Minister of Finance,
Government of Islamic Republic of Afghanistan

Date: June, 2017

Independent Auditors’ Report on the Financial Statements

1. We have audited the accompanying statements of Cash Receipts and Payments (the “Financial Statements”) of the Financial Sector Rapid Response Project bearing World Bank Project ID number P119047 financed under Grant No.H-7320 & H-8930 (hereinafter referred to as the “Project”) for the year ended 30 Qaws of Solar Year 1395 (21 December 2015 to 20 December 2016), and a summary of significant accounting policies and other explanatory notes forming part of the Financial Statements.

The Ministry of Finance’s Responsibility for the Financial Statements and Compliance with Grant Agreement

2. The Ministry of Finance (the “Ministry”) is responsible for preparation and fair presentation of the Financial Statements in accordance with International Public Sector Accounting Standard “Financial Reporting under the Cash Basis of Accounting.” This responsibility includes designing, implementing and maintaining internal control relevant to the preparation and fair presentation of the financial statements which are free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

3. In addition, the Ministry is also responsible for ensuring that the activities, financial transactions and information reflected in the financial statements are in compliance with the Project’s Grant Agreement. The Grant Agreement Number H-7320 of August 2011 and H-8930 of June 2014 entered into between the Islamic Republic of Afghanistan and the International Development Association for the provision of United States Dollars 25.7 Million (USD 25,700,000) funding to the Project and amendment letter dated 26.5.2016.

Auditor’s Responsibility

4. Our responsibility is to express an opinion on these Financial Statements based on our audit. We have conducted audit of the financial statements, project operations and related internal controls in accordance with International Standards of Supreme Audit Institutions (“ISSAIs”). Those Standards require that SAO comply with ethical regulations and plan and perform the audit to obtain reasonable assurance of the financial statements being free from material misstatement. Those standards require that SAO express its opinion on whether the financial statements present fairly, in all material respects, the cash receipts and payments of the project.

5. In addition to the responsibility to express an opinion on the financial statements described above, our responsibility includes expressing an opinion on whether the activities, financial transactions and information reflected in the financial statements are, in all material respects, in compliance with the Project’s Grant Agreement. This responsibility includes performing procedures to obtain
audit evidence about whether all payments and receipts are in compliance with the terms and conditions of Grant Agreement.

6. An audit involves performing procedures to obtain reasonable and appropriate audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making the risk assessments, internal controls relevant to the entity's preparation and presentation of financial statements are considered in order to design audit procedures that are appropriate in the circumstances, but not for the purposes of expressing an opinion on the effectiveness of internal controls. An audit also includes evaluating the appropriateness of accounting policies used, the reasonableness of accounting estimates made by management, as well as evaluating the presentation of the financial statements.

7. We believe that the audit evidence we have obtained is reasonable and appropriate to provide a basis for our opinion.

Opinion

9. In our opinion, in all material respects, the activities, financial transactions and information reflected in the financial statements are in compliance with the terms and conditions of Project's Grant Agreement.

10. Management Letter, attached to this Audit Report, highlights areas of improvement in financial management including compliance with financial covenants of the Grant Agreements and of results of its operations for the 30 Qaws of Solar Year 1395 (21 December 2015 to 20 December 2016). These observations and recommendations have been communicated to and discussed with the Project and are intended to improve internal controls and result in other operating efficiencies of the Project.
