SCHEDULE 1

Project Description

The objective of the Project is to improve the management effectiveness of selected priority fisheries at regional, national and community level.

The Project consists of the following parts:

Part A: Enhanced Regional Collaboration

1. Enhancing the capacity for management of priority regional fisheries and challenges in the SWIO, in particular:
   
   (a) Collaboration in the management of regional fisheries and challenges, including: (i) developing a regional strategy to increase national and regional benefits from priority regional fisheries, collaborating on trans-boundary living marine resources, and addressing shared challenges; (ii) preparing and implementing core regional work plan; and (iii) developing common regional minimum terms and conditions of access to tuna fisheries.
   
   (b) Improving regional monitoring control and surveillance, including: (i) establishing and upgrading regional fisheries monitoring, control and surveillance capability; and (ii) assisting certain SWIOFC Member Countries’ efforts to update relevant maritime boundaries and fisheries legislation in conformity with international standards.

2. Enhancing regional coordination and collaboration, including:
   
   (a) Developing and consolidating sustainable institutional arrangements to facilitate regional fisheries collaboration, and establishing sustainable regional fisheries institutions, including: (i) facilitating SWIOFC sessions, Regional Steering Committee meetings, and inter-sessional SWIOFC bureau meetings; (ii) preparing a consolidated annual SWIOFC work program; (iii) developing the capacity of SWIOFC to manage regional fisheries challenges; (iv) developing an effective and sustainable regional financing mechanism for SWIOFC work program; and (v) preparing common policy positions for engagement in regional and international fora.

   (b) Strengthening regional knowledge management of priority fisheries and capacity development in technical and scientific services.

Part B: Improved Governance of Priority Fisheries

1. (a) Improving public management and knowledge for priority fisheries, excluding tuna and tuna-like fisheries, in particular:
(i) Strengthening policy, institutional and regulatory framework for management of priority fisheries.

(ii) Strengthening research to determine stock status and key factors affecting status.

(iii) Strengthening statistics and fisheries information systems.

(iv) Strengthening of management, planning and implementation capacity, including the capacity for co-management at the community level.

(v) Implementing effective measures to reduce destructive fishing.

(vi) Strengthening cost-effective monitoring, control and surveillance capability, including carrying out activities in the Recipient’s Internal Waters, which extend up to the straight Baseline from which the Exclusive Economic Zone is measured.

(b) Improving public management and knowledge for tuna and tuna-like fisheries, in particular:

(i) Strengthening policy, institutional and regulatory framework for management of priority fisheries.

(ii) Strengthening research to determine stock status and key factors affecting status.

(iii) Strengthening statistics and fisheries information systems.

(iv) Strengthening of management, planning and implementation capacity.

(v) Strengthening cost-effective monitoring, control and surveillance capability, including carrying out activities in the Recipient’s Internal Waters which extend up to the straight Baseline from which the Exclusive Economic Zone is measured.

2. Improving the performance of public institutions and assets, in particular:

(a) Enhancing the management of fisheries, including improving basic fisheries services, and research.

(b) Strengthening institutional capacity for management of fisheries, including provision of short, medium and long-term leadership training for relevant public and private sector institutions.
(c) Carrying out a knowledge management and learning program on international water issues, including production and dissemination of experience note and result note, establishing and maintaining websites, through the provision of technical advisory services and training (including relevant international and regional conferences and workshops).

(d) Carrying out construction, rehabilitation, or upgrading of strategic research or management infrastructure for priority fisheries.

(e) Improving research and information for policy decisions.

3. Improving information, communication and awareness, including:
   (a) Establishing economic management and monitoring of fisheries.
   (b) Establishing a fisheries sector dashboard.
   (c) Facilitating communication of the Recipient’s fisheries status and management, increase public awareness of economic, social and environmental importance of priority fisheries and marine habitats.

Part C: Increased Economic Benefits from Priority Fisheries

1. Improving business and investment climate, in particular:
   (a) Carrying out the required baseline surveys, diagnostic and other analytical work related to value chains and private sector development to inform specific strategies and investments.
   (b) Facilitating public-private dialogue and related capacity building activities.

