Finance and Treasury of Bosnia and Herzegovina and the Management of the Project.

Yours sincerely,

Deloitte d.o.o.
