Report of the Comptroller and Auditor General of India on the Project Financial Statements

We have audited the accompanying financial statements of the World Bank assisted National Hydrology Project (Loan No. 8725-IN), which comprise the Statement of Sources and Applications of Funds, Reconciliation of Claims to Total Applications of Funds and Management Assertion letter as furnished by the Project Authority for the year ended 31 March 2017. These statements are the responsibility of the Project’s management. Our responsibility is to express an opinion on the accompanying financial statements based on our audit.

We conducted our audit in accordance with the Auditing Standards promulgated by the Comptroller and Auditor General of India. Those Standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. Our audit examines, on a test basis, evidence supporting the amounts and disclosures in the financial statements. It also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements present fairly, in all material respects, the sources and applications of funds of World Bank assisted National Hydrology Project (Loan No. 8725-IN) for the year ended 31 March 2017 in accordance with Government of India accounting standards.

In addition, in our opinion, (a) with respect to PFS, adequate supporting documentation has been maintained to support claims to the World Bank for reimbursements of expenditures incurred; and (b) except for ineligible expenditures as detailed in the audit observations, expenditures are eligible for financing under the Loan / Credit Agreement. During the course of the audit, PFS and the connected documents were examined and these can be relied upon to support reimbursement under the Loan / Credit Agreement.
This report is issued without prejudice to CAG's right to incorporate the audit observations in the Report of CAG of India for being laid before Parliament / State Legislature.

Audit Observations:

The Project Financial Statement in respect of World Bank assisted National Hydrology Project (Loan No. 8725-IN), for the financial year 2016-17 furnished by the Project Authority disclosed an expenditure of ₹ Nil which is accepted in audit.