2. Expanding opportunities for priority fisheries and value addition, in particular:
   (a) Implementing a village savings and loan program (Village Savings and Loan Program), to create sustainable micro-finance groups, and alternative livelihoods, through the provision of technical advisory services and training.
   (b) Provision of grants (Grants) to eligible Village Savings and Loan Associations to stimulate growth of fishery and related micro-enterprises.

3. Planning and facilitating investment in strategic infrastructure, including:
   (a) Implementing the recommendations of the value chain studies, and carrying out other analytical work to support public-private partnerships (PPPs).
   (b) Carrying out economic analysis and detailed feasibility studies for priority infrastructure investments.
Part D: Project Management

1. Strengthening the capacity of the Regional Project Implementation Unit, and Finance and Procurement Unit for implementation, management, monitoring and evaluation, fiduciary (procurement and financial) management, environmental and social safeguards management, and coordination of Part A of the Project.

2. Strengthening the capacity of the Project Implementation Units for implementation, management, monitoring and evaluation, fiduciary (procurement and financial) management, environmental and social safeguards management, and coordination of Parts B and C of the Project.
SCHEDULE 2

Project Execution

1.  Regional Project Steering Committee

   (a) The Recipient shall:

   (i) at all times during the implementation of Parts A and D.1 of the Project, maintain high level representation and active participation in the Regional Project Steering Committee; and

   (ii) appoint to the Regional Project Steering Committee, and maintain, a representative at the level of the Permanent Secretary responsible for fisheries or other senior official with sufficient decision making authority from its designated Ministry responsible for fisheries.

   (b) Without limitation upon the provisions of Section I.A.1(a) immediately above, the Regional Project Steering Committee shall be responsible for, inter alia:

       (i) reviewing progress made towards achieving the objectives of Parts A and D.1 of the Project; (ii) facilitating governmental and inter-governmental actions that may be required under Part A and D.1 of the Project; and (iii) providing general oversight and policy guidance in the implementation of Parts A and D.1 of the Project.

National level (Parts B, C and D.2 of the Project)

2.  National Project Steering Committee

   (a) The Recipient shall at all times during the implementation of Parts B, C and D.2 of the Project maintain the National Project Steering Committee, with a composition, mandate, functions and resources satisfactory to the Association, as set forth in the Project Operations Manual.

   (b) Without limitation to Section I.A. 2(a) of immediately above, the National Project Steering Committee shall be responsible for, inter alia: (i) providing strategic guidance and ensure effective coordination across ministries, departments and agencies (MDAs) and private sector; (ii) taking key policy decisions to ensure smooth implementation of the Project and achievement of its objective; (iii) facilitating the coordination of Parts B, C and D.2 of the Project, and making recommendations for removal of any obstacles to the
implementation of parts B, C and D.2 of the Project; (iv) reviewing and approving the Project reports prepared by the Project Management Unit; and (v) approving the Grants in accordance with the Project Operations Manual.

3. Project Management Units

(a) The Recipient shall at all times during the implementation of the Project, maintain three management units (the “Project Implementation Units” or “PIU”), all with functions, staffing, resources and responsibilities satisfactory to the Association, as set forth in the Project Operations Manual, including:

(i) the Mainland PIU within the Ministry of Livestock and Fisheries Development with the responsibility for day-to-day management and implementation of the Project activities within the Mainland, and efficient implementation, communication and coordination of said Project activities within the Mainland, with the participating MDAs, the private sector and key institutions;

(ii) the Zanzibar PIU within Zanzibar’s Ministry of Livestock and Fisheries with the responsibility for day-to-day management and implementation of the Project activities within Zanzibar, and efficient implementation, communication and coordination of said Project activities, with the participating MDAs, the private sector and key institutions; and

(iii) the Deep Sea Fishing Authority PIU with the responsibility for day-to-day management and implementation of the Project activities within the EEZ, and efficient implementation, communication and coordination of said Project activities, with the participating MDAs, the private sector and key institutions.

