Amendment to the Program Contribution Agreement between the United States of America, acting through the United States Agency for International Development ("USAID") and the International Bank for Reconstruction and Development and the International Development Association ("Recipient") (Multi Donor Trust Fund for the Ethiopia Productive Safety Nets Partnership) (TF055287)

We refer to the Program Contribution Agreement (the "Agreement") between the International Bank for Reconstruction and Development and the International Development Association (the "Recipient" or "World Bank"), and the United States of America, acting through the United States Agency for International Development ("USAID") (the "Donor"), dated March 20, 2012, for the above mentioned Multi-donor Trust Fund ("MDTF"). We also refer to a recent discussion between the World Bank and USAID for USAID's additional contribution of US$1,400,000 for the MDTF activities.

We, therefore, propose to amend the Agreement as follows:

1. Paragraph IV of the Agreement is revised to read as follows:

   "IV. USAID Grant: Pursuant to its authorities under the Foreign Assistance Act of 1961, as amended, USAID hereby grants to the Recipient USD $2,200,000 to be expended as described in this Agreement."

2. On page 5 of the Agreement, USAID's program contribution fiscal data has been revised to read as provided in the Annex to this amendment letter.

All other provisions of the Agreement, except amended herein, will remain in effect.

Upon receipt by the Recipient the copy of this amendment countersigned, this agreement amendment will become effective as of the date of countersignature.

CONFIRMED AND AGREED:

For the World Bank: For USAID:
