DETAILS

B. Project Development Objective(s)

The project development objective is to ensure successful conduct of the ICP activities in the CIS region, and to further institute the ICP as a permanent element of the regional and national statistical program, as per the UNSC recommendation. Furthermore, through the conduct of various activities, the project aims to enhance statistical capacity of the CIS NSOs, especially in relation to economic statistics.

C. Project Description

To achieve the development objective and key results, the project comprises the following components and activities.

1. Arrangement of regional workshops

The component involves conducting regional workshops that cover the following topics: i) designing ICP surveys; ii) compiling GDP expenditures; iii) conducting quality assurance; iv) sharing knowledge and best practices relating to production of economics statistics; and (v) promoting the uses of PPPs.

2. Participation in international meetings and conferences

The component aims at ensuring that the national and regional economic statistics and PPP estimates are produced according to the latest methodologies, techniques, guidelines and agreements.

3. Preparation of operational materials and calculation of PPP estimates

The component involves preparing operational materials for conducting ICP activities and producing PPP estimates and related measures.

4. Production of knowledge materials and publications

The component involves production of knowledge materials relating to economic statistics and publications illustrating regional ICP results.