(b) Without limitation to the provisions of paragraph 3(a) immediately above, the respective PIUs shall be responsible for, inter alia: (i) fiduciary (i.e., procurement, disbursement and financial) management, environmental and social safeguards compliance and coordination under the pertinent Parts of the Project; (ii) day-to-day administration of overall planning, coordination, monitoring, evaluation, reporting and communication of the activities under the pertinent Parts of the Project; (iii) monitoring overall progress of implementation on a monthly basis and evaluating performance of the pertinent Parts of the Project; and (iv) acting as the main focal point for communication with technical teams within respective MDAs, all in accordance with the provisions of this Agreement and the Project Operations Manual.
Implementation Arrangements for Parts B, C and D.2 of the Project

B. Anti-Corruption

The Recipient shall ensure that the Project is carried out in accordance with the provisions of the Anti-Corruption Guidelines.

C. Project Operations Manual

1. The Recipient shall carry out the Parts B, C and D.2 of the Project in accordance with the provisions of the Project Operations Manual, containing, *inter alia*, detailed arrangements and procedures for: (a) institutional coordination and day-to-day execution of Parts B, C and D.2 of the Project; (b) procedures and guidelines for budgeting, disbursement and financial management; (c) procurement; (d) environmental and social safeguards requirements; (e) monitoring, evaluation, reporting and communication; and following the procedures for Village Savings and Loan Program; (f) detailed arrangements and procedures for management, supervision, monitoring, evaluation, reporting and communication of Village Savings and Loan Program, including, the eligibility criteria for determining the Village Savings and Loans Associations, and detailed procedures for the selection and approval of the Grants; and (g) such other administrative, financial, technical and organizational arrangements and procedures as shall be required for Parts B, C and D.2 of the Project.

2. The Recipient shall not amend, abrogate, waive or fail to enforce any provision of the Project Operations Manual, without the prior written agreement of the Association; provided, however, that in case of any conflict between the arrangements and procedures set out in any of said manual and the provisions of this Agreement, the provisions of this Agreement shall prevail.

D. Environmental and Social Safeguards

1. The Recipient shall carry out the Project in accordance with the Environmental and Social Management Framework (ESMF) and the Process Framework (PF), respectively, including the guidelines, rules and procedures defined in said ESMF and PF.

2. The Recipient shall, specifically take the following actions in a manner acceptable to the Association, if an environmental and social impact assessment, an environmental management plan, or similar safeguard instrument, or any pest management plan would be required on the basis of the ESMF:

(a) such environmental and social impact assessment, or environmental management plan, or similar safeguard instrument, or any pest management plan shall be prepared in accordance with the requirements of the ESMF,
disclosed locally and furnished to the Association for approval and disclosure; and

(b) where applicable, the pertinent Project activities shall be carried out in accordance with such environmental and social management impact assessment, or environmental management plan, or similar safeguard instrument, or any pest management plan as approved by the Association.

3. The Recipient shall ensure that all measures required for carrying out any environmental and social impact assessment, or any environmental management plan, or similar safeguard instrument, or any pest management plan are taken in a timely manner.

4. The Recipient shall include in the Project Reports referred to in Section II.A of this Schedule, adequate information on the implementation of the ESMF, the PF, any environmental and social impact assessment, any environmental management plan or similar safeguard instrument, and any pest management plan, giving details of:

(a) measures taken in furtherance of the ESMF, the PF, any environmental and social impact assessment, any environmental management plan or similar safeguard instrument, and any pest management plan;

(b) conditions, if any, which interfere or threaten to interfere with the smooth implementation of the ESMF, the PF, any environmental and social impact assessment, any environmental management plan, any pest management plan, or similar safeguard instrument; and

(c) remedial measures taken or required to be taken to address such conditions and to ensure the continued efficient and effective implementation of the ESMF, the PF, any environmental and social impact assessment, any environmental management plan or similar safeguard instrument, and any pest management plan.

