NOTES TO THE SPECIAL PURPOSE PROJECT FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2015
(In US Dollars)

1. BACKGROUND

The Investment Center for Euro-Asian Transport Corridor was established in 1995 as a non-entrepreneurial and non-profit legal entity under the laws of Georgia in accordance with the Georgian Presidential Decree N 119 dated 16 April 1995. The founder of the Investment Center for Euro-Asian Transport Corridor is the Georgian Government.

A project unit named “Transport Reform and Rehabilitation Center” (the “Center”) was formed within the Investment Center for Euro-Asian Transport Corridor. The Center’s principal activity is to manage allocated credits/loans received from the International Development Association (“IDA”), the International Bank for Reconstruction and Development (“IBRD”), the Asian Development Bank (ADB) and the European Investment Bank (EIB) and monitor the implementation of transport sector projects.

The Center implements the Third East-West Highway Improvement Project (the “Project”), financed under the International Bank for Reconstruction and Development (the “IBRD”), Loan Agreement No. 7741-GE (the “Agreement”) in the amount of 147 million United States Dollars (“USD”) that was signed between the Government of Georgia (“GoG”) and IBRD on 18 September 2009 (“inception”). The main objectives of the Project are: to contribute to the gradual reduction of road transport costs and improve access, ease of transit and road safety along central part of the East-West Corridor of Georgia and strengthen the capacity of the Road Department in the Ministry of Regional Development and Infrastructure of Georgia (RDMRDI) and relevant government entities to plan and manage the road network and to improve road safety.

2. ACCOUNTING POLICIES

Statement of compliance – These special purpose project financial statements have been prepared in accordance with the Cash Basis International Public Sector Accounting Standard, Financial Reporting under a Cash Basis of Accounting and in conformity with the World Bank’s Financial Management Sector Board’s “Guidelines: Annual Financial Reporting and Auditing for World Bank-Financed Activities” (the “World Bank Guidelines”).

The purpose of these special purpose project financial statements is to provide information to the Government of Georgia and International Bank for Reconstruction and Development (IBRD) to assist them in evaluating the Project implementation.

Cash basis of accounting - Project financing is recognized as a source of project funds when the cash is received. Project expenditures are recognized as a use of the Project funds on the cash basis when the payments are made.

Presentation currency – The national currency of Georgia is the Georgian Lari (“GEL”). These special purpose project financial statements are presented in United States Dollars (“US Dollar” or “USD”), since management believes that this currency is more meaningful for the users of the special purpose project financial statements. All financial information presented in USD has been rounded to the nearest USD unless otherwise stated.

Transactions in other currencies – Transactions in currencies other than the presentation currency are converted to US Dollars at the exchange rate prevailing at the date of the transaction.

Cash – Cash represents the balances with the State Treasury of Georgia.
3. SPECIAL ACCOUNT

The special account is a designated disbursement account of the Project maintained in US Dollars at the State Treasury of Georgia to ensure the payment of eligible expenditures, within defined limits, which do not require individual authorization from IBRD in accordance with the Agreement.

4. BASIS OF FUNDING

According to the terms of the Agreement, the expenditures of all works, goods and consultant services contracts, including all applicable taxes are co-financed by proceeds received from IBRD and the GoG at a proportional rate of 80% and 20%, respectively.

The land acquisition and associated resettlement costs are funded entirely by the GoG.

5. METHODS OF WITHDRAWAL

The methods of withdrawal used from the inception of the loan to 31 December 2014 were as follows:

(a) Special Account

Transport Reform and Rehabilitation Center withdraws the eligible amounts from the special account and prepares and sends replenishment requests to the World Bank with authorized signatures. The replenishment requests and respective documentation are reviewed by the World Bank and an approved amount is transferred to the special account.

(b) Direct Payment

Available amounts are drawn from time to time within limits determined under the loan agreement for direct payments of eligible expenditures for sub-projects. Direct payments are made by the World Bank directly to third parties. The Center forms withdrawal applications for request of direct payments and sends it to the World Bank, for settlement.

(c) GoG Current Account

The Project maintains a separate account where funds from the Government of Georgia are accumulated. The funds are further disbursed to sub-contractors based on the share of expenditures to be incurred. The Project has a common GEL account and special organization code for their funds in the State Treasury of Georgia.

6. STATEMENT OF EXPENDITURES (SOE)

Withdrawals are to be made on the basis of SOEs for expenses on contracts within the following contractual limits:

(i) All expenditures for works valued at less than USD 1,200,000;