E. Village Savings and Loan Program

1. General

The Recipient shall assess, approve, monitor and administer the Grants in accordance with the provisions and procedures set forth or referred to in this Part E and in more detail in the Project Operations Manual.

2. Eligibility Criteria for Village Savings and Loans Associations

No proposed Village Savings and Loan Association shall be eligible for a Grant out of the proceeds of the Financing unless the National Project Steering Committee has determined, on the basis of the assessment conducted by the Managing Firm in
accordance with this sub-paragraph and the guidelines set forth in the Project Operations Manual, that the proposed Village Savings and Loans Association satisfies the eligibility criteria specified below and set forth or referred to in more detail in the Project Operations Manual, which shall include, inter alia, the following:

(a) the Village Savings and Loan Association is established and operating as a micro-finance entity, and has the capacity to enter into a binding contract under the laws of the Recipient, and has met the other eligibility criteria specified or referred to in the Project Operations Manual; and

(b) the Village Savings and Loan Association is considered as “high performing” to obtain one time initial capital of an amount not less than $1000 and not more than $3000, in accordance with the guidelines set forth in the Project Operations Manual.

3. Managing Firm and Administration of the Village Savings and Loan Program

The Recipient shall:

(a) prior to launching the Village Savings and Loans Program, recruit the Managing Firm in accordance with the provisions of Section III of Schedule 2 to this Agreement;

(b) cause the Management Firm to promptly provide, as required, technical advisory services and related capacity building to improve fishing and business skills, and diversification of livelihoods to the pertinent Village Savings and Loans Association; and

(c) cause the Management Firm to exercise the Recipient’s rights and carry out its obligations under the Village Savings and Loan Program in such manner as to protect the interests of the Recipient and the Association and to accomplish the purposes of the Financing.

F. Monitoring, Control and Surveillance under the Project

To facilitate the implementation of the Project, and in particular the monitoring, control and surveillance of its coastal fisheries in a manner designed to achieve the objectives of the Project, the Recipient shall:

(a) In accordance with Section 4.06 of the General Conditions, ensure that all goods, works, services and operating costs financed out of the proceeds of the Financing are used exclusively by civilian authorities for the purpose of the Project, and not for any military purpose, or for any criminal investigation, prosecution or proceedings, or for any other purposes unrelated to the objectives of the Project.
(b) Each surveillance mission carried out by the Recipient shall be:

(i) governed by detailed protocols prepared in accordance with terms of reference satisfactory to the Association, requiring that such missions be: (A) under the operational command or authority of a civilian fisheries officer; and (B) conducted during a specific time period that is duly recorded and documented; and

(ii) conducted by personnel who has been properly trained in the operation of any equipment used in the surveillance mission.

3. The Recipient shall ensure that all monitoring, control and surveillance activities carried out under the Project are audited periodically by an independent expert, whose qualifications, experience and terms of reference are satisfactory to the Association. To this end, the Recipient shall take all measures required on its part, including provision of all information required and access to all relevant sites, to enable the Independent Expert to conduct the required audits.

Section II. Project Monitoring, Reporting and Evaluation

A. Project Reports

The Recipient shall monitor and evaluate the progress of the Project and prepare Project Reports in accordance with the provisions of Section 4.08 of the General Conditions and on the basis of indicators acceptable to the Association. Each Project Report shall cover the period of six calendar months, and shall be furnished to the Association not later than forty-five (45) days after the end of the period covered by such report.

B. Financial Management, Financial Reports and Audits

1. The Recipient shall maintain or cause to be maintained a financial management system in accordance with the provisions of Section 4.09 of the General Conditions.

2. The Recipient shall prepare and furnish to the Association not later than forty-five (45) days after the end of each calendar quarter, interim unaudited financial reports for the Project covering the quarter, in form and substance satisfactory to the Association.

3. The Recipient shall have its Financial Statements audited in accordance with the provisions of Section 4.09(b) of the General Conditions. Each audit of the Financial Statements shall cover the period of one fiscal year of the Recipient. The audited Financial Statements for each such period shall be furnished to the Association not later than six (6) months after the end of such period.
4. **Specific Financial Management Covenant**

The Recipient shall, not later than six (6) months after the Effective Date, in form and substance satisfactory to the Association, purchase QuickBooks accounting software, and customize its chart of accounts for the Project.

**Section III. Procurement**

A. **General**

1. **Goods, Works and Non-consulting Services.** All goods, works and non-consulting services required for the Project and to be financed out of the proceeds of the Financing shall be procured in accordance with the requirements set forth or referred to in Section I of the Procurement Guidelines, and with the provisions of this Section.

2. **Consultants’ Services.** All consultants’ services required for the Project and to be financed out of the proceeds of the Financing shall be procured in accordance with the requirements set forth or referred to in Sections I and IV of the Consultant Guidelines, and with the provisions of this Section.

3. **Definitions.** The capitalized terms used below in this Section to describe particular procurement methods or methods of review by the Association of particular contracts, refer to the corresponding method described in Sections II and III of the Procurement Guidelines, or Sections II, III, IV and V of the Consultant Guidelines, as the case may be.

B. **Particular Methods of Procurement of Goods, Works and Non-consulting Services**

1. **International Competitive Bidding.** Except as otherwise provided in paragraph 2 below, goods, works and non-consulting services shall be procured under contracts awarded on the basis of International Competitive Bidding.

   (a) **National Competitive Bidding,** subject to the following additional provisions:

   (i) In accordance with paragraph 1.16(e) of the Procurement Guidelines, each bidding document and contract financed out of the proceeds of the Financing shall provide that: (A) the bidders, suppliers, contractors and subcontractors shall permit the Association, at its request, to inspect their accounts and records relating to the bid submission and performance of the contract, and to have said accounts and records audited by auditors appointed by the
Association; and (B) the deliberate and material violation by the bidder, supplier, contractor or subcontractor of such provision may amount to an obstructive practice as defined in paragraph 1.16(a)(v) of the Procurement Guidelines.

(ii) There shall be no preference accorded to domestic suppliers and contractors.

(b) Shopping; and

(c) Direct Contracting.

C. Particular Methods of Procurement of Consultants’ Services

1. Quality- and Cost-based Selection. Except as otherwise provided in paragraph 2 below, consultants’ services shall be procured under contracts awarded on the basis of Quality- and Cost-based Selection.

2. Other Methods of Procurement of Consultants’ Services. The following methods, other than Quality and Cost-based Selection, may be used for procurement of consultants’ services for those contracts which are specified in the Procurement Plan: (a) Quality-based Selection; (b) Selection under a Fixed Budget; (c) Least Cost Selection; (d) Selection based on Consultants’ Qualifications; (e) Single-source Selection of consulting firms; (f) Procedures set forth in paragraphs 5.2 and 5.3 of the Consultant Guidelines for the Selection of Individual Consultants; and (g) Single-source procedures for the Selection of Individual Consultants.

D. Review by the Association of Procurement Decisions

The Procurement Plan shall set forth those contracts which shall be subject to the Association’s Prior Review.

All other contracts shall be subject to Post Review by the Association.

Section IV. Withdrawal of the Proceeds of the Financing

A. General

1. The Recipient may withdraw the proceeds of the Financing in accordance with the provisions of Article II of the General Conditions, this Section, and such additional instructions as the Association shall specify by notice to the Recipient (including the “World Bank Disbursement Guidelines for Projects” dated May 2006, as revised from time to time by the Association and as made applicable to this Agreement pursuant to such instructions), to finance Eligible Expenditures as set forth in the table in paragraph 2 below.
2. The following table specifies the categories of Eligible Expenditures that may be financed out of the proceeds of the Financing ("Category"), the allocations of the amounts of the Credit to each Category, and the percentage of expenditures to be financed for Eligible Expenditures in each Category:
